THE STATE DEBT.

In our last we stated that we should this veck hotice some of the falsehoods published in the "Reporter" of this place, in relation to the State Debt. That paper of the 20th inst. reiterates its assertions that Governor Ritner has increased the State Debt \$5,596,416, and that at the end of the present financial year it will amount to \$30,551,852,32.

More infamous falsehoods than the foregoing on the same subject, were never ut-tered. What are the facts? Why, acmounted to \$24,955,435 56, and the report of the Auditor General, (Mr. Hobert's) for the financial year ending 31st of Octo-ber, 1837, shows it at that time to have BE IT REMEMBERS that the Porter Convention been \$24,921,924 14—LESS BY \$33,which assembled in Harrisburg on the 4th of July,

We are told that the Dauphin delegation alone comprised a large number of professed and secret gamders, among whom was the celebrated Spayd, who is said to have fleeced one of our representatives a fewwinters since. The gamblers every where throughout the state are almost unanimously for Porter, as they have a fellow feeling for the horse racer and the ockey, and hence their noise about betting on him.

A MISERABLE EXPEDIENT .- The Harrisburg Intelligencer says, that as soon as it was rumored there, that Gov.
