Decidedly Whig. Of the vote for Governor, the returns were only from 46 counties. These gave DUDLEY an aggregate majority of near 13,-000 votes. In announcing the foregoing results the Raleigh Register expresses itself in the following animated and cheering

terms: It is with feelings such as we have rarely experienced, that we announce the important fact that North Carolina, too, has cast

After a fight of war to the knife, and the knife to the hilt, victory has perched upon the Whig banner, under the glorious-folds which so many gallant States have taken shelter. Make way, then, for us, and proclaim to the utmost verge of the Union, that NORTIN CAROLINA HAS ELEC-TED A WHIG GOVERNOR! A WHIG adjoining county, upwards of ONE THOUSAND of SENATE!! The battle has again been fought in the "Hoozier"-State, and victory, the most triumphant and glorious, has again perched upon the standard of the Whigs. They have routed the enemy, "horse, foot and dragoons." Our proul young sister has. put forth her whole strongth, and taught the enemies of our free-institutions-a lesson they will not soon forget. Indiana battles. like a giant, though scarcely yet arrived at manhood. ... I'here is not a truer or more unflinching Whig State in this Union .-She is Whig to the very core.

In thirteen Senatorial districts heard from, the Whigs have elected ten Senators and the Locofoces four! This majority added to the Whig majority among those heretofore elected will give an aggregate majority in the Senate of 10! Two more districts to hear from. In the House, the Whigs have a triumphant majority. Out of 77 elected from 50 counties, there are 51 Whigs and 26 Locofocos-a majority of 26! The House is composed of 100 members, and if the Whigs were to lose the entire 23 yet to hear from, they will still have a majority of two, So far, upon joint ballot, it is 35! In these times we are used to victory, but such total routing of the enemy as this, we were not prepared to expect. We hope Missouri and Ilkinois have, imitated the example of our neighbor friends, and then we shall enjoy the proud consolation of seeing the whole West stand out amongst the "unbought, unseduced, unterrified-a consummation most devoutly to be wish-· · · · · ed." -TEACHERS WANTED.
