THE TICKET .---- We place at the head of our columns to-day, the ticket formed in -county convention by the friends of Joseph Ritner and opponents of Martin Van Buren. We place it at our mast head with pride and pleasure, and confidently predict that it will be successful, or at least a portion of it, as our friends are zealous in the cause, and our opponents distracted and divided. \* It is one will support with all their might, inasmuch as it is the strongest that has been presented to them for some years. In our next, we shall speak of the merits and qualifications of the different condidates at some length,

and give our reasons why they should receive the votes of the people in preference ' to their loco foco opponents.

During our absence at the Pittsburg til the second 'Tuesday of October next, Convention, several letters and communi- and a glorious victory awaits us. We have

If we ever entertained a doubt of the re-election of Gov. Ritner, our visit to the western part of the state, and the size and enthusiasm of this convention, at once dispelled it. STR--- 'A Van Buren Democrat' asks the favour o you to permit him, through your columns, to express the democratic county delegation on Tuesday the 4th inst. This is a fair test, ready, without possessing. a single qualification for and we unhesitatingly make the same offer a legislator, except that he can say yea or nay as the case may be. Col. 'The reader, by referring to the ticket in this day's paper, will perceive that we have divested the gentleman of his "borrowed plumage," And there are scores of democrats who, being equal and he now puts his best leg foremost and ly disgusted with the public course of Col. them far superior to him in all respects? How, the it will be asked, did he receive the nomination in pre ference to all the other candidates? Simply because his son is one of the publishers of the Volunteer, and the other is believed to have exercised his influence

for him in secret; for he was seen tampering with one of the delegates on the stairs leading to the hall immediately after the second ballot was taken, which resulted in a tie between Dr. Foulke and Cornman, each having 16--- and as soon as that delegate returned to the hall, the third ballot was taken, and Cornman received a large majority over Dr. Foulke!!! From these plain facts, the people can draw their own con

lusions, and act accordingly. With regard to the defiance which the editor of the olunteer hurls at those democrats who will not nor annot support John Cornman under the glaring an ageous circumstances of the case, we look upon it as the raving of a petty demagogue and upstart, who has been long yearning after some of the 'spoils' of office, and who vainly imagines that he can drive us into the traces by his arrogant and insolent course! But we can tell this blustering dictator, that, no matter whether he denounces us as 'open' or 'secret enemies,' we have got the right kind of materials, not only in this borough, but throughout the county, to de-Teat his candidate for commissioner, and are waiting patiently for an opportunity to do so. We have not only the materials and the disposition to reduce John Cornman once more to his proper level, but also to umble the arrogance and dictation of the editor of the Volunteer, who is yoin enough to think that he is the grand pivot round which the whole party should evolve! Unless we do this at the approaching elec tion, our delegate elections will be mere farces, and the generality of our delegates mere puppets, who will have nothing to do but to register the edicts of a little unprincipled cabal in Carlisle, as was the case on the A PORTER DEMOCRAT. 4th inst.
