Because, by his veto of the Mammoth Improvement bill of 1837, a pernicious system of Log Rolling was defeated, and the commonwealth saved from an additional debt of forty millions...

The chairman of the above committee, Mr. Cooper, of Adams, offered the following resolution, which was adopted. Resolved, That the committee appointed to prepare an address to prepare an address to the Young Men of Pennsylvania, not having time to prepare said address before the time at which it was desirable that the convention should adjourn, be permitted to prepare and publish said address after the adjournment of the convention.

Resolved, That this Assembly will oppose the election of David R. Porter. 1. Because, he is the candidate of the Van Buren and Loco Foco party, and bound, if elected, to enforce and carry out their wild and unprincipled measures. 2. Because, the party which nominated David R. Porter abandoned the sage maxim of Thomas Jefferson, and selected as their candidate for Governor a man who is neither honest, capable, nor faithful to the Constitution. 3. Because, the proofs of his dishonesty and fraudulent intolerance, as exhibited by evidence irresistible and conclusive, connected with other incidents which have marked the character of David R. Porter, show that in private life he does not sustain an unblemished reputation, whilst his public career presents no one act that should claim the consideration or respect of an intelligent people. 4. Because his course in the State Senate has been distinguished only for its inconsistency and want of prudence, at one time voting for the Mammoth Improvement bill, which was vetoed by Gov. Ritner, and which would have plunged the State into irretrievable debt; and then voting against the judicious improvement bill of the last session, which was intended by its wise and moderate provisions to promote the public prosperity by finishing the improvements already begun, and repairing the state and turnpike roads of the commonwealth. 5. Because, he has shown himself to be the enemy of the poor man—in the theory by voting against the bill to repeal the State tax on judicial proceedings, as recommended by Gov. Ritner, and in practice, by refusing to pay the honest laborer his hire. And lastly, because in view of these and many other considerations which may be urged we would view the election of David R. Porter to the office of Governor of this commonwealth, as a lasting disgrace to the people of Pennsylvania. Resolved, That we caution our fellow citizens to be on their guard against the arts and manoeuvres of the office-holders and agents of the Federal Government who are now so actively interfering in our state elections, and who, it is firmly believed, have been supplied with money out of the National Treasury to defeat the election of Joseph Ritner. Resolved, That as the cause of Joseph Ritner, is not only the cause of the Young Men; but of the whole People, we call upon our friends, both young and old, throughout the commonwealth, to buckle on their armor, to be up and doing, so that on the 2d Tuesday of October we may give a triumphant majority for the Washington County Farmer. Mr. Cooper, of Adams, then addressed the Convention, and was followed by Mr. Wats of Pittsburgh. Mr. Smyth, of Indiana then spoke, and the Convention adjourned to meet again at 8 1/2 P. M. Afternoon, 3 1/2 o'clock, P. M. On motion of Mr. Arthur, of Huntingdon. Resolved, That the committee on resolutions constitute a committee on Finance, to receive contributions to defray the expenses of the Convention. Messrs. Ford, of Lancaster; Benedict, Huntingdon; M. Gehan, Cambria; and Elder, of Pittsburg; severally addressed the Convention. The chair announced the following committee to prepare an address to the people of Pennsylvania. WM. HEISTER, President. of its affairs has brought difficulty and distress upon every portion of our country; and while we cherish the same great principles, with our Whig brethren at a distance, animated and encouraged by the noble stand which they have taken against national usurpation and misrule;—desire to be co-workers with them in the glorious work of reform, until government shall be freed from the corruptions which mar its beauty, and stand forth in primitive purity and grandeur. Resolved, That as citizens of Pennsylvania we feel proud in being recognized as the friends and supporters of the honest, intelligent, and upright patriot, Joseph Ritner, because we believe the dignity and prosperity of our state are intimately connected with the selection to the office of Governor—because, in the general outlines of his administration, we have seen the principles which we cherish and advocate, carried out into practice;—because he has fearlessly vindicated Pennsylvania's rights and interests, in opposition to the impudent interference of the powers at Washington;—because by prudent and skillful management of the fiscal concerns of the State, he has been enabled vigorously to prosecute the works without increasing the State debt;—because, to his instrumentality we are mainly indebted for the general and simultaneous resumption of specie-payments by the banks;—because he has been the steadfast friend and advocate of education and the general diffusion of knowledge amongst all classes of the community;—because his moral character is pure and unblemished, his public as well as private life unspotted;—because his reelection will be hailed as a triumph over our country as the triumph of Whig principles; and because, in putting an end to the foolish and baneful experiments of the General Government—and, finally, because he is the candidate of the people, chosen from amongst them, devoted to their interests, and identified with their cause. Resolved, That as opponents of the General Administration, we cannot consistently give our support to David R. Porter for the office of Governor—because he has strictly identified himself with the policy of that administration, which we condemn; advocates its ruinous experiments; sanctions its daring abuse of power; its reckless extravagance; its wanton expenditure of the public treasure; its cold and heartless indifference to the wants and interests of the people; and stands pledged to uphold and support all its obnoxious measures, and anti-republican doctrines and unsound principles;—and because, if he is elected, it will be claimed as an Administration triumph; the hopes of our Whig brethren will be discouraged; their efforts paralyzed; and unparallelled exertions will be made by Loco Focos of other States to carry their elections, for the purpose of fastening the odious Sub-Treasury system and policy upon the country. Resolved, That independent of these considerations, which are weighty, and in themselves sufficient to elicit our determined opposition, we cannot support him, because he has been an office-holder for the last twenty years, and has never been the author of a single measure, calculated to advance the interest and prosperity of the state;—because he has never done any act which would entitle him to lay claim to the character of an intelligent and enlightened statesman; nor to any character except that of an artful and intriguing demagogue;—because in point of talents, sound and fearless expression of opinion, and moral and political integrity, we believe him to be inferior to his opponent, Joseph Ritner, and finally, because he only who is honest and faithful in a few things, should be made ruler over many. Resolved, That we heartily approve of the tickets formed by the Whig Convention of Cumberland and Franklin counties;—believing them to be constituted of men distinguished for moral worth and integrity, warmly devoted to the interests of the people, and eminently qualified to discharge efficiently the duties of the offices for which they have been put in nomination;—and that our approval may consist, not in words only, but in actions also, here, by pledge ourselves to use every honorable means to secure their election. Resolved, That the proceedings of this meeting be signed by the officers and published in all the papers in Franklin, Adams, and Cumberland counties, friendly to the Whig cause. On motion the meeting adjourned. (Signed by the officers.) SOUTH MIDDLETON IN MOTION!! "RITNER & SPECIE, OUR WATCH-WORD!!" Pursuant to previous notice, one of the largest meetings ever known in South Middleton township, was held on Saturday evening the 15th of September, at the public house of Capt. Alexander, in Paper-town. The meeting was organized by the appointment of JAMES GIVEN, President, BALTSER KUNKLE, J. WEISE, THOMAS PAXTON, WILLIAM GRAHAM, ALEX. SEARHEAD, Esq., RICHARD CRAIGHAD, Jun., SAMUEL JOHNSON, JAMES BIRKHEAD, JACOB BURKHOLDER, JOHN BAKER, JACOB LAMNER, Vice Presidents. William Mullen, Richard Craighad, Sen., George O'Donnell, John W. Craighad, Secretaries. On motion it was Resolved, That a committee of nine be appointed to draft a preamble and resolutions expressive of the sense of the meeting. The following persons were appointed to compose said committee. Samuel Given, Andrew Curry, Steward McGowan, John Benneman, William Weise, Gilbert Searlight, Jun., Adam Kenower, Peter M'Glaughlin, and Peter Diller. Samuel Given, from the Committee, reported the following, which were unanimously adopted: Whereas, we are now in the midst of a very important political conflict, which loudly calls upon every friend of his country and his country's liberties, to speak out boldly and manfully, and not disguise his sentiments, inasmuch, as the success of the party against whom we are arrayed will endanger if not entirely destroy our dearest rights and render us the slaves of despotism rather than freemen: And whereas, it is right and proper that we should see the pretensions of all intriguing politicians, who are self-interested and give our undivided support to the men who will best support the individual happiness and general prosperity of our growing Commonwealth; Therefore Resolved, That we heartily approve of the measure of the administration of our worthy Governor, Joseph Ritner, by which the State Taxes have been repealed—the State Debt reduced—and a return to a specie currency effected. Resolved, That we cannot and will not support David R. Porter, because we believe him devoid of moral and political honesty, and that his election would be attended with consequences the most disastrous to the true interests of the Keystone State. Resolved, That we have no confidence either in the talents, the principles, or the political honesty of such base ally as David R. Porter and William S. Ramsey; their identity with Van Buren Loco Focoism and that cursed system, the Sub-Treasury, are in direct opposition to the best interests of the people. Resolved, That, as all genuine Republicans should do, we will use all fair and honorable means to secure the reelection of our former Governor, Joseph Ritner, in whose past course we have sufficient evidence that he is the people's candidate, and devoted to their interests. Resolved, That the proceedings of this meeting be signed by the officers and published in the newspapers of the county favorable to our cause. (Signed by the officers.) Loco Foco Clamor. The Huntingdon and other papers, and the Loco Foco bar-room politicians, are raising a wonderful clamor, because, they say, that the present Administration does not employ men in its service who are opposing and attempting to overthrow it. Let us examine into the facts, and then into their propriety. It is said that those who receive "contracts" now are generally Ritner men. This, we believe, to a considerable extent, is true, although by no means to the exclusion of honest and capable Porter men, many of whom have received contracts at the late lettings. The reason is obvious: The Porter men are generally EXTRAORDINARY BIDDERS. Having been accustomed, during Wolf's administration, to make large fortunes out of the public works, they cannot now bring down their bids to an honest price, and are, consequently, underbid by Ritner men, who were never allowed to be contractors under Wolf's administration; or if they were, it was at very reduced prices. It is true, in several instances, Loco Foco have bid at prices so small as to make it appear that they intended never to be paid for the work, but only to delay it and cause re-letting. These are what are called political bids, and are never regarded by any party. We learn that one or two instances of this kind (fair samples of them all) took place at Columbia, at the lettings to lay the Rails on the Inclined Plane. Col. Boggs, a respectable Innkeeper, but rank Loco Foco, of that place, bid for three sections at what was known to be less than one-third of the real value. They were allotted to him, and he was required, before the Commissioners left town, to sign a contract to do the work or pay the loss on re-letting. He desired half an hour to consult his partners, as he said. The time was granted him, but he did not sign, and the work was allotted to bona fide bidders at fair prices. The same thing occurred with G. M. Louman, in bidding for the Depot. These are given merely as samples of practices of the Opposition in their attempts to retard the public works; and if the Canal Commissioners did not exercise a sound discretion with regard to them, nothing would be seen but lettings and re-lettings. But certain foremen on the works complain that they were discharged (of the "Huntingdon break," because they were for Porter—a fellow by the name of Gibbons, being foremost. We have inquired and find that this same Gibbons, so far from being a Porter man, was a staunch Anti-Mason, and came recommended by such of the "Old Guard" as Mr. Penn and others. He continued a firm friend of Mr. Ritner until he was discharged. But he presumed upon his political fidelity, and neglected his work, seldom appearing among the laborers (whom he was superintending) until very late in the morning. His Anti-Masonry did not atone for his idleness, and he was discharged. He is now a persecuted Porter man. Several laborers were found equally idle, and some rather too filthy to be endured by their industrious and cleanly companions—it was not safe to sleep in the same bed with them by those who were not fond of vermin. They were discharged, and are now "Porter Martyrs"! Why! the Loco Focos would have us believe, that we must employ every idle, lousy vagabond, if he hurrah for Ritner! and if we do not, it is "persecution for conscience' sake"! And the discharged vagrant turns in for Porter, and is hugged, and kissed, and boarded, (would he were washed too!) by Porter Demagogues! But it is said that Contractors on the Gettysburg Extension, who support Ritner, will employ none who support Porter. Suppose, for the sake of argument, this were so, is it right or wrong? The Porter papers, throughout the State, by regular concert, have made the Gettysburg rail road their point of attack. They oppose Gov. Ritner, because he does not oppose this road. They support Mr. Por-

ter, because he does; and, as they say, will oppose it. If Porter succeeds, the work is abandoned after the expenditure of half a million of dollars on it. The votes of the citizens of Adams county will have even more weight than a like number elsewhere, as expressing the opinion of its utility of those most interested in it, and who have the best means of information. Every workman, boss or laborer on the road, who votes for David R. Porter, VOTES DIRECTLY AND EMPHATICALLY FOR STOPPING THE WORK AND RUINING HIS EMPLOYER. Would it be reasonable—would it be right—would it not be an act of guilty suicide for any Contractor to employ, feed, clothe and sustain any man whether on the work or off it, thus to destroy him? This is asking too much of human nature. Here is no great political principle involved which is to be sacrificed or sustained to gratify the Contractor. That would not be expected. It is a simple question forced upon us by the Porter men, whether the Gettysburg Extension shall be abandoned, and become in its ruins, a monument of political hatred and villainy; or whether it shall be sustained LIKE ALL OTHER USEFUL PUBLIC works, and afford the Contractors a fair compensation for their honest labor. They would be idiots, indeed, to hire men to RUIN THEMSELVES! As well might a Farmer pay a laborer high wages for setting his barn on fire! It would be as much "persecution" for him to turn off his carpenter whom he caught saving his girders, rafters or posts under that the building way fall! But this cry of "persecution" comes with a loud grace from a party that habitually practices it!—Does any man believe that if David R. Porter is elected Governor, he will not turn out of office and employment all those who differ from him in political opinions—who are not of his party? Why are the Loco Focos attempting to turn Joseph Ritner out of office except for opinion's sake? Is this not equally "persecution"? Why is every Anti-Van Buren Post Master discharged by these tolerant howlers? Why were such men as William Johnson, Maxwell Kinkaid, Jacob Birkholder and a hundred other high-minded pure men, turned out of office? Why, because they were of another party?—were not Porter men? Is the Anti-Masonic party the only one which is forbidden to take care of its friends? Must they feed and clothe the enemy, and let their own throats starve? Few would stay in such a camp. The Van Buren "spooks" party would be much preferable; for they could enjoy all the leaves and fishes when they were in power, and receive at least an equal share from the magnanimity of their opponents when out of power! But it is said to be right to turn your political opponents out of all the large offices and put in your friends; but wrong to carry it into practice with the smaller offices and laborers! From this doctrine we totally dissent. If either are to be neglected, let it be the Great Men—the High Officers; but take care of the poor men, the laborers, who have but little opportunity of acquiring influence in high places. We have done with our answer to Loco Foco clamor. We have said fearlessly what we think. We know that the Porter men have employed Agents with the money of the General Government to go along the public works of Pennsylvania, and attempt to set the honest men there engaged against the administration that employs and pays them. We believe all their efforts will be in vain. The honest Laborer and Mechanic is never ungrateful. Such corrupt and cringing emissaries as the Loco Foco agents will find their account in keeping at a respectful distance from those who know their own masters, and who do not wish to be disturbed in their daily employment of providing for themselves and families.—Gettysburg Star.
