nnsylvania so cheering as are those of the friends of JOSEPHRITNER. From every section of the comonwealth---from the north, the south, the east, and the west-all the intelligence we receive is perfectly agreeable. We hear daily of individuals --- of neighborhoods --- of townships --- and even of whole counties, where changes in favor of the Old Farmer have been brought about. Every day we see the names of undreds of persons who publicly declare, that they ave heretofore opposed Joseph Ritner; but that, being mpressed with a knowledge of his superiority, both n a moral and political point of view, over his opponent, they will now give him their hearty support. All the changes we hear of are in one direction---in favor of JOSEPH RITNER. In every quarter, ALL re entirely confident of SUCCESS, and nothing now but the neglect of our friends to do their duty can prevent a GLORIOUS VICTORY. Let activity, then limate every one, and our majority will be swelled to THOUSANDS. TUESDAY AFTERNOON, SEPTEMBER 25, 1838.

The manner in which the nomination of this gen leman for congress has been received by the people, WILL HIABBUSON. s highly encouraging to our hopes of his election Mr. Watts is extensively known throughout the district, as a man of fine talents and cultivated mindas a good citizen, an honest man, and one in every way qualified to fill the situation which his fellow ci tizens wish to impose upon him. It would be a crodit to this district to have a representative possessed of Mr. Watts' character and talents, whose opinions would command respect in the councils of the nation FREDERICK WATTS, ESQ. and whose influence would extend further than the mere force of a 'yea' or 'nay.'

"The Volunteer denies that there is any misunderstanding between Col. M'Clure and Cint.
