### .. J MACHINES, -- -- METABON TELEGACO STREET Morse Power.

THE great encouragement which the subscribers received during the last year in the sale of their Michigan, induced them to make extensive preparations to make the increased demand for their article. No time, labor or expense has been spared to procure the very best practrains the country car afford. Their workman are experienced and of the first character, and they have no hesitation in assitying the Farmer's that they are now able to furnish them with an article, not only equal but deededly superior to lany other manufactured in this part of the country.

For speedy and eledth threshing, with ease to the lorses, they believe their Machine to be usequalled. Their price is the same as last year, viz: 740 dollars in each and the balance in six months, for which a note will be required. The machinea are insured fore-well we monthly, or until they shall have threshed two thousand bushels of grain. They have now several machines and ready for sale, and will at all lignes be ready to furnish them on the shorted notice. Orders from a distance will be punctually intelliged to. For the trifling sum of FOUR 1014 LARS, in addition to the price of the Machine and Power, they furnish the farmer an addition that will enable him to shell his Cloverseed.

The subscribers being desirous of publicly countered to the country of the countr

sumption.

Sumption.

Bills of direction accompany each bottle of the symptoms in the different stages of these distressing diseases; also particular directions respecting Diet and Regimen, and how patients are to conduct the short fitten the sum in March last. During that period I threshed about fifteen thousand bushels of wheat, ye and oate. My expense for repairs of both the Machine and Horse Power, util too xeceed five dollars, and when I sold them, (which was in interesting and them allowed them are prefectly sound and substantial, and upon a close examination, I could not discover that the cogs had worn in the slightest degree. I had, for several years previous, been engaged in threshing with three different kinds of machines, which if fully tried, and I utiliesifatingly certify that for durability, service and speedy and clean threshing, I have never used or seen any that, in my opinion, will at all compare with the one I had last year, unless it be one of the same kind.—If attention is given to the machinery, it appears to me almost impossible for any part of them to get out of order.

May 17, 1838.

Light year, purchased two of the threshing machines and by Samuel Wilson, Shippensburg.

November 5, 1838—1y.

May 17, 1833.

I hast year, purchased two of the threshing machine of J. E. Brady & Co. (one of which I still hage,) and fully tested them. For speedy and clean threshing, they are, certainly, a superior article, and one that is of great service to the Farmer. I consider it the best particle of the kind I have ever seen in this part of the country. I take great placeurs in recom-

# Our Globe Illustrated.

THIS work is published in weekly numbers, 52 of which will form a splendid volume. Each number will contain two beautiful Steel Engravings, and about cight pages of description. It is of a quorto size and is much cheaper than any work of the kind ever offered for sale. Our Globe Illustrated is intended to be what its title implies; a view of the most important and beautiful parts of the whole world, which will be presented to the mind under the two-fold form of handsome engravings and interesting descriptions. It is made so very cheap, because the publishers hope to sell a very large edition, and therefore accommodate families which consider economy an important object. Our plan is to give as great a variety as possible. We do not think it well to athere to Switzerland, or England, (as some other publishers of Views do.) till that country be completed, but we pass from one part of the world to another, in such a way as to exceed the contract of the world to another, in such a way as to exceed young persons to gain a general knowledge of the Orphan's Court, in and for said country. excite young persons to gain a general knowledge of the History and Geography of the World. A judi-cious parent or teacher will find that cach one of our prints will furnish him with the means of giving a large lesson to his pupil.

prints will, turnish min with the means of giving a large lesson to his pupil.

When we state that more than Fifty Thousand Dollars has already been expended upon the work, it will be apparent that great expectations have been formed of its success. Ordered have for some me been received at the rate of twenty new subscribed taken into consideration—the facility which it affords in teaching geography and history; (and in this point of view we consider mainly its tendency to implant a large of these studies.)—it strongly recommends itself to families and schools. It will have a very beneficial effect in cultivating that love of the Fine Arts, which to some extent exists in all minds, and we hope will contribute to the formation of a correct taste in parts of the country where specimens of engraving are not readily to be found. Some of the early numbers were not well translated, but such arrangements hers were not well translated, but such arrangements have been made to remedy this defect, that no complaint can hereafter arise.

CPSubscriptions received by GEO. M. PHILLIPS, at the Herald & Expositor Office, Carlide, Pa. where the work may be examined. November 18, 1838.—tf.

(ENTINELY VEGETABLE,)

mad fully tested them. For spredy and clean threshing, they are, certainly, a superior article, and one that is of great service to the Farmer. I consider it the best-raticle of the kind I have ever seen in this part of the country. I take great pleasure in recommending it the Farmer.

May 1, 1838.

I certify that Mr. Andrew Davison and I purchaed, last November, one of J. E. Brady & Co's threshing machines, which we fully tested, having threshed wheat, rye, oats and clover seed on it. I am fully satisfied that it is preferable to any other I have seen in operation, and it is an article that will repay the Farmer amply, for its price. It threshes clean, is not liable to get out of order, and is, upon the voice, an article that I can, with great confidence, resommend to the Farmer.

ABRAHAM S. DAVISON.

## TO HONEST CITIZENS. What do Druggists prove by making and selling Counterfeit Pfils purporting to be Brandreth's Vegetable Uni-· versal Fills

1st .- That they are without HONEST and HONORAsize principles.

2d.—That no other medicine is required by the public; or why do not these druggists counterfeit public; or why do not these druggists counterfeit other pills in the same way they do Brandreth's?—Simply because no others save Brandreth's Vegetable Universal Pills ever effected the extraordinary cures that these Pills are known—UNIVERSALLY KNOWN—to have effected.

There never was a person who used the VEGETABLE UNIVERSAL PILLS,

Who did not recommend them in terms of out; and even then will be taken in part pay for new ones.

The following named persons are among those who have purchased and used the above Ploughs during the last season, to whom Farmers are referred for information respecting them, viz:

Ilimilion tournship.—Bhilip Winters, John Armstrong, Samuel Strickler, John Little, Henry Betz, William Slyder, Philip Miller, Mr. Ashway, John Kunes, Emion Elliott, Esq.

## August 8, 1838,--1v. LOUCR'S Famous ure for the Rheu-

matism and other Pains. MUCH need not be said in relation to this wonderful remedy, as the proprietor, fiels confident that when applied, it will, as can be provery by the number of respectable persons, effect an entire care of the Rheumatic and other pains. It had not until lately been his intention to make is public; but by the request applications of his neighbors, and the wonderful cares it has effected; he feels it a duty he owes to society as well as to himself, to make it more generally known, and at the same time have it put, a near as he can within the reach of all who may be afflicted with that painful disease.

as he can within the reach of all who may be afflicted with that painful disease.

Hundreds of names could be published of persons who have been cured by this celebrated medicine, but the following are selected from the mass, as being amply sufficient to attest its powers.

John Srove, David Bender, Jacob L. Nagle George Fisher, John Alsbaugh Christian Organ, J. Diffenbaugh, Jacob Worlich Henry Alsbaugh J. Diffenbaugh, Jacob Miers. P. Lindemuth, two gets.

Is has for many years been a great desideratum among European and American Dentists, to manufacture Teeth from incorruptible materials which should imitate the natural living Teeth.

Many have deveted years to unsuccessful operiments, and others have succeeded in manufacturing teeth of materials similar to the porcelain ware, but generally they have an opaque white appearance, by which they are an opaque white appearance, by which they are casily distinguished from the human century at thwithstanding.

S, ELLIOTT

After long and tedicip caperiments, the subscriber has succeeded in manufacturing teeth of materials entirely incorruptible, and perfectly in "imitation of human teeth. They have a semi-transparency, and are made of various sizes and shades.

In cases where absorption of the aveolar process, or other causes may render it necessary, he will cast of he same materials attached to the teeth, artificial gums, which shall imitate the gum and supply the loss of substance

It is entirely impossible for these teeth to change their color, or cause focial breath.

He will ansert them from one to entire sets, in suca, manner that they will make articulation of the voice-perfect, and materially assist in mastication; and so that they cannot be distinguished from the most beautiful natural living teeth by the most scrutinizing ob-

He will insert them from one to entire sets, in such,
