Moffat's Vegetable Life Pills and

PHŒNIX BITTES.

A CONTRAST.

All nations, and the remotest ages, have had ships but Columbus only found out the way to America. Before the time of the great Spanish navigator, people were only enabled to paddle about the shores. Just so with the Life Medicines. It is but two years since I first ventured upon an unknown ocean, and I have discovered the precious object I was in search of—HEALTH. Vegetable medicines were indeed known when I commenced my search, but their use was not. By the use of them, I have not only passed from the dejected invalid, to the hale, hearty and active man of business, but, comparatively speaking, I renewed my youth. I can, thus, with confidence in my own experience, advise with my fellow-citizens. Does the reader want proof that the VEGETABLE LIFE MEDICINES are suitable to his own case? I have on file at my office, 546 Broadway, hundreds of letters, from some of the most respectable citizens of this my native land, voluntarily offered testimony of the virtues of A GOOD VEGETABLE MEDICINE.

Persons whose constitution have been nearly ruined by the "all-infallible" mineral preparations of the day, will bear me witness, that the Life Medicines, and such only, are the true course to permanent good health.

JOHN MOFFAT.

GENERAL REMARKS RELATIVE TO MOFFAT'S LIFE PILLS & PHŒNIX BITTERS.

These medicines have long been known and appreciated, for their extraordinary and immediate powers of restoring perfect health, to persons suffering under nearly every kind of disease to which the human frame is liable.

In many hundreds of certified instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were unacquainted with the beautiful philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and exciting them with renewed tone and vigor, that they were indebted for their name, which was bestowed upon them at the spontaneous request of several individuals whose lives they had obviously saved.

The proprietor rejoices in the opportunity afforded by the universal diffusion of the daily press, for placing his VEGETABLE LIFE PILLS within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are *solely vegetable*, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, remained altogether unknown to the ignorant pretenders to medical science, and were never before administered in so happily efficacious a combination.

The first operation is to loosen the coats of the stomach and bowels, the various impurities and crudities constantly adding around them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines partially cleanse these parts, and leave such collected masses behind, as to produce habitual costiveness, and a its train of evils, or sudden diarrhœa, with its imminent dangers. This fact is well known to all experienced anatomists, who examining the human bowels after death, hence the prejudice of these well informed men against VEGETABLE LIFE PILLS is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its test colour from the agency of the liver and the lungs before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the looming cheek.

The following are among the distressing variety of human diseases, to which the Vegetable Life Pills are well known to be infallible:—

DYSPEPSIA by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind. Flatulency, Palpitation of the heart, Loss of Appetite, Heart-burn and Head-ache, Restlessness, Ill-temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure. *Costiveness*, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days. *Diarrhœa and Cholera*, by removing the sharp acrid fluids by which these complaints are occasioned and by promoting the ubricative secretion of the mucous members. *Freeness of all kinds*, by restoring the blood to regular circulation, through the process of perspiration in some cases, and the through action of all intestinal obstructions in others. The LIFE PILLS have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflamation from the muscles and ligaments of the joints. *Dropsies of all kinds*, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel. Also Worms, by disloding from the turnings of the bowels the slimy matter to which these creatures adhere; Asthma and Consumption, by relieving the air vessels of the lungs from the mucus, which even slight colds will occasion, while if not removed becomes hardened, and produces those dreadful diseases. Scurvy, Ulcers, and inveterate sores, by the perfect purity which these Life Pills give to the blood, and all the humors; Scorbutic Eruptions, and bad complexions, be their alternative effect upon the fluids that feed the skin, the morbid state of which occasions all Eruptive complaint, Sallow, Cloudy, and other disagreeable Complexions. The use of these Pills for a very short time, will effect an entire cure of Salt Rheum, Erysipelas, and a striking improvement in the Clearness of the skin. Common Colds and Influenza, will always be cured by one dose, or by two, even in the worst cases. Piles,—as a remedy for this most distressing and obstinate malady, the Vegetable Life Pills deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the Proprietor of these invaluable Pills was himself afflicted with the complaint for upwards of *thirty-five years*, and he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however, at length, tried the medicine which he now offers to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible by any human means.

DIRECTIONS FOR USE.—The Proprietor of the *Vegetable Life Pills* does not follow the base and unnecessary practice of the quacks of the day, in advising persons to take his Pills in large quantities. No drug or medicine can possibly be so required. These good medicine can possibly be so required. These good medicine can possibly be so required. These pills are to be taken at bed time every night, for a week or fortnight, according to the disease. The usual dose of these bitters is half a wine glass ful, in water or wine, and this quantity may be taken two or three times a day, about half an hour before meals, or a less quantity may be taken at all times. To those who are afflicted with indigestion after meals, these bitters will prove invaluable, as they very greatly increase the action of the principal viscera, help them to perform their functions, and enable the stomach at once to digest into the bowels whatever is offensive. Thus indigestion is easily and speedily removed, appetite restored, and the mouths of the absorbent vessels being cleansed, nutrition is facilitated, and strength of body and energy of mind are the happy results. For further particulars of MOFFAT'S LIFE PILLS, and PHŒNIX BITTERS, see a pamphlet, which may be obtained for 25 cents, at Moffat's office, No. 16 Broadway, New York.

In some cases, but not all, the Bitters for $1 or $2 bottle, certificates of the cure of Fever and Ague, Dysentery, and numerous other inspected. *From the last dysentery*, situated cases of chronic, *of long standing*, it may be found necessary, both the Life Pills and Phœnix Bitters should be taken before recommended.

N. B.—The Pills and the Bitters will get all impurity out of the system infinitely faster than the best preparations of Sarsaparilla, and are a certain remedy for the *rushing of blood to the head, or all violent headaches, the dizziness*, &c.—All persons who are predisposed to *apoplexy, palsy, &c.*, should never be without the Life Pills or the Bitters, for one dose in time will save life. They equalize the circulation of the blood, draw all pressure from the head, restore perspiration, and purge of every impurity by the pores of the skin.

The True Riches of Life is HEALTH

We know that Health, and the ability to labor is the wealth of the great mass of the people in this as in most other countries. To preserve, therefore, that health by NATURAL means, is a grand moral and poitical scheme, to fulfill which requires our utmost attention.

THE unparrelleled reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given of their immense importance to the afflicted in almost every class of diseases. The number of letters received from patients recovering through their means is really prodigious, and the complaints which they have cured are almost as varied as they are numerous.—But still there are some in which they are more especially beneficial than in others; and among those may be named the too often fatal complaints of the stomach and bowels, such as Cholic, Flatulence, and Indigestion, for which they are not only a certain but an immediate cure.

It is well known that from the disarrangement of the stomach and bowels, arise nine tenths of all the maladies of adult and declining life; that this is the foundation of Flatulency, Spasmodic Pains, Indigestion, Loss of Appetite etc., and that those in their turn give birth to Dropsy, Liver Complaint, Consumption, and habitual lowness of spirits; therefore Peters' Pills being the very best medicine which has ever been discovered for the incipient diseases of the intestines, are necessarily the surest preventatives of those dreadful, and also general disorders, which embitter life, and drag so many millions to untimely graves.

In speaking thus Dr. Peters arrogates nothing to himself that has not been conceeded by the public. He is no needy quack or unknown speculator, who comes before the world as his own herald and witness, but is placed in a responsibility of situation by the patronage which he has enjoyed for years, and which is increasing to an extent unprecedented in the annals of medicine, that makes him careful to assert nothing which is not borne out by the most infallable proof, and hence he does not fear to be put to the test in any thing which he has promised respecting his Pills.

Dr. Peters is most happy to be able to state, on the authority of a great number of regular physicians, that wherever his Vegetable Pills have been introduced, they have almost superceeded the adoption of mercurial experiments, for their peculiar faculty in sweetening the blood, and stimulating it to action of mercury, and in giving strength and purity in sweetening disease from acquiring consistence, except all noxious juices under, if at all, by tone to the fibres, prevents that strength which must be got dangerous remedies.

Prepared by JOS. PRIESTLY PETERS, M. D. 129 Library street, New York. Each box contains 40 pills; price 50 cents.

These celebrated Pills are sold by all the principal Druggists in Baltimore, Philadelphia, Washington City, and throughout the United States, the Canadas, Texas, Mexico, and the West Indias, and by JOHN J. MYERS, SAMUEL ELLIOTT, CARLISLE; SAMUEL WILSON, Shippensburg; LEWISBURG, GEORGE GARLIN, Chambersburg.

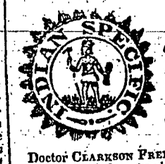
CONSUMPTION CURED.

THE INDIAN SPECIFIC.



For the prevention and cure of Coughs, Colds, Asthmas, Consumptions, spitting of Blood, and diseases of the breast and lungs, &c.

Doctor CLARKSON FREEMAN, the proprietor of the specific, resided upwards of four years among the tribes of North American Indians, and with unwearied diligence used every means in his power to acquire a knowledge of the different remedies used by them, for the cure of the sick and wounded; and more particularly those which they take to prevent and cure the consumption, and complaints of the breast and lungs. He observed the Indians were subject to numerous and similar complaints to those of white people; and from their mode of living, and being exposed to the inclemency of all weathers, many of their complaints were complicated and violent. Although, many of their diseases were of such a nature as would, with a people in a civilized state have terminated in confirmed consumptions; yet, during the time he was with them, he did not hear of a consumption.

So happy are they in their knowledge of remedies, and so certain of their effects—when applied in time, that it may be said "a true consumption is a disease never known or heard among them." The truth of this observation must be corroborated by all who have had the opportunity of becoming acquainted with these people. It may then be asked why they are exempt from these complaints? The reason is obvious; because they immediately seek for relief, and prevent those complaints which insensibly undermine the constitution, and bring on incurable consumption.

Bills of direction accompany each bottle of the Specific, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseases; also particular directions respecting Diet and Regimen, and how patients are to conduct themselves through every stage until health is restored; for vain and useless would be the prescriptions of the ablest phisician, accompanied by the most powerful medicines, if his directions are not faithfully adhered to.

The public are informed that the depositions of two hundred and eighty-seven persons have been taken before the proper authorities of the city of Lancaster, Pa., all completely cured of the most desperate cases of consumption, some of which are detailed in the bills accompanying the bottle.

The price of each bottle of the INDIAN SPECIFIC is One Dollar, and each enveloping the genuine Specific is signed by Dr. *Clarkson Freeman*, and the initials C. F. on the seal of each bottle. None can be genuine without this signature; a base composition having been attempted to be imposed upon the public by a counterfeit imitation of this extraordinary article.

☞A supply of the above specific, is kept constantly for sale by *SAMUEL ELLIOTT* of Carlisle and by Samuel Wilson, Shippensburg.

GARLEGANT'S BALSAM OF HEALTH.

Prepared only by JOHN S. MILLER, at his Drug Store, opposite the Market House, Frederick, Md.

THIS valuable Medicine has already acquired a celebrity to which few others perhaps in so short a time ever arrived, and its extensive use for 4 or 5 years, in various parts of the Country, Cities, and Towns, in Maryland, Virginia, Pennsylvania, Ohio, New York, Louisville, Missouri, South Carolina, Alabama, Georgia, and New Orleans, which has attended it with unparalled success.

Hundreds of persons have used it, and nine out of ten cases have been permanently cured of Dyspepsia, Cholics, Nervous Tremors, Lowness of Spirits, Palpitations of the heart, and a those train of Diseases resulting from a disordered condition of the stomach and liver, or derangement of the Digestive functions, such as General debility or weakness, Flatulency, Loss of Appetite, Sour Eductations and Acidities of the Stomach, Costiveness, Headaches, Jaundice, Flatulent and Bilious Colics, &c. &c.

To Adults and Children who are trombled with Worms, it will operate as a safe and thorough vermifuge. It is entirely Botanical in its composition, and may be used by both sexes and of any age, with perfect safety, without any change of habit or diet.

It is not recommended like most patented Medicines as a cure, all but the proprietor recommends it, for what he has full confidence it will and has cured, which can be substantiated by the testimony of hundreds of persons, that have experienced its good effects.

It is neatly put up in square half pint Bottles, with the name blown on the glass thus, Garlegant's Balsam of Health, prepared only by John S. Miller, and his signature on a label, pasted on the outside wrapper of each Bottle, which completely secures it from being counterfeited.

A full and satisfactory Direction accompanies each Bottle, and by the quantity at a liberal discount of the proprietor and of all his agents, which are named at the bottom of each direction.

New testimony of its cures are frequently received; a few of which follow this advertisement, and many more can be seen on the directions around each Bottle.

John S. Miller:—Dear Sir,—I do hereby certify, that I have been afflicted with Dyspepsia for the last 4 or 5 years, which has been increasing on me ever since, to such a degree, that for 5 or 4 weeks previous to using your valuable Garlegant's Balsam of Health, I am certain I have not eaten one ounce a day of any kind of diet, neither was I able to sleep with any kind of comfort during this time, for a severe pain in my stomach, in fact I had given myself up as incurable, as I have had resource to so many different remedies without any kind of benefit, at length heard of your Balsam of Health, being advertised, I purchased a Bottle of your agent Wm. Miller in Winchester Va.—After taking the three first doses I found my stomach to retain in some degree what I eat, and the pain in my stomach subsiding gradually, and after using one and a half bottles, I found myself entirely well, and have eat anything. I have no inclination for, and sleep well at night. It was surprising to see the quantity of morbid matter I discharged from my stomach, which once inclined to believe was thick with it, which no doubt rendered all diet indigestable.

Given under my hand, this 1st day of December 1836. JOSEPH SNAPP,

Living near Winchester Va.

Certificate of Nicholas Weaver.

This is to certify that I bought of your agent at Gettysburg, several bottles of your valuable Balsam of Health, which completely cured me of the Dyspepsia. I had taken much of other patent Medicines, but found no relief, until I made use of your Balsam of Health, which afforded a radical cure, and do recommend it to all those Who are troubled with that obstinate disorder Dyspepsia. N. WEAVER.

Gettysburg Pa. Nov. 2, 1836.

Certificate from the Rev. D. F. Shaeffer, Pastor of the Lutheran Church.

I consider it my duty to inform you that I consider Garlegant's Balsam of Health, prepared by you, a superior medicine. My wife has long been in a delicate state of health, and of course no means were left untried of which we could hear; myself opposed to nostrums and patent medicines—I nevertheless consented to purchase a bottle of your Balsam of Health, and do hereby certify that Mrs Shaeffer derived more benefit from the use of it than any other medicine. My opinion is that if a cure can be effected, as regards the disease you mention, your Balsam will, if used in the first stage of the disease.

F. D. SHAEFFER.

Frederick, Aug. 23, 1836

P. S. I used the Balsam in my own family and administered it to some indigent persons and invariably found it a most efficacious vermifuge.

The Counterfeiters.

He must be a miserable villain indeed, who would place the life of a fellow being in danger, for the purpose of making money.

TO HONEST CITIZENS.

What do Druggists prove by making and selling Counterfeit Pills purporting to be

Brandreth's Vegetable Universal Pills

1st.—That they are without HONEST and HONORABLE principles.

2d.—That no other medicine is required by the public; or why do not these druggists counterfeit other pills in the same way they do Brandreth's?—Simply because no others save Brandreth's Vegetable Universal Pills ever effected the extraordinary cures that these Pills are known—UNIVERSALLY KNOWN—to have effected.

There never was a person who used the

VEGETABLE UNIVERSAL PILLS,

Who did not recommend them in terms of the most unequalled praise.

Nevertheless, these counterfeiting druggists have done & are doing the character of the Genuine a great deal of injury; but it is hoped that individuals will not allow themselves to be deceived by designing persons, whose only object is to make money, and who are perfectly careless of consequences. It is a matter of no importance to them whether the poor child is rescued from a bed of sickness and restored to the yearning arms of its parents, or whether him on whom a large family rely solely upon for support, is prevented from filling an early and untimely grave. The time may come when the greatness of their guilt shall become clear to their benighted understandings, and then it is hoped they will endeavor to make some amends by the after purity of their lives.

Every authorized agent has a copperplate certificate of agency, and has it exhibited in his store. Never purchase unless this is seen; and have some regard also to the character the agent bears among his fellow citizens. He must be a miserable villain who would place the life of a fellow creature in danger for the purpose of making money.

Miles' Compound Extract of Tomato.

THE CELEBRATED SUBSTITUTE FOR CALOMEL.

IT is well known that the Yellow Tomato contains abundantly a cathartic principle, highly useful in jaundice and other bilious diseases. Dr. Miles has succeeded in extracting this principle, separating it from the impurities of the Tomato, and forming it into a pill, which has proved to be of great benefit in Dyspepsia, Liver Complaint and Bilious affections generally, and is a valuable auxiliary to [illegible] in all such diseases.

It should always be taken in these affections, instead of calomel. The one, calomel, being injurious to health. The other, tomato, being beneficial, and a promoter of general health.

The following letter, recently received from Dr. S. W. HANKINS, a graduate of the Cincinnati College, we publish as a specimen of the success of our medicine in those countries where diseases are acute, and assume their worst form.

Dr. Hankins became acquainted with the medicine whilst a student in college, and took with him a quantity of it to use in his practice, on his return to Mississippi.

We have received other letters from him, expressing his regret that he has not been able to procure a supply in that country, and also giving us an account of his success in the treatment of Syphilis.

After alluding to his own sickness, he proceeds to say:—

"Since my practice has opened, I have had many opportunities of trying your Extract of Tomato, and in every administration, have been gratified by its operation. I find it acts upon the kidneys, as well as the liver." Soon after I got to this place, I was called to see a young gentleman laboring under Nephritis. I administered a potion of your Extract, and repeated the same, using but little at a time as an apperient. Many cases of long-continued Chills and Fever, I have found to relinquish their citadel by a continued use of your pills. But, sir, in my own case I am compelled to say that of all [illegible] in medicine, none have had the same happy restorative tendency as your Tomato Pills. In their operation, I experienced no disagreeable [illegible] was mild, yet effectual.

Very truly yours, [illegible] M. D.

S. W. HANKINS.
