200 Dollars Reward.

Ran away from the subscriber, near Fredericktown Md. on Saturday night, 10th October 1840, a young black fellow, named

CALEB BISSET,

about 22 years of age, 5 feet 4 or 5 inches high, well made, with round face, and shoulders broad, speaks plainly and comtence good. He can do any kind of work on a farm or at carpenter's work. He took with him a low crown hat, and a pair of Beaverreen pantaloons. He also took with him a young blooded black horse, 4 years old last Spring, with two hind feet white, and a white slip in the fore head; rucks, trots and gallops. He also took my saddle, bridle and martingales; the saddle is about half worn, marked with a label under the small pad "Schoff & Lare, Market street, Frederick city." The bridle is a stiff bit with double reins—the martingale is old, with one ivory ring, the other being broken and tied with a strap.

A reward of 150 dollars will be given if taken in the State and secured in jail so that I get him again. Ten dollars will be given for the horse, if he is sent to Frederick; and all reasonable charges paid.

HERALD & EXPOSITOR.

OCTOBER 27, 1840.

"THE ARISTOCRACY OF ENGLAND AND AMERICA."

An article under this head, in a late "Volunteer," copied from the New York "New Era," a Tory paper, is the most clumsy and stupid attempt to impose upon the credulity of the American reader, that we have seen during the whole of the Presidential campaign. It purports to be a letter from an English manufacturer to his agent in New York, giving him the important information that the English manufacturers desire to see General Harrison elevated to the Presidential chair, for the reason that his election would conduce to their interests! How extremely ridiculous! The British wish to elect Harrison and defeat Van Buren? Not them. They well know that the President and his partizans are in favor of throwing open the American ports and admitting European manufactures and European bread stuffs free of duty! a thing which, if accomplished, would have the effect of enriching British lordlings and at once prostrate the American manufacturer, mechanic and husbandman. They know, too, that Harrison is in favor of protecting American industry and enterprize, by establishing a judicious Tariff, and excluding from our ports, as much as possible, the merchandise and products of Europe. The Whig party is emphatically the American party, and the Locofoco the British party! Mr. Van Buren, whilst in England, was assiduous to please and gain the good opinion of the British Aristocrats; and in his dress and manners resembled more a French dancing-master than the representative of a plain republican people. No Englishman likes the name of Harrison. They can never forget that it was Harrison who defeated their countrymen, humbled their pride, and overran their territory. From him they have no favors to expect. On the contrary, Mr. Van Buren and his partizans are their true friends! and are in favor of enriching them and impoverishing US, by throwing open to them our ports, and laying a direct tax upon our people to supply the extravagance of the Administration. Tax payers, look to it!

THE FLORIDA WAR.—The wretched manner in which this humiliating war has been prosecuted will for ever resound to the dishonor of the present imbecile Administration. To subdue a handful of half-starved, wretched savages, millions of money have been squandered, many valuable lives lost, and the Indians still retain undisputed possession of their swamps and everglades. Many, very many, seriously believe that the President and his advisers have no wish to bring this servile and expensive warfare to a termination. It affords good pickings to commissaries, contractors, sutlers, and a thousand other petty officers in the pay and confidence of government. Indeed, we never hear the name of Florida mentioned that we do not feel deeply indignant at the course pursued by our rulers in the

prosecution of this war. If the people wish to have it brought to an honorable termination, let them support the Hero of Tippecanoe. No man in the Union better understands the character of the Indians than he does; and the man who defeated Tecumseh and the Prophet, with their thousands of warriors, is just the man to bring the Seminoles to terms.

"BRITISH GOLD."—The Tory Office Holders, their partizans and hired writers, have again resorted to this stale device, and attribute their humiliating defeat in Maine to the influence of "British gold." It is customary for the office holders, when the people have condemned their acts, to insult and revile them. They will find, however, that the people of these states are too rich and too independent to be bought either by the gold of the British or the gold of the office holders.

From the Philadelphia Inquirer.

The Figures of the Enemy.

The New York Evening Post has made a labored attempt to figure Mr. Van Buren into the next Presidency. The calculation is copied and endorsed by the Pennsylvaniaian, and we give it, in order to show the grounds on which our opponents are endeavoring to sustain their shadowy prospects. The following states are put down for Mr. Van Buren:

Maine,	10
New Hampshire,	7
Pennsylvania,	30
Virginia,	23
South Carolina,	11
Alabama,	7
Mississippi,	4
Tennessee,	15
Arkansas,	3
Missouri,	4
Illinois,	5

119

It will be seen that even according to this calculation, Mr. Van Buren falls short 29 votes. Of the above states, moreover, Maine, Virginia, and Tennessee are certain for Harrison, while in Pennsylvania we incline to the opinion, that we shall also give a victorious Whig return on the 30th of the present month. The truth is, the Van Burenites can make no calculation which, when submitted to the public, will not do their cause more harm than good.

We annex another calculation, merely for the purpose of showing that we can elect Harrison, without Maine, New York, Pennsylvania, or Virginia. The man must be blind, indeed, to the signs of the times; who doubts that Old Tip will not carry at least three of the states last named. Fix it any way you like, therefore, it is clear as the sun at midday, that the people of this Union are about to sign the political death-warrant of the present incumbent of the Presidential chair.

Harrison.	Van Buren.
Massachusetts,	14
Rhode Island,	4
Connecticut,	8
Vermont,	7
New Jersey,	8
Delaware,	3
Maryland,	10
North Carolina,	15
Louisiana,	5
Georgia,	11
Ohio,	21
Indiana,	9
Kentucky,	15
Tennessee,	15
Michigan,	3

148

Georgia.

We have returns from all the counties in this state but eight. The result on the two highest tickets stands thus:

Harrison,	38,599
Van Buren,	34,012

Majority, 4,587

The remaining counties will probably reduce the Harrison majority about 800 votes. The Whigs have a large majority in both branches of the State Legislature.
