SPECIAL ELECTION .- Our readers will have seen before this the Sheriff's Proclamation, ordering a special election on the 20th of this month, to supply the vacancy in Congress occasioned by the death of Wm. S. Ramsey. The Locofocos will doubtless bring forward a candidate, (most probably Col. Chas. McClure,) rallied again, made a last charge on the and as in this district they can elect whom they will, it seems to be the general opinion among our Whig friends, in which we fully concur, that it would be nonsense for Nothing but the most persevering and exour party to trouble their heads with the traordinary exertions could have accommatter. As we don't like to see our political apponents lose their money in addition to their candidates, we feel ourselves authorized by the Whig party to offer them half-price for their tar, and first cost for their pine knot -as we intend to taper off with a magnificent bonfire, after we shall have gone through the "ox-roast," our neighbor o the Volunteer alluded to so significantly last week. In New York the Whigs have car ried both Houses of Assembly as well as the Harrison Electoral Ticket, Governor and Ligutenant Governor. Gov. Seward' majority over Colonel Bouck will proba bly be near 8000—perhaps more.

POPULAR REMEDIES.—The most popular remedies of the present day are those which cleanse and purify the blood, and which are known to be innocent in their qualities. Such remedies as Mercury, VEGETABLE UNIVERSAL PILIS are used and appreciated. They are known to act on every part of the body; being taken up by chyle they pass into the blood, which they purify; and it should be remembered that they remove only those parts from the blood which were the cause of inflammation. Nothing is equal to ridding the vitiated humors with a vegetable medicine of this kind, which eighty-four years have proved never to do injury, but always

good.
