WEDNESDAY, JANUARY 27, 1841.

Standing Committee.

The Harrison Standing Committee o Cumberland county, are requested to meet at the public house of C. Macfarlane, Carlisle, on Saturday the 30th inst., at 2 o'clock P. M., to take the necessary measures for calling a County Convention to appoint dellegates to the State Convention, which is to assemble at Harrisburg on Wednesday the 10th of March next, for the nomination of a Gubernatorial Candidate.

WM. M. PORTER, JOHN J. MYERS. The following gentlemen compose the

TOWNSHIP MEETINGS .- The Freeman Advocate is in error in stating that the township meetings to elect delegates to the County Convention, will be held in this county on the 23d instant. The Standing Committee, whose duty it is to call township meetings, have not yet convened, and of course there is no time fixed for the township meetings. By reference to the call in the Herald, our friend of the Advocate will perceive that the Standing Committee will have a meeting on the 30th, at 2 o'clock in the afternoon, and their action will determine the day for electing township delegates, and the time when those delegates shall meet in convention.

STATE TREASURER .- John Gilmore, of Butler county, was elected State Treasurer on Tuesday the 19th instant. At 40 clock P. M., the Senate and House met conjointly and decided the election on the first ballot as follows:-John Gilmore had 73 votes; Samuel L. Carpenter 16; John Miller 23; scattering 17.

ASYLUM FOR THE INSANE POOR .-- We perceive by the proceedings of our State Legislature, that the project of founding an Institution for the accommodation of the Insane Poor of this Commonwealth. has been agitated in that body. Numerous petitions, from different sections of the state, have been presented and were favorably received. Such an Institution is much needed, and its establishment would glad the heart of every philanthropist and Chris-. tian. Several of our sister states have already established asylums of this kind, and they have been found to be highly beneficial in meliorating the sufferings of the insane poor.

RESUMPTION .--- From every section o the Commonwealth we have the pleasing intelligence that the Banks of this State have, in accordance with law and the well known wishes of the people, resumed specie payments. The resumption was attended with no excitement—the note holdwers being generally willing to give the Banks a fair chance. We sincerely hope that the present resumption will be permanent, as the citizens of this state have already suffered too much from the circulation of the wretched issues of foreign shinblaster manufactories. The people have borne with and sustained the Banks during two long suspensions; hereafter, however. they may not be so lenlent.

Preserve Your Organization! We suggest to the different "Harrison Clubs" throughout the county the propriety of preserving their organization. It was an early and efficient organization that enabled us to triumph so gloriously in this county at the last Presidential Election; and by nothing less than a thorough and omplete organization can we hope to preserve our ascendancy in the county. Hereactivity and untiring zeal of our opponents. They were always well drilled, and ready ranks. Although the forces of the officeholders have been vanquished and beaten, they are not dispersed. They have retreated in good order, and are even now ready and panting for another contest. We cannot now, nay, we DARE not, repose upon our arms, and be content with the laurels we have already gained. We must remember that "the price of freedom" is "eternal vigilance;" and that next fall another, and an important, battle is to be fought. It matters little to us whom the candidate of our party for Governor shall be; we are fully persuaded that he will be a "good man and true,"-one who will preserve sert the supremacy of the laws. Let us
