TO Dr. Harlich's Agent—Sir: 1 wish to state for the benefit of those who may be afflicted, that Dr. Harlich's Pills have entirely cured me of Dyspepsia, of which I have been afflicted for many years. I used both kinds, the Aperient and Strengthening, and I am constrained to say, that they are a valuable discovery, and act upon the system mildly, but very effectually. I found the Tonic Pills to quicken the circulation and cause a determination to the surface, and to strengthen the weak stomach and increase its powers. Y have Aperient Pills are the best enhanted even sed. I am confident all Dyspepties would do well to make immediate trial and be relieved. This may certify, that I have been engaged in putting in S: B. Howd's cast iron direct action water wheel, both in the State of New York and in Michigan, and can give it as my decided opinion that with 8 feet head or under, rightly put in, it will do more business with the same water than any other water wheel which I have yet had any experience in, and in reference to back water, is second best to none that I flave yet tried. In reference to guarding against ice, there can be no better operation, and it is very easy to be kept in repair.

STEHEN AILES, Millwright. Alloway, Sept. 3, 1838.

This may certify that I have had in my Mill one of Mr. Howd's direct water wheels for the space of one year. It is a five feet wheel, and I have had a reaction in the same place—I have also had Wheeler's Union Wheel, yet I think Mr. Howd's will do more business with less water than any other I have tried. It does well in back water. I have had from 5 to 6 feet head. I think we could do as much work with half the water as we used to do with the undershoot wheel; which has also been in operation in my mill.

DR. WISTAR'S BALSAN OF WILD-CHERRY THE CELEBRATED REMEDY FOR DISEASES OF THE LUNGS.

NUMEROUS remedies have been offered and pulled into notice for diseases of the Lungs, some of which has undoubtedly been found very useful put of all that have hitherto been known, it must be universally acknowledged there is none that has ever proted as successful as the "BALSOM OF WILD CHERRY."

be universally acknowledged the residual to see the protect as successful as the "BALSOM OF WILD CHERRY."

Such indeed are the astonishing restorative and healing properties of this "Balsamı" that even in the worst forms of Consumption, when the patient has suffered with the most distressing cough, violent pains in the chest, difficulty of breathing, night sweats, bleeding of the lunga, &c. and when the most esteemed remedies of our Pharmacopias had failed to afford any relief, and even when Botanic, Homospathic, and numerous other remedies, had been used for many months in vain, this invaluable remedy has checked every symptom, and been productive of the most astonishing relief. In the early stages of the disease, proceeding from neglected colds, termed Catarrhal Consumption, it has been used with undeviating success, and in many instances, when this disease seemed to have marked its victim for an early grave, the insert of this medicine has arrested every symptom, and restored the lungs to a state of perfect health.

In that form of Consumption, so prevalent amongst delicate young females, commonly termed debility, or "going into a decline," a complaint with which thousands are lingering, it has also been used with surprising success, and no only possesses the power of the same time strengthens and invigorates the whole system more effectually than any remedy we have ever possessed.

and at the same time prevent the lungs from necoming more seriously diseased.

CROUP AND WHOOPING COUGH, In these complaints, so common to young children, this Balsam will be found much superior to the Paregorio Elixir Syrup of Squills, and the various cough mixtures in common use, as it is entirely free from any thing the least injurious, and may at all times be given to children with perfect safety, and with the certainty of its affording them speedy relief.

AS A FAMILY MEDICINE for many other complaints, this Balsam will also be found particularly useful. Besides having proved an invaluable remedy in all Pulmonary affections, it exerts a powerful influence over many diseases depending on a depraved condition of the system, and those who have suffered from the indiscriminate use of Mercury, or other deleterious drugs, that are often compounded in different quack nostrums, will find it a remedy of great value, possessing the power of strengthening and invigorating the whole system more effectually than any other medicine we possess.

Jayne's Hair Tonic,

For the growth, preservation and restoration of the hair...This is an excellent article, and has, in numerous instances, produced a fine growth of hair onthe heads of persons who had been hald for years. CADIES AND GENTLEMEN,—Do you wish elegant, luxuriant and beautiful hair? I know you will answer yes. Hear, for one moment, the cause of its loss, why it turns gray, rusty and coarse, harsh and unpleasan in its appearance, and finally falls off. Each hair has a root in the skin, and is itself a hollow tube, through which there is a constant circulation of fine blood.—By this circulation the hair is nourished and held fast, its glossy colour is given and preserved, and it is covered with the finest oil. Now any thing which injures the skin of the head, or diverts or takes, away the blood from it, will prevent or impede the circulation through the tube, of the hair, stop its growth, and cause it to fall offor turn-gray, or both. Hence it is that any cause that obstructs or weakens the circulation of blood through the skin, or that diverts the blood to other parts of the system, will take away the lively, fresh and youthful appearance of the hair, arrest its growth, turn it gray soonor or later, and in thousands of instances cause premature baldness.

Having used it ourselves, we can speak of its virtues by experience, and we unhesitatingly pronounce it an invaluable remedy to prevent the falling off of the bair, and to restore it from a dead, to a fine, healthy appears operation, that not the slightest dread of pain or sickness, need be apprehended from their use, even by the most delicate: at the same time, if used in such a manner as to operate freely by the bowels; those morbid humors, (which deposited upon the various parts of the body are the cause of every ache or pain we suffer) will most assuredly be removed; and not only will pain or distress of every description be driven from the body, but disease in any form will be impossible. to restore it from a dead, to a fine, healthy appear

ven from the body, but disease in any form will be impossible.

For the same reason, when, from the sudden changes of atmosphere, or any other cause, the perspiration as checked, and those humors which should passoff by the skin, are thrown inwardly, causing headache, nauseau, and sickness, pains in the bones, watery and inflamed eyes, sore throat, hoarseness, coughs, consumption, rheumatic pains in various parts of the body, and many other symptoms of catching cold, the Indian vegetable Pills will invariably give immediate relief.

Three or four pills, takenat night on going to bed, and repeated a few times, will remove all the above unpleasant symptoms, and reative the body to even sounder health than before.

The Indian Vegetable Pills, (Indian Purgative) are a natural, and therefore a certain cure for Costiveness because they cleaned the stomach and bowels of those bilious humours, which not only paralyze, and weaken the digeative organs, but are the cause of headache, nauseau and sickness, palpitation of the heart, flying pains in various parts of the body, sud many other diagreeable complaints.
