#### BOROUGH LAWS.

The attention of our readers is directed to the Borough Ordinance published on our second page. It is a revision of the several ordinances relative to nuisances, passed from time to time, and now comprises all the Borough Law on this subject.

We have occupied a larger portion of our paper to-day than we wished, in reference to party disputes; but we thought it-necessary, in order to prevent any misconstruction as to the course of the Herald. We are now done with this subject, and hope we shall not be under the necessity of recurring to it again.

Pennsylvania Legislature .- No business of much importance was transacted in either branch during the past week.

We hope our friends will not negleet the meeting at Macfarlane's on Friday evening. The Standing Committee have directed that the delegates shall be elected in the several boroughs and town ships on Saturday, who are to meet in County Convention on Tuesday next, and nominate two persons to represent this county in the State Convention at Harrisburg, on the 10th of March.

# HIGH HANDED OUTRAGE.

Governor Porter recently violated the spirit and meaning of our constitution in a manner which of itself alone should lose him the respect of every high minded and reasonable man even of his own party:-Hutter & Cantine formerly the editors of an ephemeral paper called the Magician and which supported Mr. Van Buren during the last political campaign, were indicted for a libel, and a true bill found by the Grand Jury of Adams County at the January Quarter Sessions. When the trial came on and the defendants were called upon for a plea, they put in their pardon by Governor Porter, under the broad seal of the State. As this was conclusive in law, they were discharged and the matter is thus concluded. Our Chief Magistrate is daily eradicating from the minds of the people of Pennsylvania any good impressions they may have formed of him before his election. Daily is he adding to the black catalogue of crimes, which will convince the people that such a man is no longer to be trusted with the reins of government.
