DR. WISTAR'S BALSAM OF WILD-CHERRY DISEASES OF THE LUNGS.

UMEROUS remedies have been offered and puffed into notice for diseases of the Lungs, some of which has undoubtedly been found very useful, but of all that have hitherto been known, it must

some of which has imdoubtedly been found very useful, but of all that have, littherto been known, it must be universally acknowledged there is none that has ever proved as successful as the "BALSOM OF WILD CHERRY."

Such indeed are the astonishing restorative and healing properties of this "Balsam," that even in the worst forms of Consumption, when the patient has suffered with the most distressing cough, violent pains in the chest, difficulty of breathing, night sweats, bleeding of the lungs, &c. and when the most esteemed remedies of our Pharmacopias had failed to afford any relief, and even when Botanic, Homograthic, and numerous other remedies, had been used for many months in vain, this invaluable remedy has checked every symptom, and been productive of the most astonishing relief. In the early stages of the disease, proceeding from neglected colds, terined Catarrhal Consumption, it has been used with undeviating success, and in many instances, when this disease seemed to have marked ite victim for an early grave, the use of this medicine has arrested every symptom, and se of this medicine has arrested every symptom, and estored the lungs to a state of perfect health. In that foun of Consumption, so prevalent amongst

In that form of Consumption, so prevarent amongstaclicate young females, commonly termed debitit, or "going into a decline," a complaint, with which thousands are lingering, it has also been used with surprising success, and not only possesses the power of checking the progress of this alarming disease, but at the same time strengthens and invigorates the whole system more effectually than any remedy we have ever possessed.

Of LIVER COMPLAINT .-- In diseases of the (g. Liver, particularly when attended with a cough, indi-igestion or wandering pains in the side; it has also pro-ved very efficacious, and cured many cases of this kind after the most powerful remedies had failed. BT ASTHMA.—In this complaint it has also been used in nutrierous instances with the most singular success. It opens the chest, rendering the breathing perfectly free, arrests the cough, and will seldom fail to give permanent relief.

BRONCHITIS.—As a remedy in all Bronichial affections of the throat, attended with a hoarseness, cough or sore in the throat, it will also be found a very effectual remedy, and will, mostly afford immediate relief if used at the commencement of its attack.

"Of COUGIIS & COLDS:--In common coughs and colds, that prevail so extensively throughout the winter, it will be found much more effectual than any remedy in use, and when colds settle upon the lungs, causing an inflammation with pains in the breast, dif-ficulty or shortness of breathing, &c., the use of this Balsam will suppress such symptoms immediatel and at the same time prevent the lungs from becon ing more seriously discused. CROUP AND WHOOPING COUGH.-In

these complaints, so common to young children, this Balsam will be found much superior to the Paregorio Elixir Syrup of Squills, and the various cough mixtures in common use, as it is entirely free from two thing the least injurious, and may at all times begiven to children with perfect safety, and with the certainty of its affording them speedy relief.

· Winslow's Balsam of HOREHOUND.

In uniforal leled remedy for common Colds, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to Consumption; composed of the concentrated virtues of Horehound, Boneset, Blood Root, Liverword and several other vegetable substances.— Prepared only by J. M. WINSLOW, Rochester, N. Y.

The innocence and universally admitted pectoral virtues, of the Herbs from which the BALSAM OF virtues, of the Herbs from which the BALSAM OF HOREHOUND is made, are too generally known to require recommendation; it is therefore only necessary to observe that this medecine contains the whole of their medical properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the Complaints above mentioned.

For Children, this Balsam is of inestimable value. It is a speedy remedy for the Whoobing Courch and

plaints above mentioned.

Tor Children, this Balsam is of inestimable value. It is a speedy remedy for the Whooping Cough and Croup, and affords certain relief in Bowel Complaints, Cholic, Teething, &c. It is pleasant to the taste, and may be safely given to the tenderest infant and should be kept at all times in every family, as it is much better for the complaints incident to Children, than Pavegorie, Godfreys Cordial, or the Cordials so commonly used, as hundreds in this City have testified.

Read the following.—I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatmed a hasty Consumption. Fused several prescriptions, but obtained filte or no relief; I was much alarmed.

Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his Balsam or Horkmound: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflieted with Colds or Coughs, at this inclement season, I say "go and do likewise."

Mr. John M. Winslow, Druggist,

Dear Sir: I have been for a series of years afflicted with an affection of the Lungs, and a hard cough, and hister many times arose in the morning as completely exhausted by excessive coughing during the night as a person would be by a hard days labor. I have tried most of the popular remedies of the day, but never found relief until 1 met with your Balsam of Horchound. All the other remedies or palatives, that I have used, leave the bowels in a congested state, while yours leaves them soluble and free. This I confider a great desideratum. On taking a dose of your Balsam when going to bed, I rest quietly throthe night, and my sleep is refreshing. It take great pleasure in recommending your Balsam of Horchound to all those afflicted with pulmonary complaints or any disease appertaining to the Juggs, and I take this opportunity to thank you for the great relief and benefit I have experienced through your instrumentality. Yours, with much respect, w.M. COGSWELL.

May 13, 1840.---1y Jayne's Hair Tonic, For the growth, preservation and restoration of the hair. This is an excellent article, and has, in numerous instances, produced a fine growth of hair on the heads of persons who had been bald for years.

LADIES AND GENTLEMEN, Do you wish elegant, luxuriant and beautiful hair? I know you will answer yes: Hear, for one moment, the cause of its loss, why it turns gray, rusty and coarse, harsh and unpleasant in its appearance, and finally falls off. Each hair has a root in the-skin, and is itself a hollow tube, through which there is a constant circulation of fine blood.

By this circulation the hair is nourished and held for its glossy colour is given and bigserved and it is ast, its glossy colour is given and preserved, and it is overed with the finest oil. Now any thing which in-ures the skin of the head, or diverts or takes away the blood from it, will prevent or impede the circulation through the tubes of the hair, stop its growth, and cause it to fall off or turn gray, or both. Hence it is that any cause that obstructs or weakens the cir-
