This water wheel has been fully tested and proved to be so far superior to any kind in its power of propelling machinery, having a greater force than any other wheels in proportion to the quantity of water applied. It is calculated to be more particularly useful at mills, having from two to eight feet head and fall, and to greatly obvinte the inconveniences experienced from back water. It is considered by those having them in use as one of the most important improvements that has ever been introduced for its simplicity, strength, steadiness of motion and durability. DR. WISTAR'S BALSAM OF WILD-CHERRY

DISEASES OF THE LUNGS.

UMEROUS remedies have been offered and puffed into notice for diseases of the Lings, some of which has undoubtedly been found very useful, but of all diat have hitherto been known, it must be universally acknowledged there is none that has ever proved as successful as the "BALSOM OF WILD CHERRY."

ever proved as successful as the "BALSOM OF WILD CHERRY."

Such indeed are the astonishing restorative and healing properties of this." Balsam; that even in the worst forms of Consumption, when the patient has suffered with the most distressing cough, violent pains in the chest, difficulty of breathing, night sweats, bleeding of the lungs; &c. and when the most esteemed remedies of our Pharmacopias had failed to afford any relief, and even when Botanic. Homespathic, and numerous other remedies, had been used for many months in vain, this invaluable remedy has checked every symptom, and been productive of the most astonishing relief. In the early stages of the disease, proceeding from neglected colds, termed Catarrial Consumption, it has been used with undeviating success, and in many instances, when this disease seemed to have marked its victim for an early grave, the use of this medicine has arrested every symptom, and restored the lungs to a state of perfect health.

In that form of Consumption, so prevalent amongst delicate young temales, commonly termed debility, or

In that form of Consumption, so prevalent amongst delicate young females, commonly termed debitts, or "going into a decline," a complaint with which thousands are lingering, it has also been used with surprising success, and not only possesses the power of checking the progress of this alarming disease, but at the same time strengthens and invigorates the whole system more effectually than any remedy we have even possesses.

BF ASTHMA.—In this complaint it has also been used in numerous instances with the most singular success. It opens the chest, rendering the breathing perfectly free, agrests the cough, and will seldom fail to give permanent relief.

THEONCHITIS.—As a remedy in all Bronichial affections of the throat, attended with a hoarseness, cough or sore in the throat; it will also be found a very effectual remedy, and will mostly afford immediate relief if used at the commencement of its attack.

attack.

(C) COUGHS & COLDS.—In common coughs and colds, that prevail so extensively throughout the winter, it will be found much more effectual than any remedy in use, and when colds settle upon the lungs, causing an inflammation with pains in the breast, difficulty or shortness of breathing, &c., the use of this Balsam will suppress such symptoms immediately, and at the same time prevent the lungs from becoming more seriously discased.

CROUP AND WHOOPING COUGH.—In these complaints, so common to young children, this

these complaints, so common to young children, this Balsam will be found much superior to the Paregoric Elixir Syrup of Squills, and the various cough mixtures in common use, as it is entirely free from any thing the least injurious, and may at all times be given to children with perfect safety, and with the certainty of its affording them speedy relief.

AS A FAMILY MEDICINE for many other complaints, this Balsam will also be found particularly useful. Besides having provert an invaluable remedy in all Pulmonary affections, it exerts a powerful influence over many diseases depending on a deprayed condition of the system, and those who have suffered from the indiscriminate use of Mercury, or other deleterious drugs, that are often compounded in different quack nostrums, will find it a remedy of great value, possessing the power of strengthening and invigorating the whole system more effectually than any other medicine we possess.

CAUTION TO PURCHASERS.—As this medicine has already acquired great elebrity, there may CAUTION TO PURCHASERS.—As this medicine has already acquired great celebrity, there may probably be some attempts to imitate it, and deceive the public with a spurious mixture, to prevent which I would wish all purchasers to observe the following marks of the genuine Balsam. of his discovery.

The innocence and universally admitted pectoral virtues, of the Herbs from which the BALSAM OF HOREHOUND is made, are too generally known to require recommendation; it is therefore only necessary to observe that this medecine contains the whole of their medical properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the Complaints above mentioned.

Tor Children; this Balsam is of inestimable value. It is a speedy remedy for the Whooping Cough and Croup, and affordsvertain relief in Rowel Complaints, Oholic, Teching, Sc. Read the following.—I hereby certify that early in the spring of 1838, I contracted a keyere COLIJ, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions, but obtained little or no relief; I was much alarmed.—Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his Batsam of Honenown: Tidd so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflected with Colds or Coughs, at this inelement Senson, I say "go and do likewise."

Mr. John M. Winslow, Druggist,
Dear Sir: I have been for a series of years afflicted with an affection of the Langs, and a hard cough, and have many times arose in the morning as completely exhausted by excessive coughing during the night as a person would be by a hard days labor. I have tried most of the popular remedies of the day, but never found relief until I met with your Balsam of Horehound. All the other remedies or palatives, that I have used, leave the bowels in a congested state, while yours leaves them soluble and free. This I consider a great desideratum. On taking a dose of evour Balsam when going to bed, I rest quietly through the night, and my sleep is refreshing. I take great pleasure in recommending your Balsam of Horehound to all those afflicted with pulmonary complaints or any disease appertaining to the lungs, and I take this opportunity to thank you for the great relief and benefit I have experienced through your instrumentality. Yours, with much respect.
