CONSEQUENCES

It is made known to us from the 'bills of motality,' that two-thirds of the human family die ginually from that fatal destroyer "Consumption!" Would patients pay more regard to their health, and procure proper remedies at the first attack, many valuable lives would be saved to the enjoyment of their dearest friends and relatives. ## DR. WISTAR'S BALSAM OF WILD-CHERRY THE CELEBRATED REMEDY FOR DISEASES OF THE LUNGS.

NUMEROUS remedies have been offered and puffed into notice for diseases of the Lungs, some of which has undoubtedly been found very useful, but of all that have hitherto been known, it must be universally acknowledged there is none that has ever proved as successful as the "BALSOM OF WILD CHERRY."

Such indeed are the astonishing restorative and healing properties of this "Balsam;" that even in the worst forms of Consumption, when the putient has suffered with the most distressing cough, violent pains in the chest, difficulty of breathing, night sweats, bleeding of the lungs, &c. and when the most esteemed remedies of our Pharmacopias had failed to afford any relief, and even when Botanic, Homopathic, and numerous other remedies, had been used for many months in vain, this invaluable remedy has checked every symptom, and heen productive of the most astonishing relief. In the early stages of the disease, proceeding from neglected colds, termed Catarrial onishing relief. In that form of Consumption, so prevalent amongst delicate young females, commonly termed debility, or "going into a decline," a complaint with which thousands are lingering, it has also been used with surprising success, and not only possesses the power of checking the progress of this alarming disease, but at the same time strengthens and invigorates the whole system more effectually than any remedy we have ever possessed.

M. WINSLOW, Rochester, N. Y.

The innocence and universally admitted pectoral virtues, of the Herbs from which the BALSAM. OF HOREHOUND, is made, are too generally known to require recommendation; it is therefore only necessary to observe that this medecine contains the cessary to observe that this medecine contains the whole of their medical properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the Complaints above mentioned.

For Children, this Balsam is of inestimable value.

It is a speedy remedy for the Whooping Congle and Croup, and affords certain relief in Bowel Complaints, Cholic, Teething, &c. It is pleasant to the taste, and may be safely given to the tenderest infant and should be kept at all times in every family, as it is much better for the complaints incident to Children, than Paregoric, Godfreys Cordial. or the Cordials so commoly used, as hundreds in this City have testified.

Read the following.—I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Constmption. I used several prescriptions, but obtained little or no relief; I was much alarmed.—Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of that single bottle was perfectly restored to health. LADIES AND GENTLEMEN.—Do you wish elegant, luxuriant and heauthful hair? I know you will answer yes. Hear, for one moment, the cause of its loss, why it turns gray, rusty and coarse, harsh and unpleasan in its appearance, and finally falls off. Each hair has a root in the skin, and is itself a hollow tube, through which there is a constant circulation of fine blood.—By this circulation the hair is nourished and held fast, its glossy colour is given and preserved, and it is covered with the finest oil. Now any thing which injures the skin of the head, or diverts or takes away the blood from it, will prevent or impede the circulation through the tubes of the hair, stop its growth, and cause it to fall off or turn gray, or bolls. Hence it is that any cause that obstructs or weakens the circulation of blood through the skin, or that diverts the blood to there parts of the system, will take away the blood to other parts of the system, will take away the lively, fresh and youthful appearance of the hair, arrest its growth, turn it gray sooner or later, and in thousands of instances cause premature baldness.

ONE WORD TO THE SEDENTARY.

Those who from habit or occupation, are kept much within doors, should remember that they frequently breathe an atmosphere which is wholly unit for the proper expansion of the lungs, and at the same time, owing to want of exercise, the bowels are not sufficiently evacuated—the blood becomes impure, and headadle, indigestion, palpitation of the heart, and many other disagreeable symptoms, are sure to follow.

THE INDIAN VEGETABLE PILLS, Being a cleanser of the stomach and bowels, and a direct purifier of the blood, are certain not only to remove pain ordistressof every kind from the the body free from those humors which are the cause of every maledy under heaven, they will most assuredly promote such a just and equal circulation of the blood, that those who lead a sedentary life, will be enabled to enjoy sound health, and disease of any kind will be absolutely impossible.
