More of the Humbug .- The Missouri House of Representatives, during their late session, passed a bill making it an indictable offence to pass or receive a \$5 or a \$10 note after January 1845; and providing deal of abuse indulged in on both sides, we also, that after a debt had been once paid in such currency, the person to whom the payment was made, might sue and make the debtor pay it over again!

Fortunately, the bill failed in the Senate. The destructives in our State, are not a whit behind those of Missouri.

The bill for the relief of the Banks, which has been before the Legislature in so many shapes, has at length passed by a strict party vote, and is before the Governor for his approval.
