DR. WISTAR'S BALSAM OF WILD-CHERRY

THE CELEBRATED REMEDY FOR DISEASES OF THE LUNGS,

Such indeed are the astonishing restorative and healing properties of this "Balsam;" that even in the worst forms of Consumption, when the patient has suffered with the most distressing cough, violent pains in the chest, difficulty of breathing, night aweats, bleeding of the lungs, &c. and when the most esteemed remedies of our Pharmacopias had failed to afford any relief, and even when Botanic, Homepathic, and numerous other remedies, had been used of the most astonishing relief. In the early, stages of the disease, proceeding from neglected colds, termed Catarrhal Consumption, it has been used with undeviating success, and in many instances, when this disease seemed to have marked its victim for an early grave, the use of this medicine, has arrested every symptom, and restored the lungs to a state of perfect health.

In that form of Consumption, soprevalent amongst delicate young females, commonly termed debility, or "going into a decline," a complaint with which thousands are lingering, it has also been used with surprising success, and not only possesses the power of checking the progress of this alarming disease, bur at the same time strengthens and invigorates the whole system more effectually than any remedy we have ever possessed.

AS A FAMILY MEDICINE to many other complaints, this Balsam will also be found particularly useful. Besides having proved an invaluable remedy in all Pulnonary affections, it exerts a powerful influence over many diseases depending on a depraved condition of the system, and those who have suffered from the indiscriminate use of Mercury, or other deleterious drugs, that are often compounded in different quack nostrums, will find it a remedy o great value, possessing the power of strengthening and invigorating the whole system more effectually than any other medicine we possess.

CAUTION TO PURCHASERS.—As this med-

thern States it is used altogether, and throughout the North takes the precedence over all others, particularly among physicians, who, for the benefit of their patients, always recommend it.

The reader is referred to the directions accompany and seed bottle, for recommendations, certificates, and further particulars.
