The Cause of Disease.

Nearly all classes of disease, are caused by some obstructions in the system, which prevent the regular, and wholesome operation of the animal functions. This state of the system, is disease, which is manifested in a variety of forms, more or less malignant, in their character. To restore the system to a state of health, then, it is only necessary to remove the cause of disease, and the end is accomplished. The cause is obstruction somewhere. This can be removed by purgation, which is the only means that should be reserved to, because, suggested by reason, and by nature. Dr. Harlich's Strongthening and German Aperient Fills, are allowed by the thousands who have used them, to be the best purgative medicine in existence. Because, they not only remove all obstructions and purge the system of its impurities, but because, and which is extremely important, attengthen and give proper tone to the stomach; and produce a healthy action of all the parts. Besides, they are so mild and gende in their operation, as to render them at all times a perfectly safe, and desirable remedy. The afflicted would do well, then, to purchase a box or two of this invaluable medicine and give it a fair trial, instead of destroying their systems with oft-repeated doses of calomel, and other drugs, so injurious to human-life and happiness.

INGRATISUDE. is the basest crime in man. We are not among that class of Editors who for a few dollars will, (at the expense of truth and honesty) "crack up" an article and bring it into rapid sale; neither are we willing to remain silent, after having tested the utility of an improvement or discovery inscience or art. Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we purchased two bottles of WINSLOW'S BALSAM OF HORE-HOUND and so sudden was the eye, that we forgot we ever had a cold. Those who are affleted, may try it upon our recommendation.—Lewistown Telegraph.

Prepared only by J. M. WINSLOW, Rochester, N. Y.

The innocence and universally admitted pectoral virtues, of the Herbs from which the BALSAM OF HOREHOUND is made, are too generally known to require recommendation; it is therefore only necessary to observe that this medecine contains the whole of their medical properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild, and certain remedy, now in use, for the Complaints above mentioned.

For Children, this Balsam is of inestimable value. It is a speedy remedy for the Whooping Courth and Crouth, and affordiscertain relief in Bowel Complaints, Cholic, Teething, &c. It is pleasant to the taste, and may be safely given to the tenderest infant and should have be safely given to the tenderest infant and should he kept at all times in every family, as it is much better for the complaints incident to Children, than Parcegoric, Godfreys Cordial, or the Cordials so commonly used, as hundreds in this City have testified.

Read the following.—I hereby certify that early in the spring of 1338, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty. Consumption. I used several prescriptions, but obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs, at this inefement season, I say "go and do likewiss."

LEANDER CHIPMAN.

Pittsford, Monroe co., Nov. 9, 1838.

Mr. John M, Winslow, Druggist,
Dear Sir: I have been for a series of years afflicted with an affection of the Lings, and a hard cough, and have many times arose in the morning as completely exhausted by excessive coughing during the night as a person would be by a hard days labor. I have tried most of the popular remedies of the day, but never found relief until I met with your Balsam of Horehound. All the other remedies or palatives, that I have used, leave the bowels, in a congested state, while yours leaves them soluble and free. This I consider a great desideratum. On taking a dose of your Balsam when going to bed, I rest quietly throthe night, and my sleep is refreshing. I take great pleasure in recommending your Balsam of Horehound to all those afflicted with pulmonary complaints or any disease appertaining to the Lings, and I take this opportunity to thank you, for the great relief and benefit I have experienced through your instrumentality. Yours, with much respect.

WM. COGSWELL.

CHOUP AND WHOOPING COUGH.—In these complaints, so common to young children, this Balsam will be found much superior to the Parego-fic Elixir Syrap of Squills, and the various cough mixtures in common use, as it is entirely five from any thing the least injurious, and may at all times be given to children with perfect safety, and with the certainty of its affording them speedy relief.

As A FAMILY MEDICINE for many other complaints, this Balsam will also be found partie-cularly useful. Besides having proved on hivelands.
