HERALD & EXPOSITOR.

Carlisle.

WEDNESDAY, SEPTEMBER 1, 1841.

FOR GOVERNOR,

## JOHN BANKS,

OF BERKS COUNTY.

We have delayed our paper, for the purpose of getting the proceedings of the county Convention.

The letter of our Washington correspondent, failed to reach us this week.

U. S. Dragoons.—A squadron of the Dragoons stationed at the Carlisle Barracks, marched through the principal streets of our borough yesterday, accompanied by the U. S. Dragoon Band, and made a very brilliant display; they were all mounted, and under the command of Capt. Sumner.

Boundary Question.—The civil posse of Maine, which have been stationed for some time within the disputed territory, are to be relieved by two companies of U. States troops, which have been ordered there by General Scott.

Temperance.—A temperance procession recently took place at Rochester, New York, in which more than three hundred ladies walked. They bore a banner with the following inscription—"*Total Abstinence, or No Husbands.*"

Missionary Dead.—The Rev. J. P. Alward, one of the Missionaries of the Presbyterian church, at Cape Palmas, Africa, died on the 17th of April.

Rev. P. H. Greenleaf.—A dissolution, it seems, is about to take place in the pastoral relation, heretofore existing between the Rev. Mr. Greenleaf and "The Protestant Episcopal Church of St. John's," in Carlisle. Upon consultation with the Wardens and Vestry of his church, it has been deemed expedient that he accept a call from a church in Charlestown, near Boston, which will afford a more extended field for his useful labors.

In a resolution of the Vestry, assenting to the separation, the respectable gentlemen composing that body, speak but the language of affection and regard for this distinguished minister, which is felt by the community of all denominations of christians when they affirm—"That there is the most entire and perfect unanimity throughout the whole congregation, expressive of the kindest and most affectionate feelings of regard for the Rev. Mr. Greenleaf, and of their regret to lose so valued a Pastor and friend." The following is the concluding resolution.

*Resolved.*—That the Rev. *Patrick. H. Greenleaf,* posesses the entire confidence and esteem of this Vestry and of the whole congregation, and in the spirit of good-will and kindness which are sincerely felt for him we cannot advise him to decline an invitation which offers so much advantage to himself, and promises as much perhaps for the interests of the church."

☞The committee appointed to investigate the affairs of the New York Custom House, have closed their labors and returned to Washington. Their report will be looked for with great interest.

Confirmed.—The nominations of Col. Todd, as Minister to Russia; Mr. Jenifer, as Minister to Austria; and Col. Wool, as Brigadier General, were confirmed by the Senate on Friday last.

Copper Ore, in large quantities, has been discovered in the vicinity of Wheeling, Virginia.

☞A. C. Dodge has been elected a delegate in Congress from the Territory of Wiskonsan. This gentleman, from his name, should belong to the Van Buren ranks. What a capital locofoco member of the Legislature of Pennsylvania he would make!

☞Let it be constantly *kept in mind,* and let no two Democrats meet and part without making it a subject of *special remark,* that the signs of the times indicate the downfall of the Porter Administration, and the triumphant election of Honest John Banks.

☞Governor Porter still refuses to sign the bill, giving the election of Canal Commissioners to the people.

☞When Governor Ritner's term of officce expired, the State Debt was $24,-230,000. Under Porter's Administration, the State Debt has been increased to the enormous sum of FORTY-ONE MILLIONS SIX HUNDRED & TWENTY SEVEN THOUSAND, TWO HUNDRED AND EIGHTY NINE DOLLARS, AND EIGHTY CENTS!! An increase of more than *Seventeen Millions of Dollars in two years and a half!*

## Whigs of Cumberland County!

We have the pleasure this week, of presenting to your consideration, the ticket formed by the Democratic Whig Convention. We confidently ask your co-operation in its support, and trust you will acquit yourselves of the task with that spirit which the importance of the cause requires.

In this country all power rests with the people, and it is essential to their interests, that a strict watch should be kept over the actions of their rulers. If it is a propensity of the human mind, to seek power, only to abuse it, rest assured that the present State Administration form no exception to the rule. They have perverted the power which has been placed in their hands to the worst purposes, and there is no relief, but in the prospect of a change. The conduct of Governor Porter exhibits a criminal indifference to the public welfare—he has no concern but to secure his re-election, and is careless of the means by which that object is effected. From every quarter of the State, complaints are heard of the unpardonable neglect of the locofoco office-holders, who are too intent on their own interests to regard the duties which the owe the public. Never, since the formation of the Government, have there been such exertions made to keep an administration in power. But the day of retribution is at hand—a party which has won its way by violence and corruption, must fall.

You cannot vote for David. R. Porter who has increased the State debt to the enormous sum of FORTY ONE MILLIONS OF DOLLARS—who refuses to give to the people, the power to elect the canal commissioners—who has purchased the services of his adherents, by money illegally drawn from the Treasury—who has been charged with recieving **99,000 dollars,** from the U. S. Bank for signing the suspension act of 1840, *and has not denied it*—who is opposed to a protective Tariff, which would give encouragement to our mechanics, and to the distribution of the proceeds of the public lands, which would give to Pennsylvania a sum, sufficient in a few years, to pay off her debt. As you are bound to oppose Gov. Porter, so will you also oppose the election of the men on the Porter ticket who have heretofore sustained him in his pernicious course.

Every day affords new proof, of the determination of the people to put an end to the present administration, and rally in favor of John Banks, who, in public has always sustained the best interests of Pennsylvania, and in private life the character of an honest, upright man. If you wish to see the credit of Pennsylvania redeemed—if you wish to see existing abuses reformed—if you have any regard for the interests of yourselves and your children, vote the ticket headed John Banks, and say to Porter and his army of officeholders

"YOUR RACE IS RUN."

## ILLINOIS REDEEMED!

The *Boston Post* has published the returns of the recent election in ILLINOIS, in connection with the result of the Presidential Election of 1840. Two Whigs (Stuart and Casey,) and one Locofoco (Reynolds,) have been returned to Congress.

| First District. | | |
|---|---|---|
| Majority for Reynolds, | | 1891 |
| " Van Buren in 1840, | | 3430 |
| Locofoco loss, | | 1539 |

Three counties remain to be heard from, which last November stood thus: 936 for Van Buren, 775 for Harrison. Judging from the above returns, they have probably given a small majority for Webb, making the majority in the district about 1800.

| Second District. | | | |
|---|---|---|---|
| 1841. | | 1840. | |
| Casey. | Anderson. | Harrison. | V. B. |
| 1838 | 1385 | 1596 | 2793 |
| Majority for Casey, | | 453 | |
| " Van Buren, | | 1197 | |
| Whig gain, | | 1650 | |

The returns in this district are complete. There can be no doubt of Casey's election.

| Third District. | | | |
|---|---|---|---|
| 1841. | | 1840. | |
| Ralston, | Stuart, | Harrison, | V. B. |
| 12,505 | 14,710 | 25,148 | 28,558 |

Three counties remain to be heard from, which in November stood, 467 for Harrison, 386 for Van Buren.

The following is the aggregate result throughout the State so far as heard from:

| | Whig maj. | Loco maj. |
|---|---|---|
| 1st District | 0 | 1891 |
| 2d District | 453 | 0 |
| 3d District | 2235 | 0 |
| | 2688 | 1891 |
| Whig majority thus far, | 797 | |

Six counties remain to be heard from in the State. In November they threw 1242 votes for Harrison, and 1322 for Van Buren. Supposing them to have done no better than then, it will still leave a Whig majority of *seven hundred and seventeen* in Illinois! So far, therefore, as the recent election is to be regarded as a test, Illinois is a Whig State!

Tennessee.—The Locofocos claim the result of the election in this state as a *victory!* What are the facts? In 1839 the locofocos elected Polk Governor, by a large majority, and carried both branches of the Legislature. Now, the Whigs have elected Jones by a majority of more than 4000, and have a majority in both branches of the Legislature, which secures 2 Whig United States Senators.

This is claiming a victory on the same ground that the fellow did who boasted, after a battle, that he had made the enemy run; and on being asked how? replied, "why, I ran, and the enemy ran after me!"

## CONGRESS.

In the Senate, the Revenue bill is still under discussion; the Fortification bill has also been sent to the Senate, for their concurrence in the amendments made to the bill in the House. The Bank bill is still in possession of a select Committee of the Senate.

The Land bill has been reported to the House from the Senate and referred to the Committee on lands. A bill has passed the house appropriating money for the relief of the Post Office department. There are no more bills of importance to be acted on by the House.

Mr. Pope of Kentucky, gave notice to the House, that he had prepared a bill to establish a Fiscal Bank, which he intended to offer, if the bill now under consideration should fail. Some of the prominent features of this bill are, that it is to be under the control of twenty six directors, appointed by the States—There is to be no private stock—and the dividends are to be distributed among the states according to their representation in Congress. The Bank is to have a capital of thirty millions, and to be based on the proceeds of the public lands, which are to be set apart and pledged for the use and support of the institution.

## The Fiscal Corporation.

The chief features of the bill are, that the parent institution is to be at Washington, with nine Directors—three appointed by the President of the United States.—Capital $21,000,000—one-third to be subscribed by the United States, any deficiency not exceeding one third, in individual subscriptions, may be made good by the U. States. The debts not to exceed $17,000,-000, over and above deposites.

The Corporation is to deal in nothing but gold and silver, and bills of exchange, foreign and domestic. The parent institution at Washington not to make purchases or sales of bills—nor loans, except to the United States.

The Corporation not to buy any public debt—and its debts of all sorts never to exceed its capital and 75 per cent. over.—Half yearly dividends at 3½ per cent may be made, and any surplus, when accumulated to the amount of two millions, to be paid into the Treasury. The Secretary of the Treasury, in case of any falling off in the semi-annual dividend, to make it up out of any surplus previously paid into the Treasury.

The directors to establish agencies where they please, or with the consent of the Secretary of the Treasury, to appoint banks as their agents. Neither the Corporation nor agencies to discount promissory notes.

Bills of $5 and upwards, may be issued, payable at Washington, or at an agency to be designated on the face of the bill; but wherever payable, such bills to be receivable for any debt to the bank.

When the circulation exceeds three times the specie, the corporation immediately to diminish its loans.

Should this bill become a law, the result, we doubt not, will be beneficial to the community. Every one must have confidence in the stability of such an institution. Dealing only in exchange, there can be no diminution of capital by bad loans; their business, therefore, will be perfectly safe, and at the same time sufficiently profitable to induce our monied men to subscribe for the stock.

The bill has been referred to a select committee of the Senate, and is still under their consideration.

☞The State Capitol Gazette of last week says, "*Democrats, awake!* Look to a proper organization. Start out your committees of vigilance."

We do hope the Gazette will attend to the Locofoco party, and not meddle with ours. When the Democrats want to get awake, they will wake themselves.

Keep it before the people, that David R. Porter has been repeatedly charged with receiving from the United States Bank NINETY-NINE THOUSAND DOLLARS for signing the suspension act of 1840, *and it has never been denied by himself or any of his friends.*

*Telegraph,*

## *LOCOFOCO TICKET.*

☞The Locofoco Convention, which met in the County Hall on Tuesday last, after some wrangling and confusion, nominated the following *piebald* ticket:—

*Assembly*—William Barr, Josi Culver.
*Commissioner*—Major Jacob Rehrar.
*Treasurer*—W. Montgomery Mateer.
*Director*—Samuel Graham.
*Auditor*—Peter Barnhart.
*Coroner*—James Williamson.

The above is certainly one of the weakest tickets ever presented to the people of Cumberland county for their support; and if the Whigs are only true to themselves—true to their brethren throughout the State—we will be able to riddle it all to pieces. Many of the prominent Locofocos in this borough assert that it was nominated by trickery and management, and declare that they will not support it!

☞Governor Porter has been enjoying himself at the Bedford Springs. He seems to have a relish for *strong waters.*

"No glasses affect the eyes more unfavorably than glasses of brandy."
*Yeoman.*

As Governor Porter said, when he was unable to *see* the difference between the *old* constitution and the *new.*

## The Land Bill.

☞We have just learned that the Land Bill, has passed finally and is now before the President for his approval. Thus will justice be done to the old States, despite the efforts of locofocoism. The Locofocos, in both branches of Congress, opposed the bill in every shape, but the Whigs have carried it through triumphantly. It will add to the revenue of Pennsylvania more than *half a million of dollars annually.* Let it not be forgotten, that the recreant Senators from Pennsylvania, Buchanan and Sturgeon, disregarded their instructions, and voted against the bill on its final passage.

The yeas and nays on the bill are as follows:—

Yeas.—Messrs. Archer, Barrow, Bates, Bayard, Berrien, Choate, Clay, of Kentucky, Clayton, Dixon, Evans, Graham, Henderson, Huntingdon, Kerr, Mangum, Merrick, Miller, Morehead, Phelps, Porter, Prentiss, Simmons, Smith, of Indiana, Southard, Tallmadge, White, Woodridge —27.

Nays—Messrs. Allen, Benton, Buchanan, Calhoun, Clay, of Alabama, Cuthbert, Fulton, King, Linn, McKoberts, Mouton, Nicholson, Pierce, Preston, Sevier, Smith, of Connecticut, Sturgeon, Tappan, Walker, Williams, Woodbury, Wright, Young—23.

☞ASTOUNDING FACTS.☜

Increase of the State Debt.

Tax-paying farmers of Pennsylvania! read the following and see the fruits of Gov. Porter's administration. If you are not satisfied with the correctness of our statements, or if some locofoco whose interest it is to deceive you, tells you they are "whig lies," we ask you to take up the annual official Reports of the Auditor General, State Treasurer, and Commissioner of the Internal Improvement Fund, made to the Legislature, and thus satisfy yourselves that the facts below stated are true to the figure. The books of the Auditor General's Office and State Treasury bear evidence of the truth of those astounding facts, which in all candor, we are about to inform you of—and such evidence cannot be impeached.

When Gov. Ritner came into office in 1835, the amount of money that had been borrowed and remained unpaid was $24,-589,743,32.

When he went out of office in January 1839, the amount of money so borrowed and remaining unpaid, including temporary loans, was $25,105,003,32.

This made an increase of debt both permanent and temporary, during Gov. Ritner's administration of $515,260.

When Gov. Porter came into office in January 1839, the amount of money borrowed and unpaid as left by Gov. Ritner, as above stated was $25,105,003,32.

Two years afterwards, the amount so borrowed and remaining unpaid was $33,-301,013,32.

Increase during two years of Governor Porter's administration, $8,196,010,00!!!

Nor is this all:—Since the last report of the Auditor General and State Treasurer, Gov. Porter has borrowed, exclusive of the loan of May 4, 1841, $1,248,342,15 which added to the two years increase, shows a nett in the money borrowed and unpaid during two and a half years of his administration of $9,444,352,15.

Tax-payers! are you aware of the amount of interest you are required to pay annually on this enormous debt? If not, we will show you, and ask you to look at the increase during Gov. Porter's term!

| | |
|---|---|
| In 1836 Gov. Ritner paid | $1,216,168 34 |
| 1837 do | 1,216,168 34 |
| 1838 do | 1,216,500 16 |
| ☞Ritner's 3 years | $3,641,853 93 |
| In 1839 Gov. Porter paid | $1,296,010 24 |
| 1840 do | 1,463,915 73 |
| 1841 do | 1,654,000 47 |
| | $4,413,932 44 |
| To which add premium paid in 1840, being the difference in value between notes and specie as per resolution of June 12, 1840, | $102,145 95 |
| Do in 1841, | 23,077 57 |
| ☞Total Porter's 3 years, | $4,539,156 14 |

Thus it will be seen, that the interest on the State debt actually paid during Gov. Porter's three years was $893,302,21 more than during Gov. Ritner's three years, or the average of each of Gov. Porter's years is 297,767,40 dollars more than Gov. Ritner's; this increase being 22,168,80 dollars, more than the average annual expenses, for all the ordinary maintainance of the State government during Gov. Ritner's administration!!

Farmers do you understand this? The amount of money to be paid each year for interest on the State debt, and to pay which you are taxed, has increased during Gov. Porter's administration more than the whole sum Gov. Ritner spent to keep the State government going!!!—*Harrisburg Telegraph.*

☞Our readers may observe that all the townships in the county were represented. Every thing passed off harmoniously; the delegates were in the best possible spirits and confident of victory.

## More conclusive proofs of the efficacy of Dr. Harlich's Celebrated Medicines.

Dear Sir:—I was afflicted with a bilious and nervous disease to a very alarming degree, with all the symptoms which so frequently effect a relaxed conpition, viz: giddiness in the head, violent tremors, chilliness, with a fixed pain in the right side, complexion bad, and costiveness; indeed I was in a most miserable condition. I had tried many remidies, but feund no perminent relief until I had purchased *Dr. Harlich's Compound Strengthening and German Aperient Pills,* which from their superior virtues, I was completely cured, and am able to purse my employment, free from pain or disease.

Pain or Weakness.—In all cases of pain or weakness, whether it be chronic or recnet—whether it be deafness or pain the side—whether it arise from constitutional, or from some immediate cause—whether it be from internal or external or external injury, it will be cured by persevering in the use of *Brandreth's Vegetable Universal Pills*—because purging with these pills those humors from the body is the true cure for all these complaints and every other form of disease. This is no mere assertion, it is a demonstrable truth, and each day is extending itself far and wide—it is becoming known and more and more appreciated.

When constant exercise cannot be used, from any cause, the occasional use of opening medicines, such an one as *Brandreth's Vegetable Universal Pills,* is absolutely required. Thus the conduits of the blood the fountains of life, are kept free from those impurities which would prevent its steady current ministering to health. Thus morbid humors are prevented from becoming mixed with. It is nature which is thus assisted through the means and outlets which she has provided for herself.

## MARKETS.

*Baltimore, August 28, 1841.*

CATTLE.—The market has not been so largely supplied with beef cattle as for several weeks past, the offerings at the drove yard amount to only about 200 head. All that were offered were readily sold at last week's prices, viz: inferior at $5, and prime quality at $6 per 100 lbs. The supply of live hogs at market during the week has been about equal to the demand, and prices have ranged from $4 87½ to $5 per 100 lbs. There are but few now in market.

An improved demand sprang up on Wednesday, and sales to the extent of about 1000 barrels were made at $6 37½, when the holders advanced the rate to $6 50.
