JOHN GRAY, Agt. Dr. Harlich's Pills.

The superiority of Dr. Haalich's pills over any other medicine that has ever been offered to the public, is that they cleanse purify and strengthen. These are important items, and their importance should not be overlooked. The system is liable, from improvidence and neglect, to accumulate bile, and a variety of diseased humors. To purge the system of the impurities, should be early attended to. If it be neglected, the patient my be subjected to painful disease and protracted suffering. The German Aperient, pills are admirably suited to this purpose, but more than this—while they cleanse the system they purify the blood, and assist nature kindly in her operations. The compound strengthening pills give tone to the stomach, while they impart vigor to the whole system; hence they are a desideratum, and no family should remain without them. In fact they are a sort of "Family Physician," but unlike the 'school men',—for these pills may be safely consulted in allegaes—they may be taken without injury in any—while they afford positive relief in many. We only ask for a fair trial of their merits, and are willing to abide the isane.

Read the following.—I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions, but obtained little or no relief; I was much alarmed.—Happening to be in Rochester, I was advised by my friend, Mr. Winslow to try a bottle of his BALSAM of Honshourd: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health.
