Cooking Stoves."

**Mail being aware that the people in this place and weinly, have been much imposed upon by the introduction of new and highly recommended articles which they have been induced to purchase, and which have been so slightly mude, and of sitch bad material, that in a short time they have failed and become useless. We, therefore, do not intend offering stoves for sale until they are fairly tried in this community, and pronounced more durable in their construction, better adapted to the purposes of boiling, baking and all the varieties of cooking than any other stove; also, that they are a great saving of fuel as well as labour. We carnestly invite farmers as well as residents of this place and the neighboring villages, to call on us at S. Wonderlich's hotel, or notify us by letters (postage unpaid) that they are willing to, tryour stove—and the stove shall be placed in the kitchen of every person giving us such notice, and taken away after trial, without any expense to persons making the trial.

The stoves will be kept for sale at the Tin Shop of Me. Jacob. Frielley, and at the Foundry of Messrs Lay and Stuffer, in Carliste.

Having contracted for One Hundred Tons of Castings, we will, all the different sizes, on the most liberal Cooking Stoves."

WILLIAM MOUDY.

Carlisie, Sept. 10, 1841.

Messes, E. Rabinson & Go.—Gentlemen, I have fairly tested the "Hot Air Stave" which you put up at my house, and can recommend it as possessing principles of engagey and convenience far surpassing any other store which I have ever seen.

The bottler coming in immediate contact with the fire gives it great facilities for boiling, and the oven is heated on such a principle that bread is haked in as fine a manner as in a brick oven. I find it also a great saying of fuel and labour, and would advise all to adopt it.

I do certify that I am mow using one of Hathaway's Patent Hot Air Cook Stoves, No. 3; and do recommend it as superior to any stove I have seen, the great saving of fuel, and the variety that can be cooking at the same time, makes it an object to those who wish to facilitate the operations of the kitchen.

COUCHS & COLDS,

THE CAUSE OF CONSUMPTION .- Simp THE CAUSE OF CONSUMPTION.—Simple as these complaints are usually considered, no one can deny their being the most common cause of this fatal and distressing disease. It is indeed a melancholy truth, that thousands full victims to Consumption every year from no other cause than neglected colds. Yet we find hundreds, my thousands who treat such complaints with the greatest indifference and let them run on for weeks and even months with and let them run on for weeks and even months without thinking of the danger. At first you have what you may consider a slight cough or cold; you allow business, pleasure or carelessness to prevent you from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood, a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this distressing complaint. If then you value life or health, be warned in time, and don't trifle with your COLD; or trust to any quack nostrum to care you, but immediately procure a bottle or two of that famous remedy, the "Balsam or Wild Omerity," which is well known to be the most speedy cure ever known, as thousands will testify whose lives have been saved by it. ives have been saved by it.

The very particular when you purchase to ask for "Dr. Wistar's Balsam of Wild Cherry," as there is also a synup of this name in use.

else had failed. Read the following undoubted proofs of its efficacy.

Rottsonough, Sept. 10 1841.

Dear Sir:—Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me hefore. I have taken nearly all of the first two, and confidently believed this medicine will cure me. I have used a great many wemedies within the last year, but have neverfound any thing that has relieved me so much. It has atopped my cough entirely, checked my night aweats, and I sleep better at night and feel better in every way than I have for many months. Yours, respectfully, James Kelly. Holmesburg, Sept. 12. 1841.

FRIEND WISTER:—I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles in all, and can assure thee that it has done me more good than all the medi-oine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend, Jacon Holloway.

Baisrot, Sept. 8 1841.

Dear Doctor.—Hearing so many people talk of the wonderful cures your Balsam of Wild Cherry has made in Consumption, I sent to one of your Agents the other day for a bottle, and have found it to have relieved me so much, that I want three botmore sent-soon, as I believe it will cure me too. I have used Jayne's Expectorant and other medicines besides, but nothing has ever done me as much good as yours has. Send by the steamboat Boliver.

Yours truly, WILLIAM THOMAS.

Besides its astonishing efficacy in Consum tion, it is also the most effectual remedy ever discovered for LIVER COMPLAINTS, ASTHMA BRONCHITIS, COUGHS, CROUP, WHOOP ING COUGH, &c., as hundreds will testify who have been cured by it after all other remedies had follow

failed.

DRUGGIST'S and DEALERS will find this medicine a valuable addition to their stock, and should always keep it on hand, as it is universally acknowledged to be one of the most useful family medicines now in use.

CROUP IN CHILDREN.

CROUP IN CHILDREN.

MOTHERS, BE ON YOUR GUARD.—This is the season when this destructive complaint attacks your interesting little children, often robs you of those you fondly dont on, and carrieshundreds to the grave. Every mother should therefore, know its symptoms, watch them closely, and always be prepared with a remedy to cure it, as many are daily sacrificed by such neglect. At first the little patient is, seized with a shivering, it grows restless, has flushes of heat, the eyes become red and swollen, it breaths with difficulty, and then comes that fearful covers that will surely terminately in convulsions or death unless something is immediately given to check it. In this complaint the "Balsam of Wild Cherry," is well known to be the most speedy cure ever discovered. It is indeed a precious remedymid, safe and innocent, and is sure to give the little sufferer immediate relief, and quickly restore it to safety and health. Families residing in the country and indeed every mother who loves her children, should always keep this medicine in the house and give it to them early, by doing so you may often save the life of one you tondly love. Remember this is the famous remedy of this distiguished physician, Dr. Wistar, which has cured thousands of CROUP, WHOOPING COUGH, ASTHMA, CONSUMPTION, &c., after every other medicine has failed.

This extraordinary chemical composition; the result of science and the invention of a celebrated medical man, the introduction of which to the public usai man, the introduction of which to the public was invested with the solemnity of a death-bed bequest, has since gained a reputation unparalleled. fully sustaining the correctness of the lamented Dr. Gridlley's fast confession, 'that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequesthed to his friend and attendant, Solomon Hays, the secret of his discovery.

of his friend and attendant, Solomon mays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the PILES, and also extensively and effectually as to baffle credulity, unless where its effects are witnessed. Externally in the following complaints: ng complaints:
For Dropsy---Creating extraordinary absorption

tonce.
Swellings---Reducing them in a few hours.
Rheumatism----Acute or chronic, giving quick

Sore Throat---By cancers ulgers, or colds.

Croup and Whooping-Cough----Externally and over the chest.

All Bruisos, Sprains, and Burns--- Cured in a few Soresand Ulcers---Whether fresh or long stand-

ing, and fover sores.

Its operation upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles, is "It acts liken charm." acts like a charm."

THE PILES.—The price, \$1, is refunded to any person who will use a bottle of Hays' Liniment for the Piles, and return the empty bottle without being the property of the

the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the agents, and out of many thousands sold, not one has been unsuccessful.

We might insert certificates to any length, but prefer that those who sell the article, should exhibit the original to purchasers.

To Physicians and Patients. The Blind Piles, said to be incurable by external applications.—Solomon Hays warrants the contrary. His-Liniment will cure Blind Piles. Facts are more stubborn than theories. He solicits all respectable physicians to try it upon their patients. It will do them no harm, and it is known that every physician who has had the honesty to make the trial, has candidly admitted that it has succeeded in every case they have known. Then why not use it? It is the recipe of one of theirmost respectable members, now deceased: Why refuse to use it? Because it is sold as a proprietary medicine? Is this a sufficient exdeceased: Why refuse to use it? Because it is sold as a proprietary medicine? Is this a sufficient excuse for suffering their, honest patients to linger in distress? We think not. Physicians shall be convinced that there is no humbur or quackery about this article.—Why then not alleviate human suffering? If they won't try it before, let them after all other prescriptions fail. Physicians are respectfully requested to dothemselves and patients the justice to use this article. It shall be taken from the bottles and done up as their prescription if they desire.

DR. SPOHN'S

The Panacea Blood pills are prepared expressly for the strengthening of every part of the system and healing all deers and sores, purifying and removing all had humors from the blood, which is often brought on from too much sitting or standing, or by exposure from sudden heat to cold. Weakly debilitated persons are particulary advised to use them, as they strengthen the body in a superior manner; they are not intended to operate on the blood, as too much purging will destroy any weakly constitution, and has carried off its thousands to a world unknown to us. Take the advice of one who studies to save life and not to kill; wenkly and debilitated persons should not purge more than once a year as it often times brings on costiveness.
