Or, Pulmonary Consumption, is a very prevalent disease, and carries millions to the cold and silent grave. Delicate young Females commonly fall a prey to this fell destroyer of human life. This disease commences at first with a dry hacking cough, pain in the side and breast, loss of app tite and restless nights. At length a wasting or decay of the whole body is perceived, which is called by many Consumption, or "going into a decline," a complaint that thousands are laboring under" with faint hopes of ever recovering, not knowing that there is a medicine existing which will afford relief even in the last stages. ACOB FRIDLEY & ELIAZER ROBINSON having entered into Co-Partnership, in the Tin Copper and Stove business, under the firm of FRIDLEY & ROBINSON, respectfully inform the public that they intend carrying on their business in aff its branches, at the old stand of Jacob Fridley, North Hanover street Carlisle; where they will at all times be prepared to extra prechases with at all times, be propared to serve purchasers with any article in their line, on the most reasonable terms.

In addition to all other varieties of stoves, which they will constantly have on hand, they have purchus-ed of Mr. J. G. Hathaway, the exclusive right to manufacture and sell, in the counties of Cumber-

Hathaway's Patent "Hot Air Cooking Stoves."

And being aware that the people in this place and vicinity, have been much imposed upon by the introduction of new and highly recommended articles which they have been induced to purchase, and which have been so siightly made, and of such bad material, that in a short time they have failed and become suscless. We, therefore, do not intend offering stoves for sale until they are fairly tried in this community, and pronounced more durable in their construction, better adapted to the purposes of boiling; baking and all the varieties of cooking than any other stove; also, that they are a great saving of fuel as well as labour.

We carnestly invite farmers as well as residents of this place and the neighboring villages, to call on us at S. Wonderdich's hotel, or notify us by betters (postage unpaid) that they are willing to try our stove—and the stove shall be placed in the kitchen of every person giving us such notice, and taken away after trial, without any expense to persons making the trial.

Carlisle Sept. 12, 1841.

I have in use in my kitchen one of Hathaways patent flot Air Coeking Stoves, and can recommend it as a very superior article. The one I have is No. 3. It has 5 boilers and an oven sufficiently large to bake six loves of bread. The baking, roasting and broiling can all be done at the same time and with meuh less wood than is required for any stove which we have used.

This size appears to be peculiarly calculated for Farners, and for their benefit I invite them to call and see this stove in use, as I shall take pleasure in showing this stove to all whom: interest or curiosity may induce to examine it.

SIMON WUNDERLICH.

Garlisle, Sept. 11, 1841.

Messys. E. Robinson & Co.—Gentlenen, I have during the few days I have had your Hathaway's Hot Air Stove in use, become convinced of its great superiority over all other stoves I have used or seen. I find by the trial that boiling, roasting, baking and broiling may all be done at the same time, in a most perfect manner, and with less than one fourth the fuel I have ordinarily used for the same purposes. I have heretofore been of the opinion that bread gould not be well baked in a cooking stove, but I am convinced upon trial that it can be done as well in your stove as in a brick oven.

I believe that the general introduction of your stove into use will be very beneficial to the public, therefore I shall take pleasure in recommending it to my friends. Yours respectfully.

COUGHS & COLDS,

THE CAUSE OF CONSUMPTION.—Simple THE CAUSE OF CONSUMPTION.—Simple as these complaints are jusually considered, no one can deny their being the most common cause of this fatal and distressing disease. It is indeed, a melancholy truth, that thousands fall victims to Consumption evdry year from no other cause than ineglected colds. Yet we shad bundreds, nay thousands who treat such complaints with the greatest indifference, and let them run on for weeks and even months without thisking of the danger. At first you have what you may consider a slight cough or cold; you allow business, pleasure or carelessness to preventyou from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the side or chest, expectorate large quantities of snatter, perhaps mixed with blood, a difficulty of breathing ensues, and then you find your own foolish neglect has brought-on-this distressing complaint.—If then-you value life or health, be warned in time, and don't trifle with your Cold, or trust to any quack nostrum trifle with your Cold, or trust to any quack nostrum to cure you, but immediately procure a bottle or two of that famous remedy, the "Balsam or Wild Cherry," which is well known to be the most speedy cure ever known, as thousands will testify who lives have been saved by it.

Harper's Ferry, August 11, 1840.

Dr. Wm. Daviks.—Dear Siri—I am happy to inform you and the public, that I have been cured of that dreadful disease the Rheumatism, by taking your Family Pills. I have been labering under that disease for more than a year, during which time I tried the skill of the best physician without effect; at length I was induced to try your medicine; I found relief after taking half a box, I continued to take them until I had taken five boxes; myage is 71 years, and Iconsider that none but the old and rheumatic persons know how grateful I feel to the medicine that has restored me to health.

Yours, respectfully, JOHN DIE.

Yours, respectfully, WE, the undersigned are agents at Harper's Ferry for the sale of Dr. Davies' Family Pills, we know our neighbour, Mr. Dye, sold him the pills of which he speaks so highly, and believe his statement to be substantially true.

Respectfully, W. & S. B. Anderson.
