Medicated Extract of Sarsa-

parilla. ONE HUNDRED DOLLARS

VILL be forfeited by Dr. N. B. LEIDY, for a preparation of Sarsaparilla equal to his Medicated Extract of Sarsaparilla. It is positively the strongest preparation of Sarsa-parilla in existence. ONE BOTTLE is equal to six pints of any other Syrup that is made, and is bought by numerous persons throughout the city and country for making therefrom, and who sell it at seventy-five cents or one dollar per bottle (about half a pint.)

country for making therefrom, and who sell it at seventy-five cents or one dollar per bottle (about half a pint.)

The efficacy of Sarsaparilla is well known in Scrofula or King's Evil, Erysipelas, Diseases of the Liver, Affection of the Skin and Bones, Ulcers of the Nose, Throat and Body, as well as an Antidote to Mercury and the Minerals, Constitutional Discases, and a general purifier of the Blood and Animal Fluids. Comment upon its virtues is unnecessary, every body knows its efficacy. It is only necessary, when using it to get a good preparation of it, and then there will be no disappointment in its effects.

Dr. Leidy would refer to the most respectable physicians in Philadelphia, as well as throughout the United States, for the character of his preparation, as well also to the numerous certificates from physicians and others, that have been from time to time published, now deemed unnecessary, as the character cans and others, that have been from time to time published, now deemed unnecessary, as the character of his preparation is firmly established. Throughout the Southern States it is used altogether, and throughout the North takes the precedence over all others, particularly among the physicians, who, for the benefit of their patients, always recommend it.

having entered into Co-Partnership, in the Tin Copper and Stove business, under the firm of FRIDLEY & ROBINSON, respectfully inform the business in all its branches, at the old stand of Jacob Fridley, North-Hanover-street Carlisley—where they—will-at all times, be propared to serve purchasers with an article in their line, on the most reasonable terms.

In addition to all other varieties of stoves, which they will constantly have on hand, they have purchases. they will constantly have on hand, they have purchased of Mr. J. G. Hathaway, the exclusive right to manufacture and sell, in the counties of Cumberland and Dauphin Hathaway's Patent "Hot Air

Cooking Stoves." And being aware that the people in this place and vicinity, have been much imposed upon by the introduction of new and highly recommended articles which they have been induced to purchase, and which have been so slightly made, and ot such had material, that in a short-time they have falled and become uscless. We, therefore, do not intend officing stoves for sale until they are fairly tried in this community, and pronounced more durable in their construction, better adapted to the purposes of boiling, baking and all the varieties of cooking than any other stove; also, that they are a great saving of fuel as well as labour.

We carnestly invite farmers as well as residents of this place and the neighboring villages, to call on us at S. Wonderlich's hotel, or notify us by letters (postage unpaid) that they are willing to try our stove—and the stove shall be placed in the kitchen of every person giving us such notice; and taken away after trial, withoutany expense to persons making the trial.

The stoves will be kept for sale at the Tin Shop of Mr. Jacob Fridley, and at the Foundry of Messrs. Lay and Stouffer, in Carlisle.

Having contracted for One Hundred Tons of Castings, we will, in a few days, supply stove dealers with all the different sizes, on the most liberal terms. terms.

ELEAZOR ROBINSON, of Carlisle, is agent for selling the right to make and vend the HOT AIR STOVE, and will dispose of counties in this and the

I have in use in my kitchen one of Hathaways patent Hot. Air Cooking Stoves, and can recommend it as a very superior article. The one I have is No. 3. It has 5 boilers and an oven sufficiently large to bake six loves of bread. The baking, roasting and broiling can all be done at the same time and with methless world than is required for any stove which we have used.

SIMON WUNDERLICH.

Carlisle, Sept. 11,1841.

Messrs. E. Robinson & Co.—Gertlenen, I have during the few days I have had your Hallaway's Hot Air Stove in use, become convinced of its great superiority over all other stoves I have used to seen. I find by the trial that boiling, roasting, baking and broiling may all be done at the same time, in a most perfect manner, and with less than one fourth the fuel I have ordinarily used for the same purposes. I have herectore been of the opinion that bread could not be well baked in a cooking stove, but I am convinced upon trial that it can be done as well in your stove as in a brick oven.

I believe that the general factories are represented by the properties of the same in use.

WILLIAM MOUDY.
Carlisle, Sept. 10, 1841.

Messrs. E. Robinson & Co — Gentlemen, I have fairly tested the "Hot Air Stove" which you put up at my house, and can recommend it as possessing principles of economy and convenience far surpassing any other stove which I have ever seen.

The boilers coming in immediate contact with the fire gives it great facilities for boiling, and the oven is heated on such a principle that bread is baked in as fine a manner as in a brick oven. I find it also a great saving of fuel and labour, and would advise all to adopt it.

CROUP IN CHILDREN.

MOTHERS, BE ON YOUR GUARD.—This is the season when this destructive complaint attacks your interesting little children, often robs you of those you fondly doat on, and carrieshundreds to the grave. Every mother should therefore, know its symptoms, watch them closely, and always be propared with a semedy to cure it, as many are daily sacrificed by such neglect. At first the little patient is seized with a shivering, it grows restless, has flushes of heat, the eyes become-red and swollen, it breaths with difficulty, and then comes that fearful cough that will surely terminate in convulsions or death unless something is immediately given to check it. In this complaint the "Balsam of Willd Cherry," is well known to be the most speedy cure ever discovered. It is indeed a precious remedy—mild, safe and innocent, and is sure to give the little sufferer immediate relief, and quickly restore it to safety and health. Families residing in the country and indeed every mother who loves her children, should always keep this medicine in the house and give it to them early, by doing so you may often save the life of one you fondly love. Remember this is the famous remedy of this distiguished physician, Dr. Wistar, which has cured thousands of CROUP. WHOOPING COUGH, ASTHMA, CONSUMPTION, &c., after every other medicine has failed.
