Carlisic, June 1, 1842. GROUP IN GHILDREN.

This is the season when this destructive complaint attacks your interesting little children, often robs you of those you fondly doat on, and carries hundreds to the grave. Every mother should therefore, know its symptoms, watch them closely, and slways be prepared with a remedy as many are daily sacrificed by such neglect. At first the little patient is seized with a shivering, it grows restless, has flushes of heat, the eyes become red and swollen, it breathes with difficulty, and then comes that featful Couch that will surely terminate in convulsions or death unless something is immediately given to check it. In this complaint the "Balsam of. Wild Cherry" is well known to be the most speedy ever dicovered. It is indeed a precious remedy—mild, safe and innocent, and is sure to give the sufferer immediate relief, and T. Clyda (Chas. S. Folwell Clair. This more) and the desired dark.

And being aware that the people in this place and vicinity, have been much imposed upon by the introduction of new and highly recommended articles which they have been induced to purchase, and which have been so slightly made, and of such bad material, that in a short time they have failed and become useless. We, therefore, do not intend offering stoves for sale until they are fairly tried in this community, and oronounadapted to the purposes of boiling, baking and all the varieties of cooking than any other stove; tf.22 also, that they are a great saving of fuel as well
