

**The Allies of Labor Freedom**  
The new papers of England are highly indignant at the passage of the Tariff Bill, and join with the laborers of this country in their protest against it. Like Mr. Buchanan, they are in favor of a high protective tariff to protect American Industries from the competition of cheap foreign paper labor. This latter complaint of the blow dealt by the American Tariff to the property of Manchester and Birmingham. As soon, however, as the laborers obtain the ascendancy in Congress, the tariff will be so modified as to suit the views of their British allies, and we shall then hear no more complaints from that quarter.

**PEASE'S CANDY**  
This pleasant Medicine is formed by a combination of twenty different ingredients, all celebrated for their cure of Colds, Coughs, and Pulmonary Complaints; and by its combination, if one of these articles should be used separately and afford no relief, the EXTRACT OF HOARHOOND being so amalgamated, that the benefit of the whole is experienced in one Compound. It is a most valuable medicine, and has been used for half a century, and is first brought before the public. It was held with no previous announcement of its merit or value; but was introduced by the proprietors to the community to stand by their decision, as regarded its beneficial influence. That decision has been attained in a manner altogether unexpected. The unsought acknowledgment of its worth, has proceeded spontaneously from thousands, who have experienced its benefits throughout the country. And why is it so? Because the trial of its qualities in Coughs and Colds, Hoarseness, Irritation of the Throat, Croup, Whooping Cough, Asthma, Catarrhs, Palpitation of the Heart, Liver Complaint, Night Sweats, difficult or profuse Expectoration, and all diseases leading to the consumption, has given it a value that no other similar medicine has ever attained. Complaints of the lungs are the most dangerous and at the same time most prevalent of all diseases. Our climate is most peculiar; it changes suddenly from extreme warmth to extreme cold, from wet to dry, and it is from this change in the climate that diseases are apt to arise. When the blood is in an unhealthy state, and the constitution generally debilitated, if a cold sets in and is not immediately relieved, it will gradually settle together against the patient attacked, it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be cured to such a length that no medicine or physician in the world can save the patient attacked. This should be remembered by all; the safety of life is prepared to time. At the symptoms of a Cough or Catarrh, THIS CLARIFIED ESSENCE OF HOARHOOND CANDY should be freely used according to directions; and in every case where it is so used in proper time, the Cough or Cold will be broken up or eradicated. We feel it our duty to impress this upon every one—remedies must be taken in time. The following is one of a thousand certificates the proprietor could show, attesting the virtue of his remedy: I have experimentally tested the virtues of your Clarified Essence of Hoarhoond Candy, and would recommend it to be universally used by all those whose lungs are affected by a cold or cough, and who are desirous of eradicating it without it. Formerly, Pastor of M. E. Church, York, Pa. Remember, each package of the genuine Hoarhoond Candy is signed J. PEASE & SON. All letters, post paid, directed to J. Pease & Son, 45 Division Street, N. Y. will be punctually attended to. Merchants and stockholders in this vicinity can be supplied by applying to Messrs. Myers & Haverstick, who have a large and fresh supply direct from the Manufacturer. Nov. 2, 1842.

**CONSUMPTION OF THE LUNGS.**  
Affecting of the Liver, Asthma, Bronchitis, Pain or weakness of the Breast or Lungs, Chronic Cough, Hemoptoe, Spitting of Blood, and all other Affections of the Pulmonary Organs, and the NATURE'S OWN PRESCRIPTION.  
It is a compound Balsamic preparation of the *Prunella virginiana* or Wild Cherry Bark, combined with the most valuable medicinal ingredients, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered. NO QUACKERY!! NO DECEPTION.  
In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under affliction, nor do we wish to exaggerate its more than justly deserved merits. When we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot manage our claims too strongly, or too much in its favor.  
Various cures have been offered and its efficacy to relieve the cure of disease of the Lungs, and some have no doubt been found very useful, but all that have yet been discovered, it is admitted by physicians, are inferior to its effects, that none has proved as successful as this. Such, indeed, are the **SURVIVING VIRTUES** of this Balsam, that even in the most advanced stage of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this Balsam is the most productive of the most astonishing relief, and is usually attended after all hopes of recovery had been despaired of. In the first stages of the disease, termed *Catarrh of the Lungs*, it is equally successful, and has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this Balsam. It is a most valuable form of Consumption, so prevalent among delicate young females, commonly termed *debility*, or **WOMEN TO INFLUENCE**.
