ANNUAL REPORT
Of the Cumberland County Temperance Society.

Your Executive Committee, on retiring from office, beg leave to present the following Report:

We commenced our operations one year ago, with an examination of the list of members who had signed the pledge, or being old members had re-signed it within the year, and which was reported to contain 483 names. Twenty-six were found to have left the borough, and four were struck from the list for violation of the pledge, after faithful but ineffectual efforts to reclaim them; leaving a society numbering 453, when we commenced the active duties of our office.

In pursuance of the recommendation of our predecessors in office, and of a usage which we hope will be considered the settled policy of the society, soon after we came into office we distributed to every family of the borough a circular and pledge, which last being collected by committees of the society, were found to contain a large number of names never before given to our society or to any temperance pledge. Indeed many names came in which one year before were withheld, even after the expostulations of the committees who visited the several wards. The new signers to our pledge this year number 307, making our society at present to consist of 760 members.

Our society, through the agency of your committee, has rendered essential service to several of the neighboring societies—always having sent out delegations to their aid, whenever called on. The Dragoon Temperance Society was often visited by deputations from ours, till its removal with the troops of which it was composed.

We were at some pains to ascertain the number of taverns and distilleries in the county during 1841. The tavern licenses taken out were 64, and the number of distilleries in operation 28. Of the taverns, 9 belonged to our borough, and are still in operation—all trafficking in intoxicating drinks; and it is believed that there is also much drinking at several of the groceries in town, which retail liquor without a license. The number of taverns in the county is less by only *one* this year than last. We make this record of the shame of our county and borough, confidently believing that the time will soon come when the voice of the friends of good order and of suffering humanity shall be heard; though with sadness of heart we still see the professed friends of temperance petitioning for tavern licenses, and sharing the profits of the traffic. In behalf of the families among us already broken with grief, in behalf of the deluded sufferers from this traffic, as well as of those whose habits are now but just forming for future ruin, we would entreat all such to pause before they give their countenance to business so full of mischief to all the best interests of society.

On the 12th of April, by resolution of your committee, Mr. Krause and other gentlemen from Harrisburg, were invited to Carlisle for the purpose of forming a Washington Society. This enterprise was encouraged by your committee in every way in their power; and the results you are all familiar with.

In regard to public meetings in the borough of Carlisle, we have been deterred from holding any, for the same reasons which had existed for a year and a half before. We find, however, at the present time, though temperance meetings are frequent among us, that there is a large portion of the community who never attend them, and who consequently derive no direct benefits from them. We suggest, as a partial remedy for this evil, the opening of a Monthly Temperance Meeting, to be held successively in the various churches of the borough, at such times as not to interfere with the regular meetings of the other societies. This would at least have the advantage of inviting the attendance of the *ladies*, on whose influence we so essentially depend for the triumph of our cause, but which we have never yet been able very fully to command. This measure we earnestly recommend to those who may succeed us in our office.

We also recommend an early circulation of the pledge through the borough, which has been done the last two years with such signal benefit. Many of the children who joined in the temperance procession of the 4th of July, were recognized as the members of our society, whose names often stand recorded on the same pledge with those of their parents. To such we must look to sustain the temperance cause when we shall lie down in our graves. Nor shall we look in vain, if those whom God has made their natural guardians and others do their duty. They may never know the temptations which others feel to violate the pledge they have so early given.

This presents to us a third suggestion to our successors; which is, that they would consider the propriety of organizing Juvenile Temperance Societies both in the borough and in other parts of the county. The saving of a boy from becoming a drunkard shall be an infinitely greater blessing to the world, than the reformation of a man who has already wasted his moral powers, and done perhaps more injury by his early example, than he can ever counteract by the best use of his remaining influence. And matter of fact proves, that too often those who are thus rescued, are saved but to make their subsequent ruin the more preposterous.

There is a small debt due for printing, which our successors will, we think, be able fully to meet by the aid of a list of annual subscribers to the funds of the society, which we transmit to them.

We close with the expression of a belief, that the cause of temperance has, on the whole, made great advances in our town and county, during the past year. A greater number of new societies have been organized during the last year than ever before; and of the distilleries it is believed scarcely one is now in successful operation. Those have been closed, however, we fear, oftener from pecuniary than from moral considerations. But we cannot bring ourselves to believe, in view of the moral change which everywhere accompanies the suppression of these destructive fires, that they will ever again be rekindled. And yet we are admonished by the experience of the past, that ours is a cause which needs constant care to secure its onward march, inasmuch as its enemies are everywhere and at all times on the alert, to take advantage of the remissness or negligence of its friends.

The society in whose name we now speak has, we believe, always gone for the *cause of temperance*, rather than for the interests of *our society*. So may it always continue to be. Nothing could be by us more devoutly wished, than that the time should come when our labors in the temperance cause can be dispensed with. Till that time shall come, we, as a society, must be at our post of duty; and we now, as heretofore, most cordially invite all whose *principles* are the same with ours, to join with us in our war against a common foe. With our predecessors for the last two years, we have failed to find any good reason why two temperance societies should exist in Carlisle, recognizing the same pledge.

State Debts.—The Hon. Wm. C. Johnson states, in a letter recently published, that his project for the assumption of the debts of the States by the General Government is steadily gaining favor among the people. We are glad to find that such is the fact. An investigation of the project will prove it to be no such bug-bear as its enemies would fain make it appear, and all that is necessary to its final success is, that its design and effect may be generally understood.

The probability is becoming stronger, that assumption is the only alternative to repudiation.—The Governor of Illinois officially recommends that the State be put into liquidation, confess bankruptcy, and acknowledge her utter inability to pay her debts. Indiana is in very nearly a similar situation, and Maryland and Pennsylvania have already resorted to virtual repudiation.—The resources of Pennsylvania are very great, but her citizens will not submit for years to the taxes necessary to discharge her enormous obligations.—*Lancaster Examiner.*

PEASE'S CANDY.

This pleasant Medicine is formed by a combination of twenty different ingredients, all celebrated for the cure of Colds, Coughs, and Pulmonic Complaints; and by its combination, if one of these articles should be used separately and afford no relief, in the EXTRACT OF HOARHOUND they are so amalgamated, that the benefit of the whole is experienced in one Compound.

About three years and a half ago, this article was first brought before the public. It was heralded with no previous announcement of its merit or value; but was introduced by the proprietors to the community to stand by their decision, as regarded its beneficial influence. That decision has been attained in a manner altogether unexpected. The unsought acknowledgement of its worth has proceeded spontaneously from thousands, who have experienced its benefits throughout the country. And why is it so? Because the trial of its qualities in Coughs and Colds, Hoarseness, Irritation of the Throat, Croup, Whooping Cough, Asthma, Catarrhs, Palpitation of the Heart, Liver Complaint, Night Sweats, difficult or profuse Expectoration, and all diseases leading to Consumption, has given it a value that no other similar medicine has ever reached.

Complaints of the lungs are the most dangerous and at the same time most prevalent of all diseases. Our climate is most peculiar; it changes suddenly from extreme warmth to extreme cold, from wet to dry, and it is from this change in the climate that diseases are apt to arise.

When the blood is in an unhealthy state, and the constitution naturally delicate, if a cold sets in and no immediate relief takes place, the changes are altogether against the patient attacked; it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to go such a length that no medicine or physician in the world can save the person attacked.

This should be remembered by all; the safety of life is, to be prepared in time. At the symptoms of a Cold, Cough or Chillfines, THE CLARIFIED ESSENCE OF HOARHOUND CANDY, should be freely used according to directions; and in every case where it is so used in *proper time*, the Cough or Cold will be broken up or eradicated. We feel it our duty to impress this upon every one—all remedies must be taken in time.

The following is one of a thousand certificates the proprietor could show, attesting the virtue of his remedy.

"I have experimentally tested the virtues of your Clarified Essence of Hoarhound Candy, and would recommend it to be universally used by all those whose lungs are exposed—no public speaker should be without it. Rev. Mr. Lyon,
Formerly Pastor of M. E. Church, York, Pa.

Remember, each package of the genuine Hoarhound Candy is signed J. Pease & Son.

All letters, post paid, directed to J. Pease & Son, 45 Division street, N Y, will be punctually attended to.

☞ Merchants in the country wishing Pease's Hoarhound Candy can obtain it at the manufacturer's in vest terms, by sending an order to any one in the city with whom they have dealings.

☞ Merchants and storekeepers in this vicinity can be supplied by applying to Messrs. Myers & Haverstick, who have a large and fresh supply direct from the Manufacturer.

REVIEW OF THE MARKETS.

BALTIMORE, Dec. 31, 1842.

BEEF CATTLE.—The supply has been light this week, and prices in consequence ruled high; the number offered did not exceed 200, all of which were taken at $3 to 5 50 per 100 lbs. and a few we have understood, sold at something higher. Live Hogs have sold at 3 25 to 3 50, and dressed at 3 50 to 3 75 per 100 lbs.

FLOUR.—City Mills may be quoted $4 12½ per bbl. full; and we have had no sales reported at a less price. Howard street has sold to a considerable extent at 4 per bbl. which is the fair market price from store, and 3 88½ the car and wagon price. No Susquehanna in mark t

GRAIN.—No arrivals of Wheat to any extent, except by land conveyance, and the small lots thus received have been taken at rather improved rates.—Our previously quoted prices, however, we continue, 85 to 90 cents for good to prime, and inferior qualities proportionately less. White Corn is taken at 41 to 42 cents, and yellow 42 to 43. Oats continue as last week, 22 to 23 cents per bushel.

WHISKEY.—Sold at 22½ cents, and bbls at 25, the latter with difficulty obtained.

PHILADELPHIA, Dec 31. 1842.

FLOUR & MEAL.—Since last week Flour has declined a trifle, with the falling off of the export demand, and sales of several parcels (one of 750 bbls) at $4 12½ per bbl, at which rate it is freely offered; stocks are moderate, and no receipts by water; in Broad street the receipts are about 800 bbls per day. Rye Flour is quiet at 2 87½ per bbl. Corn Meal has been in some demand, and has improved slightly; sales of Penna at 2 12½ a 2 19 per bbl, with very small stock on hand; very little Brandywine in market, last sale was at 2 50 per bbl. Cleared this week for foreign ports 2220 bbls Flour, 322 hhds and 556 bbls Corn Meal.

GRAIN.—Since the receipts by water have ceased very little has been done in the way of sales. Wheat may be quoted at 87 a 90c per bushel for prime Penna; no sales of Southern. Sales of Southern Oats at 22c per bushel. Southern yellow flat Corn 43 a 44c, and white do 40c per bushel. Cleared this week 980 bushels Corn for the West Indies.

WHISKEY—21c in hhds, and 22c per gal. in bbls.

TO THE PUBLIC.

AS the business of MOSES MYERS, who is engaged as a Millwright, in Lebanon township, Adams county, has been injured to some extent by the evidence in a late law suit between myself and David Cockley of Lancaster, in which it was represented that the machinery in my mill had not operated properly on account of defects in the wheels constructed by Mr. Myers. I deem it an act of justice to Mr Myers to state to the public that I did not and do not believe such to be the case. And I would hereby recommend him as a first rate workman, the evidence of which can be found by examining the machinery of the mill now owned by me.

BEAUTY AND ECONOMY.

Superior Fine Beaver Hats, $4,25.

BUT little more than three months have elapsed since the subscriber submitted for the inspection of the Public his superior fine

Fur Hats, at the low price of $4,25,

Equal in all respects, to the most costly (and with which he challenges a comparison,) and in this short period of time, he has more than realized his most sanguine expectations. He would therefore take this opportunity of making his grateful acknowledgments to a discerning Public, and also of expressing his gratitude to his former friends and patrons, who have so generally called on him since his re-establishment in business—as it is a proof that he has heretofore given satisfaction. He will now use every exertion, not only to please the fancy, but to furnish the

Cheapest and best Hat in the City.

This he is enabled to do from his practical knowledge, and peculiarly *ECONOMICAL CASH SYSTEM OF BUSINESS*, at less price than they can be offered by those who are mere buyers and sellers, and still adhere to the old credit system, with high rents and extravagant expenses. In proof of his position, he has introduced for the inspection of the public, a

SUPERIOR FINE NUTRIA HAT,

On fine Russia body, at the unprecedented low price of *THREE DOLLARS & FIFTY CENTS!!!*

Equal in any respect to those sold under the old system, at $4 and $5.

The above named price will be strictly adhered to, and he trusts his friends who order their hats sent home, will not be offended should the bill be sent at the same time, or soon after, to their counting-houses as no book of charges is kept in this establishment.

The subscriber is sorry to say, that efforts have been made, and doubtless will continue to be made by some, to injure his Economical and Fashionable Establishment. He would therefore particularly invite the public, after examining every where else, to call and see him.

Cumberland County, ss.

The Commonwealth of Pennsylvania to the Sheriff of Cumberland County, Greeting:

WHEREAS, H. & C. Leas, in the Court of Common Pleas, to wit: of the term of January, in the year of our Lord, one thousand eight hundred and thirty-nine, before John Reed, Esquire, and his associate Judges of the same Court, did, by consideration of the same Court, recover against Isaac H. Crowell and David Sanderson, Administrators of Samuel Crowell, de'd., with notice to the widow deceased, and to Samuel Crowell hiz heir, late of your county, a certain sum of seventy-nine dollars and fifty-three cents, lawful money of Pennsylvania, debt, as also eight dollars and sixty-two cents which to the said H. & C. Leas in the same court were likewise adjudged for their damages which they sustained by occasion of the detention of that debt, whereof the said Administrators with notice, &c., are convict, as appears of record, &c.

And whereas, the said Judgment to preserve the Lien according to the act of Assembly in such case made and provided, should be revived, as is suggested to us by the said Henry & C. Leas, as also execution of said judgment remains to be made, as on the information of the said Henry & C. Leas we have received, and we being willing that those things which in our same court are rightly acted, should be brought to due execution; Therefore; we command you, as we heretofore commanded you, that, by good and lawful men of your bailiwick, you make known to the said Administrators, with notice, &c., that they be and appear before our said Judges at Carlisle, at our Court of Common Pleas, there to be held the second Monday of January next, to show cause, if any they have, why the said Henry & C. Leas ought not to have their said judgment revived as aforesaid, and they ought not to have execution against them for their debt and damages aforesaid, according to the force, form, and effect of the recovery aforesaid if they think fit. And you have then there the names of those men by whom you shall so make known to them and this writ.

Witness, Samuel Hepburn, Esquire, at Carlisle, the sixteenth day of December, in the year of our Lord one thousand eight hundred and forty-two.

THOS. H. CRISWELL, *Prothonotary.*
