In the House a large number of petitions were presented. One from civizens, workingmen of Huntingdon county, for reform. This petition was read. It advocated a proper regulation of the banks, was against adding any more banking capital, for cancelling relief notes, for the issue to stand by their decision, as regarded its beneficial influence. That decision has been attained in a manof small bank notes if redeemable in specie, for ner altogether unexpected. The unsought acknowlthe sale of the public works, to let out the public printing by contract to the lowest bidder-to institute an inquiry into all the departments of Government, dispense with some offices and reduce the salaries of others, to reduce the pay of members to two dollars per day, and no one to be paid for absent time-and generally that the members give the same attention and fidelity to the interests of the State, as they would to their own

private affairs .- Petition was referred to the Comnittee on Ways and Means. About twenty nominations were made of candidates for State Treasurer, to be elected on Tuesday next. A bill was reported to reduce the number of the Canal Commissioners to one, and

to reduce the expenses of the board, by Mr. Heckman. FRIDAY, Jan. 13, In Schute, on motion of Mr. Cochran, a resolution was adopted instructing the Committee or the Judiciary to bring in a bill repealing the law abolishing imprisonment for debt in part. A good deal of costly time was wasted to-day on very unimportant matters to the public. The House for the fifth or six time refused to

go into an election of Printer. The bill regula-ting the printing was after considerable discus-sion, and voting down of various propositions, passed through final reading by a vote of 77 to 12, and sent to the Senate.

THE LADIES, GOD BLESS 'EM !--- Puring Mr.Clay's sejourn at New Orleans, he paid a visit to one of those fascinating places, a Ladies' Fair, then being held in the city. The fair creatures were delighted and flocked round the beloved Statesman, flooding him with their rich smiles and affectionate saluta tions. At the Post Office of the Fair he was handed a package of franked letters by a young lady, one of which contained the following pretty verses: While sons of old Louisiana nail To the mast head the hanner of their guest, The daughters of the Crescent city hail With their best welcome—HARRY OF THE WEST Nov. 2, 4842.
