Every mother should therefore, know its symptoms, watch them closely, and always be prepared with a remedy as many are daily sacrificed by such neglect. At first the little patient is seized with a shivering, it grows restless, has flushes of heat, the eyes become red and swollen, it breathes with difficulty, and then comes that fearful Couon that will surely terthen comes that fearful Cough that will surely ter-minate in convulsions or death unless something is immediately given to check it. In this complaint the "Balsam of Wild Cherry" is well known to be the most speedy-ever dicovered.
