These pills are unsurprised by any medical compound everoffered to the public as a general renovator and family medicine. They are very gentle in their operation, causing neither pain, sickness nor debility by the use of them; but on the contrary they strengthen the stomach and bowels in a wonderful manner, and soon restore nature to its former course and vigor. The person using the Olive Branch Fills soon forgets that he was sick—which is very easily accounted that lie was sick—which is very easily accounted for: there is not that prostration of strength in these pills as in many other remedies of the day, because the materials used in manufacturing then are in harmony with the powers of life and act in concert with the opinions of Dr's. THE EXT. AORDINARY SUCCESS Attending the use of this medicine in diseases of the Lungs, and the many singular cures it has effected, having naturally attracted the attention of many physicians, (as well as the whole fraternity of quacks) various conjectives and surmises have avisen respecting its composition; some physicians have supposed it to contain Iodine, other ignorant pretenders say it must contain Iodine, and to some such substance they each attribute its significant efficacy. substance they each attribute its singular efficacy.—
As such opinions are altogether erroneous, and calculated to prejudice many persons against it, we
PLEDGE OUR HONOR

That it contains nothing of the kind, or any thing the least injurious; on the contrary, it is composed of the most simple substances, the principle of which are the extracts of TAR and Hild Cherry Bark; and the whole secret of its efficacy consists in the mode by which they are prepared.

As we have already published numerous certificates from the highest authority, which prove its virtues beyond all doubt, we consider it unnecessary to exhibit a long list of them in this place, and will only mention a few cases, to show what it has done-

WILLE LIFE REMAINS WE HAVE STILL SOME HOPE. WE HAVE STILL SOME HOPE.

A SURPRISING CURE.—Among the many singular cures which this medicine has effected, there is perhaps none in which its powers are so fully shown as in the case of Mrs. Austin.

This lady had been consumptive for several years, and during the greater part of this time had received the best medical attention, and tried all the most valuable remedies, yet nothing could be found to arrest its progress. She became subject to violent fits of coughing, expectorated large quantities of matter occasionally tinged with blood, and siep by step this fearful disease continued its course, until all hope of a recovery was entirely despaired of.—While in this distressing situation, lingering upon the very verge of the grave, she commenced the use of this Balsalm, which, to use her own expression, operated almost like a claim. In a few days she expectorated freely, the cough was gradually supoperated almost like a charm. In a lew bays suc-expectorated freely, the cough was gradually sup-pressed, and every thay appeared to add fresh vigor to her looks, and now, in the place of that emneiated form withering to decay, she is seen mingling in society, in better health than she has enjoyed fo

1st. That vitality is contained in the Blood.

2d. The Blood, becoming vitiafed or impure, gives tise to numerous diseases of the organs of the body, the stomach, the liver, the heart, &c. &c.

3d. That whatever has the effect of purifying the Blood, possessethe power of re-establishing healthful action to the body.

4th. That Purgation and Starvation, or, in other words, purging to the extent that is too frequently

words; purging to the extent that is too frequently done, and at the same time enjoying low diet, and abstinence from food almost entirely; are productive of much more mischief than is generally supposed, and in proof of it will only remark that and in proof of it will only remark that.

By Purgation—The human system is more or less
debilitated, for the very simple reason that in the
process of purging all is carried off from the stomach
from which nowishment is derived and distributed

from which nourishment is derived and distributed throughout the system. By Sturvation—Nourishment is absolutely withheld from the system so necessary to it, both for sustaining vital action and aiding nature in bearing up against that progress of disease.

Hence the consequences of too much purging, and a continued deet must be to produce such a condition of the system as will enable disease to make more rapid progress, and extend it est the more easily and in a brief time throughout the system.

Admitting the foregoings is becomes necessary to inquire how is the Blood to be purified? and in employing the means, how is the system to be guarded against any serious consequences?

THE CAUSE OF CONSUMPTION.—Simple as these complaints are usually considered, no one can deny their being the most common cause of this fatal and distressing disease. It is indeed a melancholy truth, that thousands fall victims to Consumption every year from no other victims to Consumption every year from no other cause than neglected colds. Yet we find hundreds, nay thousands who treat such complaints with the greatest indifference, and let them run on for weeks and even months without thinking of the danger. At first you have what you may consider a slight cough or cold; you allow busi ness, pleusure or carelessness to prevent you from giving it any attention; it then settles upon your breast, you become hourse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood, a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this distessing complaint. If then you value life or health, be warned in time, and don't trifle with your Cold or trust to any quack nostrum to cure you, but

GROUP IN CHILDREN.

This is the season when this destructive complaint attacks your interesting little children, often robs you of those you fondly doat on, and carries hundreds to the grave. Every mother Dear Sir—Your Balsaim of Wild Cherry has affected some astonishing cures here. One of which is an old lady, Mrs. Russell, who had been adfering for a long time with shorthess of breathing, and general weakness, until she was finally obliged to keep her bed. After various other remedies had been resorted to in tain, she commenced using your Balsaim, and after taking two bottles, was so far recovered to in tain, she commenced using your Balsaim, and after taking two bottles, was so far recovered as to be able to attend to all the duties of her house, and on taking two bottles more was entirely cured:

CAUTION—As there is a spurious mixture called Syrup of Wild Cherry, purchasers should be very particular to fink for Dis. WISTAR'S RAI.

Best State of the grave. Every mother should therefore, know its symptoms, watch them closely, and always be prepared with a remedy as many are daily sacrificed by such neglect. At first the little patient is soized with a shivering, it grows restless, has flushes of heat, the eyes become red and swollen, it breathers with difficulty, and then comvulsions or death unless something is immediately given to check it. In this complaint the "Balsam of Wild Cherry" is well known to be the most speedy ever dicovered. It is indeed a precious remedy—mild; safe and innocent, and citally restore it to safety and health. Familles residing in the contrity and indeed every moa sure to glv the sufferer immediate retief; and quilckly restore it to safety and health: Familes residing in the country and indeed every monthles and give it to them the house and give it to them carly, by doing so you may often save the life of one you fondly love. Remember this is the famous remedy of this distinguished physician, Dr. Wistar, which has coired thousends of CROUP.
