Carlisle Borough Notes. The new Conneil has issued a large amount of one and two dollar notes, agreeably to the wishes of the people as expressed in the late election. The new notes are very handsome specimens of engraving, and we may at least suy for them that they are issued upon us good credit as that possessed by any other borough in the State. There will not be much difficulty, we think, in persuiding us to take a few of them from persons desirous of paying their subscriptions!

May Day. Tille first of May, generally so full of glowing unicipations to young folks, came in this year; with achilling air that made it decidedly more agreeate to set imside a enzy fire than wander through the fields and meadows, enjoying the merry petimes and gay festivities to which Mayday is opperated from time immerportal. By the linprovement in this ove the original coustruction of Archer's Lard Lups, the flame is made to burn much higher, and course more brilliantly. We would advise louse-keepers to call and examine it.

Our neighbor of the Volunteer has found a subject for keen wit in the letter lately published by Mr. Bringle, relative the expenditures of by Mr. Brindle, relative the expenditures of the Canal Commissioners That letter, however, is not to be disposed of by more referred to point less ridicule. The fact, it allows with regard to the expenditures of the half Commissioners, showing the loss of three hured thousand dollors annually on the public trick, is any thing but a matter of amusement it laughter to the lax-payers of this county, who interests Mr. Brindle has faithfully attended. We observe the letter alluded in is republish by the Harrisbutg Intelligencer and other released papers, which is evidence that the influation it contains a decrease of the papers. tains is deemed of some importantly those who are anxious to know how the publicatory goes.
