HERALD & EXPOSITOR

CARLISLE, PA.

Wednesday Morning, June 7, 1843.

E. B. Palmer, Esq., No. 104, South Third Street, Philadelphia, is authorized to act as Agent for procuring subscribers, and advertisements for the Carlisle Herald, and give receipts for the same.

The Season.

☞The weather of the present season has been the most changeable and unsettled we ever recollect. During three or four days last week, the coolness of the air was such as to make fires indispensible to comfort, and on two nights there were severe frosts. We learn that some kinds of garden vegetables have been nearly or quite destroyed, and that the corn and rye crops have been injured to a considerable extent, though they may yet recover under favorable weather.

Lectures on Anatomy and Physiology.—We invite the attention of our citizens to the advertisement in to-day's paper, of a course of Lectures on Anatomy and Physiology, to be delivered in the College Chapel. A general knowledge of these branches of science is essential to a good education, and should be possessed by every person pretending to be well informed. We are glad that the Trustees of the College have not only made provision to ensure so good an opportunity of acquiring this useful information to the students, but are desirous to extend its advantages to our citizens generally. Of Dr. McClintock's distinguished skill as an Anatomist and capasity as a Lecturer, his position as a public Teacher, and his reputation in the scientific circles form a sufficient guaranty. We trust our citizens will make use of the rare opportunity thus offered to them, and that the Professor's Lectures will be fully attended.

Meeting of the State Committee.

☞The Democratic Whig State Committee appointed at the State Covention held on the 22d of February last, held a meeting on the 2d inst. in Philadelphia. The Committee recommend the Democratic Whigs throughout the State to proceed at once to a complete and thorough organization of the party, and insure a regular correspondence and understanding with each other through their respective associations, as well as with the Committee through their Secretary at Harrisburg.

The Committee coincide with the call of the Harrison State Committee for a State Convention on the 6th of September next, to nominate candidates for Canal Commissioners. The officers of the Whig State Committee are Jonathan Roberts, Chairman, and John A. Fisher, Esq. of Harrisburg, Secretary.

☞The Anti Tax "democrats" of this county have resolved upon a political celebration of the coming 4th of July.

Naval Engagement in Texas!

☞New Orleans papers of the 27th ult. bring accounts of a naval engagement between the Texian sloop of war Austin, Com. Moore, and the two Mexican steamers, which took place in the gulf of Mexico off Campeachy, on the 30th of April. The fight continued briskly for some time, and although no victory was claimed on either side, the Texians came off with flying colours.—On the Mexican side, there were forty-seven killed and thirty wounded. Another engagement is expected soon.

The Mexican Indemnity.

☞The Mexican government has promptly paid the first instalment of the indemnity due the government of the U. States, and assurances are given that the whole amount will be faithfully met. What an example to some of our repudiating States who are always speaking of Mexicans as barbarians!

☞The proper authorities—very little to their credit, we think—permitted a travelling Circus to encamp upon our public square yesterday, and give an exhibition of its interesting performances, so well calculated to improve the morals and elevate the character of the youth of the town! The audience is deeply impressed with the "hardness of the times," this morning, we presume!

Death of Noah Webster.—Noah Webster, L. L. D., and popularly known as the great American lexicographer, died in New Haven, on Sunday evening, the 28th of May, at 8 o'clock. Dr. Webster has been a long time before the public as a prominent individual in the various departments of social life. He was early distinguished as a political writer of great ability, and he afterwards engaged in the business of public instruction. His publications, as valuable assistants in the work of education, were widely known and favorably received. In 1807, he entered upon the arduous task of compiling a new and complete Dictionary of the English language, which, after various difficulties and discouragements, he succeeded in completing for publication in 1828.

☞The Midnight Cry announces that Mr. Miller, the prophet, is very seriously ill and it is feared he will not recover. His physicians have interdicted all visitors.

Stocks.—All descriptions of Bank and corporation Stocks are rising, and among the most lively, are those defunct Girard and U. S. Banks. The last purchaser will get a grand fall some of these days. In speaking of these "rises," the U. S. Gazette remarks:

"It is obvious to every one that the great advance which has taken place in all Stocks, and particularly those which are deemed to possess no real value, is the result of the spirit of speculation which is beginning to manifest itself in a degree somewhat similar to that of 1836-37.—There is one thing, however, which ensures less danger than the operations of those years, which is the abolition of limb sales, thereby requiring money for all transactions at the present time and placing it out of the power of short sighted means to operate. This is a check that will prevent the great and sudden fluctuations."

☞A young man named George M. Wall, committed suicide in Baltimore a few days since. Cause, disappointment in love. The weakness of mind which led to such an act must have been manifested to the lady who rejected him.

☞The Knoxville (Tenn.) Post says that the great popularity of a Bank of the U. States will give the State of Texas, indeed many of the Democratic party who are candidates for public favor in the next Legislature, pledged to use their influence in favor of its establishment or such an institution.

☞Albert Kelly, one of the [illegible] of Indiana county, died for [illegible] on the 24th ult.

☞During the [illegible] of the Legislature and the Carolina Convention, [illegible] the time for the [illegible] Party [illegible]

☞[illegible] Democratic Whig State Committee [illegible]

Love Feast.

☞The term love feast has at last found its way into the Dictionary. Brandes's Encyclopedia, a late English publication, gives the following definition of the term; which is correct:

"Locofocos—The name by which the ultra democratical party in America has been distinguished since the year 1834. The term originated in the following incident. Some of that party, having had a meeting at Tammany Hall, in New York, the lamps were accidentally extinguished; and on the hall being relighted with locofocs (which in America are termed locofocos, probably from the lat. loco foci, instead of, fire) the word was adopted as a distinguishing appellative, and is now of universal application."

MARRIED,

In Harrisburg, on Thursday morning, June 1st, by Rev. Wm. R. DeWitt, Dr. Wm. C. McPherson, of Philadelphia, to Miss Eliza Bear, daughter of Joseph Wallace, Esq., of Harrisburg.

On the same day, by the Rev. Mr. Aurand, Mr. Joseph Weaby, Jr. to Miss Eliza Bear, all of this place.

On the 24th ult. Mr. Leonard Keller, aged 80 years 5 months and 1 day.

DR. LEIDY'S SARSAPARILLA.

DAILY are the effects of this preparation becoming more apparent. Numerous persons assert they have derived more benefit from using one bottle of it, than three of any other. This is easily accounted for, as Dr. Leidy's Sarsaparilla is a much stronger preparation than any other, and near twice as much is contained in one bottle as of any other (and sold at the same price.) Let the public remember this—it is no vain boast but the real fact.

DR. LEIDY'S SARSAPARILLA.

From the Medical Review.

"Among the vegetable alteratives with which our dispensaries abound, there are few so useful as Sarsaparilla, and when properly combined and prepared, is invaluable, not only in restoring debilitated constitutions to their wonted energy but in every case arising out of an impure state of the blood." From a knowledge of very many cases (and some of them considered incurable) where many different preparations of Sarsaparilla had been used, none seemed to possess virtues or remedial powers equal to Dr. Leidy's Medicated or Compound Extract of Sarsaparilla."

It is a preparation it is believed far superior to any other, and would recommend it to the particular notice of Physicians.—*Ed. U. S. Gazette.*

DR. LEIDY'S SARSAPARILLA.

Extract of a letter from J. B. Whitmore, of Easton, in relation to Dr. Leidy's Sarsaparilla.

"My little boy and girl, the former now three years and the latter now seven years old, have been afflicted with a scrofulous tumor from the time they were three months old. Three months ago I was induced to make trial of your Extract of Sarsaparilla, and have given it to both to the present time. They are now entirely free from any appearance of Scrofula and never were in better health."

Dr. Leidy's Sarsaparilla is efficacious in all diseases arising from impurities of the blood and other fluids of the system. All invalids who may have been under medical treatment, who are debilitated from the quantity of medicine they may have taken, or are under a mercurial influence, will find that by using a few bottles of Dr. Leidy's Sarsaparilla, their usual vigor and elasticity of their frame and system will be restored, and be again permitted to enjoy the sweets of life.

DR. LEIDY'S SARSAPARILLA.

☞This article appears to be doing wonders at the South, and from the high character of the recommendations, we are fully persuaded it is a most capital medicine for all impurities of the blood. We know many Physicians who have given their testimony on this subject, and we know they would not give a character to any medicine that did not really deserve it."—Charleston Enquirer.

Extract of a letter from Dr. Warren, Natchez. "Having for the last year in my practice used your Sarsaparilla with much satisfaction to, myself and benefit to my patients; I have no hesitation in declaring it to be one of the most useful preparations in diseases for which Sarsaparilla is prescribed."

DR. LEIDY'S SARSAPARILLA.

☞This preparation may be depended upon as being the strongest (consequently more efficacious) of any in existence; all fluid preparations must possess similar virtues, in proportion to their strength, being prepared from the same article. Dr. Leidy's Compound Extract of Sarsaparilla, however, possesses properties not possessed by others, from its manner of preparation, and combination with other vegetable extracts recommended by the medical faculty—and hence the reason why it is so generally recommended by the Physicians of Philadelphia and elsewhere.

From the extraordinary virtues of this preparation and a knowledge of its composition by Physicians, (the reason why they so generally use it, as they would not use or recommend any preparation they did not know the composition of,) it has been introduced in many of the Hospitals throughout the U. S. and is highly recommended by Physicians and Surgeons of those Institutions.

From the New Orleans Advertiser.

DR. LEIDY'S SARSAPARILLA.

The high and envied celebrity which this preeminent medicine has acquired for its invariable efficacy in all diseases which it professes to cure, has rendered the usual practice of puffing unnecessary. It is known by its fruits and its good works testify for it. Dr. Leidy's Sarsaparilla will be found particularly efficacious in all diseases of the liver, stomach, skin, kidneys, spine and bones, ulceration of the nose, throat and other parts, abscesses, fistulas, scrofulas, erysipelas, jaundice, rheumatism and incipient gout, mercurial and syphilitic affections, female derangements and in restoring the sickly and debilitated to their natural health and energy.

DR. LEIDY'S SARSAPARILLA.

Dr. Leidy's Compound Extract of Sarsaparilla has stood the test for five years past, and it is no boast to say that there is no other preparation of equal strength now in use. Throughout the Southern States where Sarsaparilla is as much in general use as tea and coffee, Dr. Leidy's Sarsaparilla is generally preferred and is highly recommended by Physicians, (whose certificates have been frequently published.) Throughout the north and west it is also much used, more perhaps than any other.

One bottle of it (half a pint) is warranted equal to two of any other in strength, and is equal to one half gallon of the strongest Syrup that can be made.

Directions for making Syrup therefrom accompanies the directions.

DR. LEIDY'S SARSAPARILLA.

☞But a few days since a Clergyman of this city (who does not desire his name published in the papers, but is left with Dr. Leidy) stated that a lady who had long been a communicant at his church, for two years past unable to go to church, on account of her extreme debility, occasioned by ulceration of various parts of her body, disease of her liver and other internal derangements, and the constant taking of medicine therefor, never found any change for the better until after using several bottles of Dr. Leidy's Sarsaparilla, and by a few months perseverance in its use, was entirely restored to health, and recovered her former strength, and to use her own language "was almost created a new being." This is but one of many instances almost daily heard of.

It is prepared only and sold wholesale and retail at Dr. LEIDY'S Health Emporium, No. 194 North Second street, below Vine; also sold by Frederick Brown, corner 11th and Chesnut streets, and Fred. Klett's Co., corner 2d and Callowhill street, at $1 per bottle (a half pint) or six bottles $5.
