Arrival of the Columbia. The Columbia arrived at Boston at 7 o'clock A. M. on Sunday. The news is to the 4th June, and is of some innertance; business is evidently improving. The agitation in Ireland rather increases than

diminishes.

Wilmer-&-Smith's European Times says: Ireland absorbs, at the present moment, the ex-'clusive attention of the British ministry and the British people. The Repeal movement continues to make the most gigantic strides; the whole country is in a fearful state of excitement, and Mr. O'Connell, after visiting Cork and various 'other parts of Ireland, has returned to Dublin.' During his sojurn in the provinces, hundreds of

There were one undred soldiers of the Revolution on the platform, three of whom fought at the battle of Lexington and twelve at Bunker Hill. Triumphant

umber of troops in the procession was about three thousand-the rest of the procession was

n the whole country, a display of so grand a charoter as this. From all quarters people had come struggled there, and its tremendous consequences. A single idea seemed to reign paramount with all; a single spot segmed alone to possess an intcrest in their eyes, and toward that spot they thronged in thousands ; and one could not but pause to reflect how deep and abiding must be the love of liberty in the heart, when its expres-

sion was given in such a tone of moral grandeur. No accident cast a cloud upon the pleasures of the day, which closed with festivities of a character sulted to the joyousness of the occasion.

Mr. Webster's Oration!

TThe oration of DANIEL WEDSTER, at the Bunker Hill celebration, was of course, the great thing of the day. As an address which must prove of interest to the people of the whole country, we shall next week lay before our readers the whole or a good portion of it. The oration, al. though it is to be feared the report of it will be complete, is equal to the great fame of the great merican Orator.

After the procession reached the ground, and the different associations had taken the places allotted to them, Mr. Webster rose, amid enthusiastic cheering. Pointing to the monumental structure, he said, the great assemblage convened pon the occasion had come together to celebrate its completion. He then entered into a histori of the undertaking, and alluded in flattering terms to the aid rendered to its completion by the

ladies. He then proceeded to calogize some of the revolutionary heroes who had fought for their ountry, closing with a particular notice of WAR. IEN. From these he passed to the completion of he monument.

INDIAN VEBETABLE PILLS OF THE

Yorth American College of Health Are now acknowledged to be the liest Medicine in ... the world for the cure of

EVERY VARIETY OF DISEASE BECAUSE they completely cleanse the statusts more which are the caute billous and corrughne-more which are the caute hat only of Headlache, Giddinets, Palpitation of the Heart, Pains in the Bones, Rijeumatism and Gout, but of every malady

SAID INDIAN VEGETABLE PILLS re a certain cure for intermittent, remittent, ner rous, inflammatory and putrid Fevers, because they cleanse the body from those morbid humors, which when confined to the circulation, are the cause of al kinds of FEVERS

So, also, when the same impurity is deposited on he membrane and muscle, causing pains, inflammations and swellings, called

RHEUMATISM, GOUT, Se. The Indian Vegetable Pills may be relied on as always certain to give relief, and if perserved with so-

cording to directions, will most assuredly, and without fail, make a perfect oure of the above painful naladies. From three to six of said Indian Vegetable Pills taken every night on going to bed will in a short time so completely rid the body from every thing that is opposed to health, that Rheumatis Gout, and pain of every description, will be literally

DRIVEN FROM THE BODY. For the same reasons, when, from sudden changes of atmosphere, or any other cause, the perspiration

s checked, and the humors which should pass off by he skin are thrown inwardly, causing HEADACHE, GIDDINESS.

Nausea and sickness, pain in the bones, watery and nflamed eyes, sore throat, hoarseness, coughs, consumptions, rheumatic pains in valious parts of the ody, and many other symptoms of

CATCHING COLD, THE INDIAN VEGE CABLE PILLS will invaribly give immediate relief. From three to six of said Fills taken every night on going to bed, will in ; short time, not only remove all the above unnleasaut symptoms, but the body will; in a short time, be, restored to even sounder health than before. The

ame may be said of ASTHMA. OR DIFFICULTY OFBREATHING. The Indian Vegetable Pills will loosen and carry off by the stomach and bowels those tough phlegmy umors, which stop up the air cells of the lungs, and re the cause not only of the above distressing complaint, but when neglected, often terminates in that still more dreadful malady called

CONSUMPTION.

If should also be remembered that the Indian egetable Pills are a certain cure for " PAIN IN THE SIDE.

Oppression, nausea, and sickness, loss of appetite, nstiveness, a yellow tinge of the skin and eyes and very other symptom of a torpid or diseased state of he liver; because they purge from the body those mpurities which if deposited upon this important rigan; are the cause of every variety of LIVER COMPLAINT,

Wheil a Nation is convilled by Hills, Outbreaks and Rebellion, the only stire means of pretenting the dreadful consequences of a

CIVIL WAR, s to expel all traitors, and evil disposed ones from e Country. In like manner, when pain or sickness of any kind

dicate that the body is struggling with internal foet; e true remedy is to "EXPEL ALL MORBID HUMORS,

Traitors to life,) and HEALTH WILL BE THE CERTAIN RESULT.

That the Principle of curing disease, by Cleansing and Purifying the body, is strictly in abourdance with the Laws which govern the animal economy; and if roperly carried out by the use of the abbit named

INDIAN VEGETABLE PILLS Disease; we offer the following testimonials, from persons of the highest fedpretability in New York; who have recently been cufell of the most obstinate of complaints, solely by file use of WRIGHT'S INDIAN VEGETABLE PILLS OF THE
