CARRISTE. PA.

Wednesday Morning, June 21, 1843.

Try, R. PALMER, Esq., No. 104, South Third Street Philadelphia, is authorized to act as Agent for procuring subscriptions and sadvertisement for the Carlisle Herald, and give receipts for th

Military.

Our three fine Volunteer Companies, Carlisle Artillery, Capt. Porter; the Washington Artillery, Capt. Hunter; and the Carlisle Infantry, Capt. Sanderson, made a beautiful parade on Sat urday last, eliciting the highest admiration to the elegance of their appearance and good march ing. The officers and men all looked the very soul of soldiery.

4th of July.
This great artal day of American Free

dom is again at hand, and we observe active movements in different quarters toward the proper celebration of it. In Carlisle the two branches of the "democratic" party hold distinct celebrations. We have not heard of any movement to ward a celebration by the Whigs.

Besides these, we learn there will be a celebra tion by the Washington and other Temperance Societies, and also a Young Men's celebration.

Robbery.

The Drug Store of Mr. Samuel Elliott, it this borough was entered on Monday night last, and the money drawer robbed of about twentyfive dollars. The thicf entered by a back window which was not well secured. Housekeepers must he on the look out!

Penmanship.

Attention is referred to the advertisement of Mr. Quinn, who proposes to give instruction in the art of Penmanship. He bears testimonials from the highest sources.

T. Dr. Hagan, Editor of the Vicksburg (Miss.) ntinel, was killed in that city on the 7th inst. by S. W. Adams. Adams attacked him on the street, got him down and shot him through the head. Hagan was unarmed.

Joseph Carter, jr., has been indicted for the late murders in Warren county, N. J. His trial will take place soon.

## MR. WISE'S ASCENSION.

of Wheat Shorts at 16 cents per bushel. Mr. Wise is to be congratulated on his safe and fortunate escape from the dangers of that "long low black " cloud, which from his description one might judge to be the very dominions of the evil Prince of the powers of the air." The narra-Live possesses much interest:

Ma. Epiron :- According to anticuncement, on Saturday last, I set out on my forty-first wrial excursion, from the centre square of your borough at 15 minutes past two o'clock. A alight blicze from the west wafted me a short distance when the ascent became more percendicular. The first thing that drew my attention was the immense occan of heads that presented itself in the square. July. There appeared to be infinitely more people or the immediate ground than I have witnessed for some time at a balloon ascension, and the whole affair appeared more animated from the fine appearance of the military, together with their reneated firing after the departure of the "Comet"

When I had reached a point about two miles east of the town the Balloon communenced a rapid and perpendicular ascent, which soon brought me to the base of an inimens black cloud, and as it has always created a deep interest in spectators to see a balloon passing through clouds, I did not besitate on this occasion to give my numerous audience an exhibition of this kind; although I might have avoided it, and kept beneath, the clouds, which current would have taken me to Harrisburg, and which was already distinctly in my view This part of my feat, however, I had reason soon after to regret, although at the present time it gives me mure gratification to contemplate its reality than any thing that has lately transpired in my writel adventures. The details that I shall here give of this terrible scene, may be relied on, as I was sufficiently composed to appreciate its grandeur and observe its physical operations. The cloud to the best of my judgment covered an area of from four to six miles in diamater. It appeared of a circular form and considerably depressed in its lower surface; or I illight say it presented a great contavity towards the earth, with its outer edges very tugged; it was also of a dark smoke colour. I noticed at some distance from where I thiered file cloud; the uppearance of a heavy descending rain. The first ensations that I experienced, when entering the blond were extremely unpleasent. A sufficating abusation immediately ensued which was shortly followed by a sickness of the stomach—this, how, ever, shortly after somewhat abated. The cold in the meantime became intense, and every thing of a fibrous nature became thickly covered with hoar frost, the cloud at this point which was in the midst of it, had not the black appearance, but was of a light milky colour, did so dense that I could only slightly see the Balloon above, a dis-

From the intensity of the cold in this cloud, I concluded the gas would contense, and the Ball John would consequently descend bethalf it, where it was much warmer. In this however I found appeal mistaken, for it's few minutes after I catased that cloud, I found mykelf with the mount of the Nuth Judges of the Shift Foundation o From the intensity of the cold in this cloud, I concluded the gas would condense, and the Bul-

From the Medical Review.

(Among the vegetable alteratives with which our dispensaries abound; there are few so useful as Sarasparilla, and when properly combined and prepared, is invaluable; not only in restoring debilitated constitutions to their wonted energy but in every ease arising, out of an impure state of the blood." From a knowledge of very many cases (and some of them considered incurable) where, many different preparations of Farsapari la had been used, none seemed to possess virtues or remedial powers could to Dr. Leidy's Medicated or Compound. Extract of Sarsaparilla." From the Medical Review. Sarsaparilla."
It is a preparation it is believed far superior to any other, and would recommend it to the particular notice of Physicians.—Ed. U. S. Gazettera.

DR. LEIDY'S SARSAPARILLA. Extract of a letter from I. B. Whitmore, of Easton, in relation to Dir. Leidy's Sarsaparilla.

"My little boy and kirl, the former now three years and the latter now seven years old, have been afflicted with a serolulous tumor from the time they were three months old. Three months ago I was induced to make trial of your Extract of Sarsaparilla, and have given it to both to the present time. They are now entirely free from any appearance of Scrolinh and never were in better licalth?

Dr. Leidy's Sarsaparilla is efficacious in all discasses arising from impurities of the blood and other fluids of the system. All invalids who may have been under medical treatment, who are defilitated from the quantity of medicane they may have taken, or are under a mercurial influence, will find that by itsi g a few bottles of Dr. Leidy's Sarsaparilla their usual vigor and clusticity of their bause and system will be restored, and be again permitted to enjoy the sweets of life.

DR LEIDY'S SARSAPARILLA. the South, and from the high character of the rethe South, and from the high character of the re-commendations, we are fully persuaded it is a most capital metheine for all impurities of the blood. We know many Physicians who have given their testi-mony on this subject, and we know they would not give a character to my medicine that did-not really deserve it."—Charleston Enquirer.

Extract of a letter from Dr. Warren. Natchez. "Having for the last year in my practice used your arsaparilla with much satisfaction to myself and carsaparita with much sansaction of modelar-optic to my patients, I have no hesitation in declar-ng it to be one of the most useful preparations in liseases for which Sarsaparilla is prescribed."

DE VEIDY'S SARSAPARILLA. BIR. LEADY'S SARSAPARHLLA.

OF This preparation may be depended upon as being the strongest (consequently more efficacious) of any in existence; all fluid preparations must possess similar virtues, in proportion to their strength, being prepared from the same article. Dr. Leidy's Compound Extract of Sansaparilla, however, possesses properties not possessed by others, from its manner of preparation, and combination with other vegetable extracts recommended by the medical faculty—and hence the region why it is so generally recommended by the Physicians of Philadelphia and elsewhere. elsewhere.
From the extraordinary virtues of this prepara-

From the extraordinary virtues of this prepara-tion and a knowledge of its composition by Physi-cians, (the reason why they so generally use it, as they would not use or recommend any preparation they did not know the composition of,) it has been introduced in many of the Hospitals throughout the U.
