Union Society Exhibition.

The oratorical exhibition of the Union Philosophical Society, in the Methodist Episcopal Church on the evening of the 4th instant, attracted a very large and fashionable andience, which mantfested by its attention the lively interest felt in the exercises. The speaking was extremely ereditable, exhibiting a high degree of ability in the young prators; while the singing, by a choir of amateurs, was of surpassing richness of voice and skilful execution. The whole formed a treat of no ordinary character:

Reorganization of the Cabinet.

President Tyler has reorganized his Cabinet by the appointment of Mr. Upshur, Secretary of States David Henehaw, of Mussachusetts, Secretary of the Navy; and John Neilson, of Maryland, Attorney General. Mr. Neilson is a Baltimoreas and is said to be an eminent lawyer. The Cabi rich complete, will therefore stand as follows:-

Abel P. Urshen Secretary of State. John C. Spencer, Secretary of the Treasury. James M. Porter, Secretary of War. David Henshaw, Secretary of the Navy. Charles A. Wickliffe, Postmaster General. John Neilson, Attorney General. .

Canal Commissioner. IJ Dr. WILLIAM Woods, of Pittsburgh, is fufor Canal Commissioner, at the election next fall.

The Lancaster, Intelligencer, one of the ablest "democratic" papers in the State, appeared in a new and tasteful dress on the 4th. Brothe Forney deserves, as he receives, success.

Anthracite Coal, the vein of which is sup. posed to be very extensive, has been discovered in Paradise township, York county.

Much injustice has been done Mr. Clay by attributing an advertisement signed H. Clay, sr., which offered a reward for runaway slaves, to that great statesman. After a long and bitter controversy between the Pittsburgh papers about it, it is now satisfactorily ascertained that H. Clay, er, the advertiser, is a farmer of Bourbon county. Kentucky, and not the farmer of Ashland.

Allentown Bank.

Tho Easton Whig says, we learn from Allentown that when the committee appointed to take possession of the effects of the above bank entered the banking house to perform the duties of their appointment, all they sould find was a fow empty boxes, old desks and chairs. A rumo has just reached town that the President of the Bank was approhended on Tuesday last, and committed to the Lehigh county jail, charged with embezziements to a large amount.

A New Turn at Washington!

An article in the United States Gazette of fecent political movements, says in concluding,-Unless deceived very greatly by all indications there is a good understanding between John C Spencer and the Van Buren party; and we will venture one further suggestion, that Mr. Porter will also be drawn into the support of Van Buren and that the present bitterness of the Van Buren press towards Mr. P. will he softened as Spencer drives him into the Van Buren ranks.

Peace between Mexico & Texas! The last New Orleans papers contain the prorlamation of President Houston, of Texas, directing the cossation of hostilities against Mexico. during the pendency of negotiations between the two countries for the establishment of permanent peaco. An armistics was likewise agreed upon by Santa Anna on the part of Mexico. It is to be hoped the negotiations will result in securing a permanent peace between the two nations.

Family Expelled! A meeting of about 300 men from several counties in Missouri, on the 17th ult and pro-caseded to measures for the expulsion from the State of a family by the name of Reeves, the herd of which has long been known as a mem. ber of a gang of this yes and his house as the harbor of rogues of every character. Mine is a painful story, and trying and sickening as is the narrative of it, for the sake of many who may be sately refleved, I will briefly yet accountity, state it.

Nincteen years goo last April a fit of, sickness left me with an Eprophelas cruption. Por years, both a membrane and winter, the only mitigation of my suffered waste. Next followed, upon my limbs, ancessary to add a half-yard to the size of my dressenround the waste. Next followed, upon my limbs, allows, painful beyond description. For years, both a summer and winter, the only mitigation of my suffering was found in pouring upon those parts cold water. From my limbs the pain extended over my whole body. There was literally for me no rest, by any or by night. Upon lying down these pains would and not through my system, and compel me to arise, and, for hourstogether, walk the house, so that I was almost entirely deprived of sleep, During this time. I had many other difficulties too complicated to describe. I have also used many of the medicines that have been recommended as infallible cures for this disease, yet these all failed, and I was cures for this disease, yet these all failed, and I was most emphatically growing worse. In this critical condition, given up by friends, and expecting for myself, relief only in death, I was by the timely interposition of a kind Providence, fremished with your, to me, invaluable Sarsaparilla. A single bottle gave me an assurance of bealth, which for twenty years I had not once folt. Upon taking the second my enlargement diminished, and in twelve days from the
