#### AT THE EVENING TIME IT SHALL BE LIGHT

BY MRS. SIGOURNEY. Walk with the Lord at morn; When every scene is fair; While opening buds the boughs adorn, And fragrance fills the air Before the rosy dawn awake. And in thy being pride, Thy first young blush of beauty, make Omnipotence thy guide!

Walk with the Lord at noon, : When fervid suns are high. And Pleasure, with her treacherous boon, Allureth Manhood's eye; Then, with the diamond shield of prayer, Thy soul's oppressors meet, And crush the thorn of sin and care That bind the pilgrims feet !

Walk with the Lord at eve, When the twilight dews descend. And nature seems a shroud to weave, As for some smitten friend; While slow the lonely moments glide On mournful wing away, Press closer, closer, to his side, For he shall be our stay !

Even should'st thou linger still. Till midnight spreads its pall, And Age laments, with bosom chill. Its buried earthly all. Thy wither'd eyes a signal bright Beyond the grave shall see, For he who maketh darkness light,

Thy God shall walk with thee!

SPEAK TO THAT YOUNG MAN.

SPEAK to that young man who is remov-'ed from paternal counsel and restraint. It was but recently, that he left his father's house, free from those irregularities and vices that stain the characters of so many of our youth. He has but just formed an acquaintance with a proficient in sin.  $\hat{\Lambda}$ kind word whispered in his ear-a note of warning may have the desired effect-and before he takes the fatal plunge in the Whirlpool of profligacy, you may save him. If you are a father, you must feel for one so far removed from a parent's eye. If you are a brother, fraternal affection will incite you to strenuous exertions to save a young man, from ruin. Neglect your duty, but a little longer, and the path to success may be hedged up, and lie so far gone as to hear unmoved your appeals. Delay not an hour, when you are certain that the commencement of that young man's career is but the dawning of a dark and fearful course -the end of which is sure destruction.

Speak to that young man who has just commenced business in life-who is not prudent and economical, and neglects to others are counterfeits.

It is known by its fruits and its good works testify incompatible with a life of pleasure is incompatible with a life of business. Tell him that sooner or later he will be in pressing need of every dollar that he expends with parties of pleasure—at the ball room, the theatre or any other improper place of resort. Pay day will come, and with small capital and innattention to business, he must inevitably fail, unless he is saving and prudent. The money he parts with so freely is not his own—it belongs to his creditors. Speak to him, then, of his imprudence and lolly; point out the consequence of the neglect of his affairs. He will listen to your counsel and be safe.

Speak to that young man, who, though in humble circumstances, is struggling fiard to ape the fashions of the day. He takes pride in dress; and every cent he earns is look after his affairs. A life of pleasure is

pride in dress; and every cent he earns is expended upon his back. He has an aged mother who looks to him for support, but in vain. Her heart is made sad by the folly of her son. Speak to him of his pride tell him he is thought less of by the reflecting and more intelligent part of the community, and that unless his feelings pride in dress; and every cent he earns is undergo a change, lie will become the laughing stock and the scorn of all who know him. Decency is commendable, but a foppish dress—a lavish expenditure of the whole system, and restoring it to natural and money on his own person, betrays a weak buade him, and you will save him. He may yet throw aside his foolish habits and exert a good influence on society.

Speak to that young man who is profane in his language. He seldom utters a sentence without using improper words. He has become so habituated to this sing that he is not aware how often he offends society and makes inroads upon good taste. Check him when he erts-speak kindly to him of lils vulgar habits-appeal to his sense of right-his judgment-and he will hearken to you. Oatlis will no more pollute his lips, but he will utter the words of coberness and truth.

Speak to that young man, whoever he may be, who is in a dangerous course, or who is committing crimes that will eventuate in his ruin. Whether he be fond of the social glass, the gaming-table, or of company that is loose and unprincipled, do hot fail to warn him of his errors, and point him to the way of safety. If he has no father to watch over him, no mother to counsel him, your duty is made more evident. Be a father to the erring youthtake him under your guidance and care, and give him no rest till you find him in NICHOLAS FSLINGER, Farmer and Black-ANNORHOUSE EXPECTOR ANT.

## DR. LEIDY'S SARSAPARILLAT

DAILY are the effects of this preparation be Decoming more apparent. Numerous persons assert they have deriging more benefit from using one bottle of it, than three of any other. This is easily accounted for, as Dr. Leidy's Sarsaparilla is a much ronger preparation than any other, and hear twic s much is contained in one bottle as of any othe and sold at the same price.) Let the public remem nis—It is no vain boast but the real fact.

## DR. LEIDY'S SARSAPARILLA.

From the Medical Review. "Among the vegetable alteratives, with which our dispensaries abound, there are few so useful as Sursaparilla, and, when properly combined had prepared, is invalidable; not only in a estoring debilitated constitutions to their wonted energy but in every case arising out of any impure state of the blood." From a knowledge of year, may cases (and some of ense arising out of an impure quaeto and onco. From a knowledge of very miny cases (and some of them considered incurable) where many different preparations of Sarsapari, in had been used, none-seemed to possess virtues or remedial powers equal to Dr. Leidy's Mediented or Compound Extract of in saparilla."

It is a preparation it is believed far superior to int other, and would recommend it to the particular otice of Physicians.—Ed. U. S. Gazette.

## DR. LEIDY'S SARSAPARILLA.

Extract of a letter-from J. B. Whitmore, of Easton, in relation to Dr. Leidy's Sausapardha?

"My little boy and girl; the former now three years and the latter now seven years old, have been afflicted with a scrofulous tumor from the time they were three months old. Three months ago I was induced to make trial of your Extract of Sarsaparilla, and have given it to both to the present time. They are now fathrely free from any appearance of Serofula and never were in better health?"

Dr. Leidy's Saasaparilla is efficacious in all discasses arising from impurities of the blood ane other fluids of the system. All invalids who may have been under medical treatment, who are debilitated from the quantity of medicine they may have taken, or are under a mercurial influence, will find that by using a few bottles of Dr. Leidy's Sarsaparilla, their usual vigor and elasticity of their frame and system will be restored, and be again permitted to enjoy the sweets of life. Extract of a letter-from J. B. Whitmore, of Easton

## DR. LEIDY'S SARSAPARILLA.

"This article appears to be doing wonders at the South, and from the high character of the recommendations, we are fully persuaded it is a most capital medicine for all impurities of the blood. We know many Physicians who have given their testimony oir this subject, and we know they would not give a character to any medicine that did not really deserve it."—Charleston Enquirer.

"Extract of a letter from Dr. Warren, Natchez. "Maving for the last year in my practice used your arsaparilla with much satisfaction to myself and enclir to my fintients, I have no bestation in declar-

ing it to be one of the most useful preparations i diseases for which Sarsaparlila is prescribed."

clsewhere.

From the extraordinary virtues of this preparation and a knowledge of its composition by Physicians, (the reason why they so generally use it, as they would not use or recommend any preparation they did not know the composition of,) it has been introduced in many of the Hospitals throughout the U. S. and is highly recommended by Physicians and Surgeons of those Institutions.

In setting forth the virtues of this fruly great medicine, we have no desire to deceive those who are laboring under affliction, nor do we wish to cutogise it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favor.

Various remedies it is true have been offered and puffied into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but of all that have yet been discovered, it is admitted by physiciaus and all who have witnessed

Dear Sira-Please send me two bottles of your genuine Balsalm of Wild Cherry. I have been afficieted with Consumption for the last two years, and suffered very much with a severe cough, pains in my breast, difficulty of breathing; tight sweats, &c., and having tried numerous remedies, and also been under several doctors, yet I could not find any thing to relieve me until I used some of your Balsalm. I got one bottle from a neighbor of mine who is tising it, and have found such wonderful relief from it that I have no doubt it will cure me effectually.

Yery respectfully yours, &c.

Dear Sir--Your Balsalm of Wild Cherry has affected some astonishing oures here. One of which is an old lady, Mrs. Russell, who had been suffering for a long time with shortness of breathing, and general weakness, until she was finally obliged to keep, her bed. After various other remedies had been resorted to in vain, she commenced using your Balsalm, and after taking two bottles, was so far recovered, as to be able to attend to all the duties of her biouse; and on taking two bottles more was entirely oured.
