#### THE BIBLE IN SCHOOLS. BY J. ORVILLE TAYLOR.

Religious instruction only can elevate man to the possession of happiness and civil liberty. Knowledge is power-power to do good, and power to do evil; hence a knowledge to do wickedness is not wisdom. To educate the head only "is to arm vice;" for the march of intellect, separe vice; for the march of intellect, separe vice; for the instruction has always to the comforts of those who may favor him with arated from Bible instruction has always been the rogue's march. And that progress of mind which leaves the Bible in the rear, may be an advance-but it will be like that of our first parents in Paradise toward the tree of knowledge-the advance of death. Said Milton, "Imagination's mighties

a Biblical training-an enlightened religious culture.

The Bible is the great lever for achieving man's elevation. It would be as destructive to the intellect to take the Bible from it as it would be to the body to take the oxygen from the air.

Take the Bible from our schools! When the stars in Heaven can cut themselves loose from God and continue to shine: when the earth can bud and blossom without the Sun or its Creator, then can our schools do without the Bible. Say, why are there so many unsatisfied, aching, throbbing hearts all over this world? Because the Bible, with its fulness and its love, and its hopes and promises, has not been their study.

Why do so many "fail" of happiness here? In that Lexicon of youth which religion reserves for a bright manhood, there is no such word as fail.

But in after life, when the heart has been hardened by the fierce fires of the world, it is convinced without faith, and believes without feeling.

. We say then, let the Bible-the charter of liberty-the "Magna Charta" of a world's freedom-be the text book of eve-

ry school house—that sentinel of liberty. Take away, if you will, the teacher of the school-but take not away that "I'eacher sent from God.' A free constitution, liberty and all, do not prevent crime, poverty and suffering. No: the practice of the precepts of the Bible only can do this .-Our money-making system may be perfect: but let us not forget that man has another end fal more noble, more divine, than to move stones about the earth. So that I could easily make an estimate of my success the week following, by the manner of my passing this day. And I do not write this lightly, but by long and sound experience."

TRIALS. - A Christian without trials vould be like a mill-without wind or waer; the contrivance and design of the wheel-work inside would be unnoticed and unknown, without something to put it in motion without. Nor would our graces grow, unless they were called into exercise; the trials and difficulties we meet with not only prove, but also strengthen the graces of the Spirit. If a person were to sit still, without making use of his legs or his arms, he would probably soon lose the power of moving at all; but by walking and working, he becomes strong and active. - Rev.

## DR. LEIDY'S SARSAPARILLA.

AILY are the effects of this preparation be Ally are the checks of this preparation oc-oming more apparent. Numerous persons assert they have therived more benefit from using one bottle of it, than three of any other. This is easily accounted for, as Dr. Leidy's Savasparilla is a much stronger preparation than any other, and near twice as much is contained in one bottle as of any other (and sold at the same price.) Let the public remem-this—it is no vain boast butther real fact.

### DR. LEIDY'S SARSAPARIELA.

From the Medical Reyby.

(7"Among the vegetable alteratives with which our dispensaries abound, there are few so useful as Sarsaparilla, and when properly combined and prepared, is invaluable; not only in restoring debilitated constitutions to their wonted energy but in every ease arising out of an impure state of the blood." From a knowledge of very many cases (and some of them considered incurable) where many different preparations of Sarsapari la had been used, none seemed to possess virtues or renedial powers equal to Dr. Leity's Medicated or Compound Extract of Sarsaparilla." arsaparilla." It is a 'preparation 'it is believed far superior to any other, and would recommend it to the particula notice of Physicians.--Ed. U. S. Gazette.

DR. LEIDY'S SARSAPARILLA

DR. LEIDY'S SARSAPARILLA.

Extract of a letter from J. B. Whitmore, of Easton, in relation to Dr. Leidy's Sarsapardha.

"My little boy and gipl, the former now three years and the latter now seven years old, have been afflicted with a scrofulous tumor from the time they were three months old. Three months ago I was induced to make trial of your Extract of Sarsaparilla, and lawe given it to-both to the present time. They are now entirely free from any appearance of Scrofula and never were in better health."

Dr. Leidy's Sarsaparilla is efficacious in all diseases arising from impurities of the blood and other fluids of the system. All invalids who may have been under medical treatment, who are debilitated from the quantity of medicine they may have taken, or are under a mercurial influence, will find that by using a few bottle's of Dr. Leidy's Sarsaparilla, their usual vigor and elasticity of their frame and system will be restored, and be again permitted to enjoy the sweets of life.

DR. LEIDY'S SARSAPARILLA This article appears to be doing wonders a he South, and from the high character of the rethe South, and from the high character of the recommendations, we are fully persuaded it is a most
capital medicine for all implicities of the blood. We
know many Physicians who have given their testimony on this subject, and we know they would not
give a character to any medicine that did not really
deserve it."—Charleston Buqurer.

Extract of a letter from Dr. Warren, Natchez.

"Having for the last year in my practice used your
Sarsaparilla, with much-satisfaction-to-myself-andbenefit to my patients, I have no hesitation in dechiling it to be due of the most useful preparations in
diseases for which Sarsaparilla is prescribed."

DR. LEIDY'S SARSABARILLA. This preparation may be depended upon as being the strongest (consequently inore efficacious) of any in existence; all fluid preparations must possess similar virtues, in proportion to their strength; being prepared from the same article. Dr. Leidy's Compound Extract of Sarsaparilla, however, possesses properties not possessed by others, from its manner of preparation, and combination with other vegetable extracts recommended by the medical faculty—and hence the reason why it is so generally recommended by the Physicians of Philadelphia and elsewhere. elsewhere.

From the extraordinary virtues of this preparation and a knowledge of its eduposition by Physicians, (the reason why they so generally use it, as they would not use or recommend any preparation they did not know the composition of,) it has been introduced in many of the Hospitals throughout the U. S. and is highly recommended by Physicians and Surgeons of those Institutions.

From the New Orleans Advertiser DR. LEIDY'S SARSAPARILLA.

DR. LEIDY'S SARSAPARILLA.
The high and envied celebrity which this preciminent medicine has acquired for its invariable element in all diseases which it professes to cure, has rendered the usual practice of pulling unnecessary. It is known by its fruits and its good works testify for it. Dr. Leidy's Sarsaparilla will be found particularly ellicacious in all diseases of the Irver, stomach, skin, kidneys, spine and hones, ulceration of the nose, throat and other parts, abscesses, fistulas, serofulas, crysipelas, jaundice, rheumatism and incipient gout, mercurial and syphilitic affections, tenade derangements and in restoring the siekly and debilitated to their natural health and energy.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under affliction, nor do we wish to culogise it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot arge its claims too strongly, or say too much in its favor.

Various remedies it is true have been offered and puffed into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but of all that have yet been discovered; it is admitted by physicians and all who have witnessed its effects, that none has proved as successful as this. Such, indeed, are the

A complaint with which thousands are lingering, it has also proved highly successful, and not only possessus the power of checking the progress of this alarming complaint, but also strengthens and living-orates the system more effectually-than any medicine we have ever possessed.
