NO QUACKERY!!! NO DECEPTION-NO QUACKERY!!! NO DECEPTOM

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under affliction, nor do we wish to eulogise it more than it justly deserves! Yet when we look around and see the vast aunomat of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favor.

Various remedies it is true have been offered and pulled into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but of all that have yet been discovered, it is admitted by physicians and all who have witnessed its effects, that none has proved as successful as this.

In the first stages of the disease, termed "Cattary-ha!
