

E. BEATTY, EDITOR AND PROPRIETOR.

CARLISLE, PA.

Wednesday, September 27, 1843.

FOR PRESIDENT

HENRY CLAY.

Subject to the decision of a National Convention.

DEMOCRATIC WHIG PRINCIPLES.

SPECIALLY "FOR THE PUBLIC EYE."

OUR CREED.

1. A sound National Currency, regulated by the will and authority of the Nation.
2. An adequate Revenue, with fair Protection to American Industry.
3. Just restraints on the Executive power, embracing a further restriction on the exercise of the Veto.
4. A faithful administration of the public domain, with a reasonable distribution of the proceeds of sales.
5. A fair and economical administration of the General Government, leaving public officers perfect freedom of thought and of the right of suffrage; but with suitable restraints against improper interference in elections.
6. An amendment to the Constitution, limiting the incumbent of the Presidential office to a single term.

These objects attained, I think that we should cease to be afflicted with bad administration of the Government.—HENRY CLAY.

For Canal Commissioners.

SIMEON GUILFORD, of Lebanon.
WILLIAM TWEED, of Northumberland.
BENJN. WEAVER, of Allegheny.

ANTI-PORTER TICKET.

Congress—Gen. THOMAS C. MILLER.
Assembly—JOHN DUNLAP.
Treasurer—JOHN JAMISON.
Auditor—RICHARD WOODS.
Director—ABRAHAM KURTZ.
Comptroller—GEORGE EISENHART.
Commissioner—JOHN RUPP, E. Penhor.

Porter County Ticket.

Assembly—Jacob Heck, Francis Eckels.
Commissioner—Christian Tread.
County Treasurer—Robert Moore, Jr.
Director of the Poor—Dr. Robert G. Young.
Auditor—Samuel Huston.
Comptroller—John W. Adrich.

It is authorized by GEORGE KIMMEL, Esq., of Southampton township, to state that he peremptorily declines the nomination for County Commissioner, made by the "Valley." Mr. Kimmel is an old whig, and his name will be found attached to the Shippensburg proceedings. The paltry temptations of office are nothing to such men compared with the success of whig principles.

The main course of Messrs. Kennedy and Brindle since the county convention, meets with the hearty approbation and applause of their friends throughout the county, and has given these gentlemen new claims upon the friendship and regard of the party. They have shown in a noble spirit that they hold their personal interests subservient to the welfare of the party.

Arouse Whigs!

The election is close at hand and it is time the Whigs were stirring. Recollect that the most important part of the ticket is this fall is exclusively and distinctly our own. The Canal Commissioners and the County Commissioner no Whig can stay away from the polls and refuse to vote for without proving recreant to his party and the interests of the State. But vote the whole Anti-Porter ticket, and do the work effectually. It is composed of honest and respectable men, and the candidates for Assembly are pledged to the cause of Retrenchment and Reform, and a sale of the Public Works. Vote the whole Anti-Porter ticket!

The Shippensburg meeting on Saturday evening, has killed the Mormon scheme for getting up a new ticket, as "dead as a doornail." Let our friends keep a sharp look out for other tricks of the enemy. They are straining every nerve to elect Heck and Eckels, but the whole Anti-Porter ticket can be elected if the Whigs do their duty.

The adoption of the Anti-Tax ticket, by the Whigs this fall, will have and can have no effect upon the Whig Sheriff candidates. The story, therefore, about its being a movement to assist Mr. Ebe, is absurd. Every man has his own vote in his own hand, and can he not do what he pleases with it? We are sick of hearing the bugaboo story, that an attempt is making to "whip in" the Whigs to the support of Mr. Ebe.

A letter from Shippensburg informs us that the Whigs there are now determined to vote the Anti-Porter ticket with JOHN RUPP for Commissioner. This is the right course. Let us use every effort to demolish the Mormon Porter faction and clear the way for a majority for HENRY CLAY and a full Whig county ticket next fall.

Since the miserable failure of the Shippensburg scheme, (which was doubtless concocted here,) the leaders in Carlisle, and elsewhere, have been endeavoring to induce the Whigs to support Mr. Ebe. This is a most wicked and dishonest attempt. The Whigs of Carlisle and elsewhere, who have been so long and so faithfully supporting the Anti-Porter ticket, will not be so easily misled. They will stand by their principles, and vote the whole Anti-Porter ticket next fall.

A MORMON LOCO FOCO MOVEMENT.

to divide and distract the Whigs!

LOOK OUT, WHIGS!

We have been aware that the leaders of the Mormon party in Carlisle have been exceedingly distressed ever since the Whig County Convention met, at the action of the Convention in declining to nominate a Ticket. Throughout the day on which the Convention was held, the Mormon leaders in Carlisle were actively engaged all day in endeavoring to influence the delegates—in drawing them off into private conversations—in representing to them how "degrading," as they expressed it, it was for "high-minded and honorable Whigs," to give way to the Anti-Tax party, and how easily the Whig party might elect their ticket! although those fellows knew perfectly well how things stood, and laughed heartily in their sleeves as they succeeded in duping some few Whigs into an opinion so absurd as that the Whigs were able to elect in a county which four or five hundred against them!

But not succeeding on the day of the County Convention in getting the delegates to form a ticket—and these delegates we take occasion here to say, were all old and well-known Whigs, who had no other feeling than that of genuine and ardent desire for the welfare of the Whig party—the ingenuity of the Mormons was in their desperation driven to a resort to different expedients—to a new game in political management. Failing to get a Ticket nominated, their next resort was to try how they could work on the dissatisfied feelings of certain good Whigs, who were somewhat displeased at not having a Whig ticket to vote for. To get these Whigs separated from their party—to get them to move in favor of calling a new Convention, was now the object of the Mormon leaders. For this purpose they sent their tools and under-stoppers into every part of the county to tamper with the Whigs and exasperate their feelings against the Convention—they wrote letters to all parts of the county to such Whigs as they thought they could deceive—and in one part of the county several Mormons actually proposed to a Whig that if a Whig ticket could be got up, they (the Mormons) would give it their support!! Was ever any thing more absurd heard of! Do they suppose the Whigs so besotted in ignorance as not to be able to see through so barefaced an attempt to humbug as this.

Thanks to the stern, unflinching character of the Whigs of Cumberland county, these base, mean and dishonest attempts of the Mormon Locofocos failed. Although several Whigs in the county were at first dissatisfied with the action of the Convention, a "sober second thought" upon the matter convinced them that the Convention acted with the best intentions, and that the true policy of the party was, not to nominate this fall, but to give the Anti-Porter party a chance and let the Whigs make their preparations to rally around HENRY CLAY and a full Whig County Ticket in 1844. This was the opinion of some of the best Whigs in Cumberland county, and so far from being done at the dictation of any "clique" in Carlisle, it was done at the instance of public opinion, acting through as intelligent a Convention as ever assembled in the county. But the Mormon Locofocos, failing to get Whigs interested in their scheme, have undertaken to do the thing themselves! A newspaper which has been printed for some time in Shippensburg, called the "Valley," and which, while it was edited by JOHN McCURDY, Esq., was a sound and efficient Whig paper, has lately got back into the hands of two young men by the name of Kinsloe, one of whom never pretended to be any thing but an out and out Locofoco! As soon as Mr. McCurdy left the paper, the CLAY FLAG, which was at the head of the column, WAS HAULED DOWN! thus showing that the Messrs. Kinsloe had no feeling in common with the Whig party and no friendship for Henry Clay. This paper—the "Cumberland Valley"—the Mormon Locofocos have got into their hands—have got it under the control of Samuel R. Hamill, (a beautiful Whig to be sure!) and it has commenced in good earnest doing the dirty work of the Mormon leaders. A number of it was issued last Friday, filled with abuse of the most violent character against the Whig County Convention, calling them traitors and charging them with an attempt to sell the Whig party, and give it over to the Anti-Tax party, &c.—charges such as no Whig would make against other respectable Whigs.

Whigs of Cumberland county—friends of Henry Clay! We wish to put you on your guard against the machinations of the enemy to distract and destroy the Whig party. This paper—the "Cumberland Valley"—we say it without fear of successful contradiction, has got into the hands of the Mormon Porter Locofocos—IT IS NO WHIG PAPER—its professions of friendship for the Whigs are only intended to gain your confidence in order to deceive you—its friendship for Messrs. Kennedy and Brindle will be spurned by those gentlemen, who know that it is only an attempt to elect the two Porter men, Eckels and Heck. We say this paper has got under the control of Samuel R. Hamill and other Locofocos, and we can prove it, moreover that one of the Kinsloes, who edited the paper a few days since, was a Locofoco, and the last number of it, was filled with abuse of the Whig party and its friends.

We say to the Whigs turn out to the polls! Turn out for the Whig Canal Commissioners—for the Whig County Commissioners—turn out and vote the whole Anti-Porter ticket. This is the best the Whigs can do. If they vote for Eckels and Heck on the "Mormon" ticket, they may get two Porter members in the next House of Representatives, who will vote to sustain the Governor and prevent a sale of the public works. The other candidates—DUNLAP and LONGNECKER—although not Whigs, are known to be from Anti-Porter men, and will go for a sale of the public works—for reducing the expenses of government—for opposing any increase of taxation—and for a thorough investigation and exposure of all the frauds and corruptions committed by Porter and his official advisers. Vote the whole Anti-Porter ticket this fall, with the Whig Canal Commissioners and County Commissioners, and next fall we can elect Henry Clay and a full Whig County Ticket!

his visit to Carlisle. Will the Whigs of

Cumberland county be led away to their own destruction? by such means!

Whigs! We appeal to you. You all know why the County Convention thought it inexpedient to settle a Ticket. You all know that could Messrs. Kennedy and Brindle have been elected, it would have given the Whig party pleasure to re-nominate them.

But does not every Whig know we had not the power to re-elect them. But some will say they might have been elected by means of a split, as they were last fall. Now let the Whigs of the county be assured that there would not have been a split—long had a Whig Ticket been pending by our Convention. It was a fact well known that the resignation of every candidate on the Anti-Tax ticket was prepared and would have been published immediately, had a Whig ticket been formed. Under these circumstances, the Whig Convention, believing it to be an object of paramount importance to defeat the Mormon Porter party in the county, and knowing that a whig ticket could not be elected, thought the best policy of the Whig party would be to give its strength to the defeat and overthrow of Porterism. To this conclusion, therefore, they came—if it should not prove to be a wise course, the delegates can only urge that they acted as pure intentions and their best judgments dictated, with the consciousness besides that if the Whigs are true to themselves no harm at least can accrue to the party. Whigs of the county! we say this much in behalf of the members of the Convention. Are you prepared to condemn them so bitterly as those Locofocos of the "Cumberland Valley" would have you? Do you believe your delegates would sell your party, as the vile calumniators of this sheet are charging! No! you know these delegates to be staunch, true Whigs of long standing, and well known in the county, and that they are men who would do nothing knowingly to endanger the interests of the Whig party. We call upon you, then, to crush this Mormon movement which is endeavoring to distract the Whig party, and which by dividing its strength would elect Heck and Eckels. Show these fellows that you see the elevenfold fold of Mormon Porterism plainly visible in this movement, and show the unprincipled actors in this affair that the Whigs of Cumberland county are too intelligent and too true to the Whig party to be deceived and misled by such a shallow artifice. We know you will!

Very Respectfully,

JAMES KENNEDY.

MR. BRINDLE "DITTO"

Since the above was put in type, Mr. Brindle has authorized us to publish the following from him. We felt safe in assuring the public that Mr. Brindle would not in any way permit the use of his name to the detriment of the Whig party, and his letter fully confirms our expectations:

SUPP. 25, 1843.

To the Editor of the Carlisle Herald:

I am unfortunately heard nothing of the plot devised by the "Mormon" leaders of this county to divide and distract the Whig party, on the Monday morning, the 25th inst. I reached Carlisle after the afternoon, was thus prevented making known through the medium of your "Herald," issued on that morning, my decided repudiation of the course pursued by the "Cumberland Valley" newspaper. I avail myself of the present opportunity, however, of saying that you did me but simple justice in assuring the Whigs of the county that I "would not pursue any course at variance with the interests of the Whig party." I have been too long a member of that party, sharing its difficulties and its struggles, to feel any less attachment to its principles now, and those who thought that the action of the late County Convention had produced any dissatisfaction with me, have entirely mistaken their man. The Convention found me with the same determination as before its meeting—that was to cheerfully abide by its decision. I will only add that I fully concur in the sentiments expressed in the letter of my late colleague, Mr. Kennedy, and unconditionally decline the nomination made by the "Cumberland Valley."

Very Respectfully,

GEORGE BRINDLE.

To show the sincerity of the pretended Whigs of the "Cumberland Valley," in wishing to get up a full Whig ticket this fall, we will just mention that they approve the coming out of JOHN RUPP, Esq., for County Commissioner, and at the same time nominate GEORGE KIMMEL, for the same office! That's certainly an improved way of electing Mr. Rupp! Something new in political tactics!

Mr. Rupp's friends can see by this what kind of influence is at work, and whether the Shippensburg movement is a Whig movement or not.

The "Cumberland Valley," is endeavoring to spread the story that the friends of Mr. Ege for Sheriff influenced the Whig County Convention, and induced them to nominate no ticket. We deny this. Several of the Whig candidates for Sheriff, that we could name, were in favor of the same course. It is foolish to talk of such a design when every man has his vote in his own hand to give it to whom he pleases.

Samuel R. Hamill was heard to say before leaving Carlisle on Thursday, that he would have a Whig Convention called to nominate a County Ticket, before he came back! A Whig Convention got up through his influence would be a very queer affair, indeed. Of course no Whig would dare to dispute its authority!

The extracts in the last "Cumberland Valley," copied from the Carlisle Herald of 1838, in reference to Gen. Miller's participation in the Buckshot war, show conclusively who is engaged in managing the "Cumberland Valley." Those self-same extracts were taken from a bound file of the Herald which Samuel R. Hamill borrowed from our office on Wednesday last! Does not this show where they come from. Do the Whigs know any body in their ranks by the name of Samuel R. Hamill?

The Whigs know perfectly well of Gen. Miller's course during the Buckshot war, and do not by any means consider that that gives him any claim upon their suffrages. But the question is, is it better to have a sound friend of the Tariff elected from our district, or a full-blooded Porter loco loco who goes for modifying the Tariff? We leave it for Whigs to judge for themselves.

It is shrewdly suspected that the great Kickapoo chief has had a hand in the business of dividing the whig party. If Eckels and Heck are elected, Governor Porter has two members sure in the Legislature.

BE ASSESSED!

Voters, remember that next Saturday, the 30th, is the last day on which you can be assessed.

THE TWO CANDIDATES FOR CONGRESS!

MILLER AND BLACK.

The Editor of the Perry "Freeman," in opening the political campaign in that county, presents the following view of the two candidates for Congress in this district. We copy it to show how cut and dried in Perry look the matter. If we go for General Miller, we may elect a true friend of the present Whig Tariff. If we elect Judge Black, we shall have a man brought out by the Porter faction, and one who will go with the Southern Locofocos and Northern dough-faces in modifying the Tariff. Will any Whig stay away from the polls and let the Tariff be lost?

There are two candidates in the field, says the "Freeman":—One is the Hon. James Black of Perry county, the other is General Thomas C. Miller of Cumberland. Let us examine into their political character, as the moral character of both, we doubt not, is unexceptionable.

We leave it to the Whigs to choose between the two candidates, or to no choice at all. There is no other way.

Well, who, then, is James Black? As a politician, he belongs to the clique always in the political market, known by the familiar name of Porters or Kickapoes, notwithstanding he has already tasked his ingenuity to the utmost to catch Anti-Porter votes by saying that he is not the "partisan" friend of Governor Porter! He is well known to the whigs of this county as their ancient enemy, as one of their uncompromising opponents. They know his political character too well to put any trust in him. He owes his nomination to the influence of the Porter faction in as well as out of this district. That this is the fact, we do most candidly assure the whigs of Perry, of Cumberland, and of Franklin. To corroborate this it is only necessary to say that the self-same, identical conferees who nominated him—were men from Perry and Cumberland, as those from Franklin, did not give in their adhesion to the nomination of Black at the meeting of the conference—appointed as Senatorial Delegate to the State Convention, James H. Graham, Esq., one of the strongest Porter men in the three counties; and perhaps in the State.

That Judge Black cannot be supported by the Whigs is therefore absolutely certain. Before they can support him they must turn traitors to all their principles.

The only remaining candidate is Gen. Thomas C. Miller of Cumberland. We hazard nothing in saying that his qualifications for a seat in Congress are decidedly superior to those of his competitor. He has been nominated by the Anti-Porter party in Cumberland. He is therefore not the whig candidate. But he holds to a certain, and in our opinion, to a necessary extent, good, sound, democratic whig principles. What are they? In the first place, he is the most decided and uncompromising advocate of the Protective Tariff as it now stands. That is a measure of primary importance to the whole people, and the Atlas which upholds and sustains the whigs; and with them the best interests of the country. But this is not all! He is, in the second place, in favor of a Good Currency—another cardinal measure of the whigs. Upon the Tariff and the Currency he is therefore orthodox in the Whig faith. We are not now prepared to state that these are the only measures of a whig complexion which General Miller will cordially and manfully support if he be elected to Congress. We incline to the opinion that he is a very judicious man, and holds to the old, not the new, spiritless doctrines of the democratic party. He is, for the reasons already stated, a safe, judicious and sagacious man whose principles will by no manner of means permit him to go for the Free Trade doctrine and all those destructive measures which Mr. Black, by his present political associations, would be compelled to support if elected.

The whigs have been fighting against Governor Porter for years. The whigs knew him, when he was brought out, to be just as bad as his former friends have now found him to be. Some of the loco-focos still stick to him—or at least they do not publicly oppose him—among whom are the "Mormon" party of Cumberland county. But the Anti-Porter party has come out against him and opposes him manfully. They want to stop him in his reckless course, and want to see him impeached, and the truth or falsity of the charges made against him tried at the bar of the Senate. The Anti-Porter men call upon the whigs to assist them in bringing Porter to trial! Under these circumstances, then, do the whigs lose anything by electing Anti-Porter men to the Legislature this fall, and thus securing to themselves a better chance of electing whigs the next? Let us all vote for Dunlap and Longnecker.

THE MARIANES.

PHILADELPHIA Sept. 23, 1843.

FLOUR—The market has inactive generally. Early in the week sales were made at various prices to a limited extent, \$4.50, \$4.44, \$4.40, a 42, chiefly at the latter price, viz:—1,000 or 1,500 bbls.—450 of Brandwines at \$4.75 and 100 of scraped at 4.13. Since the arrival of the California there has not been time to ascertain the effects—holders still ask 44—but a sale is reported of 250 bbls. at something less. The exports have been considerable this week viz: 7, 183 bbls.—none of which went for England.

GRAIN—The stock is light, but the prices are lower. Previous to the arrival of the California, sales were made at 95 to 97 cts. according to quality; since, we hear of no operations, excepting small lots at 94 cts.

THE FOLLOWING LETTER FROM JAMES KENNEDY, Esq., is commended to the attention of the Whigs. It shows how great a mistake the Mormon Locofocos made when they thought to make Mr. Kennedy an instrument to the injury of the Whig party. It will be seen that Mr. Kennedy, than whom no truer Whig is to be found anywhere, promptly declines the honor intended by the Mormon leaders! We knew Mr. Kennedy would not hesitate to denounce at once any scheme calculated to distract the Whig party. We have not heard from Mr. Brindle, but we feel perfectly safe in saying that he is too staunch and firm a Whig to pursue any course at variance with the interests of the Whig party, and entire confidence in assuring our friends that Mr. Brindle will say "ditto" to the patriotic letter of Mr. Kennedy.

MILLER TOWNSHIP, Sept. 23, 1843.

To the Editor of the Carlisle Herald:

I perceive from the Cumberland Valley published at Shippensburg, that my name is placed before the people for a seat in the Legislature. This is done without my knowledge or consent. The Whig County Convention, having determined that it was inexpedient to nominate a Whig ticket, I cheerfully submit to their decision, and will not permit my name to be used contrary to their wishes. Having been honored with a seat in the Legislature, by the suffrages of the Whig party, I would be recreant to the party and its interests, if I could allow my name to be used by Whigs, but by disgranting them, to defeat the course pointed out to every true Whig—I therefore say emphatically that I am not a candidate, and desire that none of my friends will suffer themselves to be misled, either by their friendship for me, or by the enemies of the party, under the assumed name of Whigs, to throw away their votes at the coming election.

Very Respectfully,

JAMES KENNEDY.
