The Election Yesterday.

We have kept our paper back in the hope being able to present some definite returns of the Election yesterday, We have not been able to ascortain, precisely what the result is but he lieve the Porter County Ticket has a majority suf- favor of HENRY CLAY for President of the United ficient to elect it. The Whig vote of the county has not been full-indeed the contest seems to have been rather a personal squabble for the Sherift's office than a contest for party measures. The County Ticket ditto, with the exception of Jann Rure, who is possibly elected.

Our friends who do not feel much rejoiced with the doings of Cumberland county, are referred to the more concelling intelligence from Maryland waiting cars of the people, rousing them from of every pairiot in the land, and by uniting them and Georgia! Let us now organize for Henry despair and inspiring them with hope and cou-Clay and work for similar results.

A New and Important Move! The New York Courier and Enquirer, a leading Whig and Clay paper in New York, has come out in a lengthy and able article in favor of placing the name of DANIEL WEBSTER on the ticket with Mr. CLAY. Henry Clay for President, and Daniel Webster for Vice President of the United States! The Tribune, an able Whig paper, republishes the article and approves the ovement. It is of course a proposition of no small importance, and will probably cause no little discussion. The Survey of Mr. Webster thas been severely, and we think

not altogether unjustly, censured for his course toward the Tyler administration-his continuing in the Cabinet so long after the other Whig members and the apology, he tendered for the administration in his Faneuil, Hall speech, when he asked the question, "Where shall I go ?" Lately, however, it seems he has determined where to cise in walking or on horseback. go, for we notice that he is spoken of to deliver Whig addresses during the ensuing political campaign in Massachusetts. The Baltimore Patriot says the battle was every where fought with Honry Clay's name, and for Henry Clay. Not one of the sixty Whigs in the Legislature but prefers him above any other man in the Union for President, and it may be said with truth, that not a man who voted for any one of these sixty Whir Legislators, but also prefers Henry Clay.
