thanks for several public documents. The Legislature. () We have given up considerable space to-day to the proceedings of the Legislature, which went into session on Tuesday last, the 2d inst. There has been nothing dono yet of very great importance. The State Printer question has been much discussed, and seems to be the matter the matter from intercourse with others; nor until fe: of greatest interest to the majority in both cently, was it ever dreamed that he could get branches.
