THOMPSON'S PATENT UTERINE TRUSS AND PELVIS CORSET for the cure of Prolapsus Uteri or falling of the womb and other diseases, now offers them to the public with the greatest confidence, and requests Physicians to call and examine them. These instruments are constructed on scientific principles, and to any one acquainted with the Anatomy of the Female System, and with the disease which is sought to be cured, the utility of these instruments will be apparent. The Uterine Truss has the unqualified approbation of the Medical Faculty in almost all parts of the country where it has been introduced. A number of certificates to this effect are in the hands of the subscribers, which will be exhibited. The unusual low price at which these instruments are sold, puts them within the reach of all.

Red Ochre & Ploughs,

THE Subscriber having obtained the right for Cumberland county, of the WITHEROW PREMIUM PLOUGH, is now manufacturing these and other ploughs which he has now for sale, at Cumberland Furnace. He designs by the first or middle of March next, to distribute a number of them through the different towns, and to other public places of the county, where farmers can judge of their excellence. The price will be low, in accordance with the times.

THE RED OCHRE

he also designs to put a supply of, in many of the public places, in and out of the County. A trial of its quality, will cost but little. Like all other paints it does best with flax seed oil; but for weather beaten timber, or brick, it answers very well with fish oil, milk, or even water. It adheres more closely than lime, or any other paint. Several gates, &c. in the neighborhood have been painted for a year past, some with milk, others with, water, and are now as bright as when it was first put on. Whether wet it is a great preservative of timber, possessing great tenacity

DR. RUSH'S INFALLIBLE HALTH PILLS.

TWELVE AND A HALF CENTS A BOX.

The proprietor of this invaluable legacy of a great man, has for some time failed to present them to the public in an advertisement. The reason is a plain one. So much has their use given satisfaction, and so strongly have they been recommended to one another, that it has been utterly impossible to supply the demand, both here and for country agents. During the present month, more than two hundred gross or nearly THIRTY THOUSAND BOXES, have been sold in this city and vicinity, and supplied to Agents throughout the United States, and many orders have been on hand weeks before they could be filled. In fact it needs not the spirit of prophecy to foretell the day when the only Pill in use will be that invented by the immortal Dr. Benjamin Rush, the greatest physician America ever saw.

THE HEALTH PILLS have cured, were cure seemed well nigh impossible; they have restored to perfect health hundreds who had long languished on beds of pain; they have operated like a charm, when all other medicines failed even to afford relief, they have given comfort to the afflicted, and hope to the despairing; they have removed the ills of the young and given back youth to the aged. Indeed, they seem to possess properties ascribed by the alchymists of former days to the Elixir; that Sovereign Balm, that conqueror of infirmities; to dissolve which, they assailed long days and weary nights of labor and study.

WISTAR'S BALSAM OF WILD CHERRY

FOR

CONSUMPTION OF THE LUNGS

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs and all Affections of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION.

A compound Balsamic preparation of the *Prunus Virginiana* or "Wild Cherry Tree," combined with the *Extract of Tar*, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

NO QUACKERY!!! NO DECEPTION!

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are labouring under affliction, nor do we desire to eulogize it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly or say too much in its favor.

Such, indeed, are the

SURPRISING VIRTUES.

Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stages of the disease termed "*Catarrhal Consumption*," originating from *neglected* COLDS, it has been used with undeviating success and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone.—In that form of *Consumption* so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicine we have ever possessed.

For particulars, certificates, &c., see Dr. Wistar's pamphlet.

CHILDREN CRY FOR SHERMAN'S LOZENGES, and grown people say they are the pleasantest and most effectual medicine in use. Enormous quantities are sold, and every body likes them. Freeman Hunt, Esq., editor of the Merchants Magazine, says they cured his cough in a few hours.—The Rev. Mr. Dunbar, of the McDougal street church, was cured of a very bad cold and cough in one day. The Rev. Mr. Anthony, of the Methodist Church, was cured of consumption by them.

SHERMAN'S WORM LOZENGES have saved the lives of thousands. Ask W. E. Evans, Esq., 6 Walker st., the Hon. Edward J. Porter, Hon. B. B. Beardsley, Dr. G. Hunter, and nearly all our physicians, what they think of Sherman's Lozenges, and they will tell you they are excellent—the only infallible medicine known.

SHERMAN'S CAMPHOR LOZENGES are real anditotes to headache, palpitation, sea sickness, lowness of spirits and despondency—or the effects of dissipation. Capt. Chadwick, of the Wellington, Mr. Ackerman, the great sign painter, Mayor Clark, and almost every body knows their value.

POOR MAN'S PLASTER—Sherman's we mean—costs 12½ cents, and is sure to cure rheumatism, lumbago, pain or weakness in the breast, side, or back; also piles—and they cure worms when applied to the part. Ask Joe Hoxie, or any one who has used it, and would give $5 for one sooner than five cents for all other plasters.

OAKEE Y'S COMPOUND DEPURATIVE SYRUP.

For the cure of Obstinate Eruptions of the Skin; Pimples or Pustules on the Face; Biles which arise from an impure habit of body; Scaly Eruptions; Pains in the Bones; Chronic Rheumatism; Tetter; Scrofula or King's Evil; White Swellings; Syphilitic Symptoms; and all disorders arising from an impure state of the blood, either by a long residence in a hot and unhealthy climate, the injudicious use of Mercury, &c.

This Medicine has frequently been found highly beneficial in Chronic Coughs, or Colds of long standing.

This Medicine has been extensively used in the United States with decided benefit in Scrofula, Mercurial diseases, and in all cases of an ulcerated character. As an alterative in the spring and fall seasons, it is unequalled. It possesses many advantages over the decoction, and is introduced as a preparation more portable, not liable to injury by long keeping, and better adapted to the use of persons travelling or residing abroad.

The proprietor begs leave to call attention to the following certificates selected from a large number approving its efficacy

READING, March 3, 1839.

This certifies that my wife Mrs. Deem, had for nearly eleven years suffered from a scrofulous eruption resembling tetter, which ate deep holes in her face, neck and arms, the constant discharge of which destroyed her health, and frequently confined her for different periods to her bed, during which time her sufferings were very great. The best medical attendance was obtained, and all the known remedies were tried with but an alleviation of her complaint, which always returned with increased malignity.—Having lost all hopes of recovery, she had almost determined to give up the use of any other medicine; she was however, by persuasion, induced to try *Oakley's Depurative of Sarsaparilla*, the use of five bottles of which has removed the disease, and restored her to perfect health.

THOMAS DEEM,
opposite the depot, Reading, Pa.

This is to certify that my little son, about eight years old, had suffered for a long time from extensive sores on the right knee and leg, supposed to have been white swelling, which I found impossible to heal, even by the aid of the most respectable medical advice, until I was recommended to use Mr. Oakeley's Compound Syrup of Sarsaparilla, 8 bottles of which not only healed the sores, but perfectly restored the child's health, which had suffered much in consequence of this affection.

CATHARINE BINGEMAN,
7th, above Penn street, Reading.

The above case was presented to me both before and after the use of Mr. Oakeley's Syrup of Sarsaparilla, and I have no hesitation in believing that it was the agent of his restoration.

JOHN P. HIESTER, M D

DOUGLASSVILLE, April, 19, 1843.

Mr. Oakeley:—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect until recommended by Dr. Johnson, of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate, that others who have a like affliction in the family may know where to obtain so valuable a medicine. Yours, truly, A. D. LEAF.

PROTECTION AGAINST LOSS BY FIRE.

THE CUMBERLAND VALLEY MUTUAL PROTECTION COMPANY, being incorporated by an act of the Legislature of the present session, and fully organized and in operation under the direction of the following board of Managers, viz: Thomas C. Miller, C. P. Cummins, John Moore David W. McCullough, James Weakly, George Martin, William Moore, Samuel Galbraith, James Greason, Thomas Paxton, Wm. Barr, Joseph Culver and A. G. Miller, call the attention of the inhabitants of Cumberland Valley to the cheapness of their rates and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. Per insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen.

3d. The non-existence of frequent renewals is avoided by insuring for a term of five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per centum, which will be $50 on the $1000, for which he will have to pay $2,50 for five years, and $1,50 for survey and policy, and no more unless loss be sustained to a greater amount than the funds on hands will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles.

Insurance is effected in the following manner. A person applying for insurance for property of the cheapest class of risk for $1000 will be charged 5 per cent for five years, a note amounting to $50 must be given by him, on which he will be required to pay 5 per cent $2,50, and $1,50 for surveying and policy, and will have no more required of him unless losses occur and the funds on hands are not sufficient to meet them.

Agents will be appointed as soon as possible in different places to attend to insurances, and any persons wishing immediately to apply can do so by signifying their wish to the officers of the company.

Improvement in whatever regards the happiness and welfare of our race is constantly on the march to perfection, and with each succeeding day some new problem is solved, or some profound, secret revealed, having an important and direct bearing over man's highest destinies. If we take a retrospective view over the past twenty years, how is the mind struck with wonder! What rapid strides has science made in every department of civilized life! particularly in that which relates to the knowledge of the human system in health and disease. How valuable and indispensable are the curative means recently discovered through the agency of chemistry! How does the imagination kindle and our admiration glow at the ingenuity, the near approach to the standard of perfection, of the present time! Through the elaborate investigations of Physiology, or the science of LIFE, and the Pathology of prevalent diseases, much valuable practical knowledge has been gained. In consequence of becoming acquainted with the organization, the elements of the various tissues and structures of the system, remedies have been sought after and discovered exactly adapted to combine with, neautralize and expel morbific matter, the cause of disease, and substitute healthy action in its place.—The beautiful simplicity of this mode of treatment is not only suggested by the pathology of dise
