FAMILY CIRCLE.

THE GONE—FOREVER GONE!

BY MOTHERWELL.

Stately trees are growing,
Lusty winds are blowing,
And mighty rivers flowing,
On—forever on.
As stately forms were growing,
As lusty spirits blowing,
And as mighty tangles flowing,
On—forever on—
But there has been leave-taking,
Sorrow and heart-breaking,
And a moan, pale echoes waking,
For the gone—forever gone.

Lovely stars are gleaming,
Bearded lights are streaming,
And glorious suns are beaming,
On—forever on.
As lovely eyes were gleaming,
As wondrous lights were streaming,
And as glorious minds were beaming,
On—forever on.
But there has been soul-sundering,
Wailing and sad wondering—
For the grave grows fat with plundering
The gone—forever gone.

We see great eagles soaring,
We hear deep oceans roaring,
And sparkling fountains pouring,
On—forever on;
As lofty souls were soaring,
As sonorous voices roaring,
And as sparkling wits were pouring,
On—forever on—
But pinions have been shedding,
And voiceless silence spreading,
Since a measure Death 's been treading
O'er the gone—forever gone.

Every thing is sundering,
Every one is wondering,
And this huge globe goes thundering,
On—forever on—
But mid this weary wondering,
Heart-breaking and soul-sundering,
And this huge globe's rude thundering
On—forever on—
I would that I were dreaming,
Where little flowers lie gleaming,
And the long green grass is streaming,
O'er the gone—forever gone.

THE INFANT IN HEAVEN.

Dr. Chalmers furnishes the following touching expression of opinion on the subject of infant salvation. It is expressed in strong and beautiful language.

"This affords, we think, something more than a dubious glimpse into the question, that is often put by a distracted mother when her babe is taken away from her, when all the converse it ever had with the world amounted to the gaze upon it a few months, or a few smiles, which marked the dawn of felt enjoyment; ere it had reached perhaps the lisp of infancy, it, all unconscious of death, had to wrestle through a period of sickness with its power, and at length to be overcome by it.

Oh, it little knew what an interest it had created in that home where it had been so passing a visitant, nor when carried to its early grave, what a tide of emotions it would raise among the few acquaintances left behind it! On it, too, baptism was impressed as a seal, and as a sign it was never falsified. There was no unbelief in its bosom—no love at all for the darkness rather than the light—nor had it yet fallen into that great condemnation which will attach itself to all that perish, because of unbelief that their deeds are evil. When we couple with this the disposition of our great forerunner—the love that he manifested to children on earth, how he suffered them to approach his person, and lavishing endearments and kindness upon them in Jerusalem, told the presence and company of such as these in heaven formed one ingredient of the joy that was set before him—tell us if Christianity does not throw a pleasing radiance around an infant's tomb? And should any parent who hears us feel softened by the touching remembrance of a light that twinkled a few short months under his roof, and at the end of this little period expired, we cannot think we venture too far when we say that he has only to persevere in the faith, and in the following of the gospel and that very light will shine upon him in Heaven.

The blossom which withered here upon its stalk, has been transplanted there to a place of endurance; and it will then gladden the eye which now weeps out the agony of an affection that has been sorely wounded, and in the name of Him who if on earth would have wept with them, do we bid all believers present to sorrow not even as others which have no hope, but to take comfort in the thought of that country where there is no sorrow and no separation.

"Oh, when a mother meets on high
The babe she lost in infancy,
Hath she not then for pains and tears—
The days of woe, the watchful night—
For all her sorrow, all her fears—
An over-payment of delight."

TIME, is the great preacher. Change, is the tone he harps on, as he hurries along. Change! he shouts, as he lays his hands on the mountain peak and powders it to dust. Change! he thunders as he twists the tall oak up by the roots. Change he roars, as he topples down the magnificent temple into a mass of ruins. Change! he whispers as he lengthens the beard of the young man, and trips up the tottering steps of the aged. Change! he shrieks, as he scatters the leaves of autumn. Change! he sighs, as he brushes the vermillion from the cheek of beauty—and Change! he grumbles forth as he lays his hand on the shoulder of him of broad chest and iron nerve, and points to the grave. Change! Change! are his watch words to his armies of series when he sends them forth to overturn and destroy.

Dr. Laibrop, of London, was a man of genuine piety, but much disposed to the pointy zeal that seeketh the praise of men. A young divine much given to enthusiastic cant, one day said to him, "Do you suppose you have any real religion at all?"

Worms! Worms!

IF parents knew the value and efficacy of Dr. Leidy's Patent Vegetable Worm Tea, they never would be without it in their families, as children are subject at all times to Worms.

Dr. Leidy's Worm Tea is composed of vegetables altogether, and may be given to children of all ages. Directions accompany each paper or package.

Children suffer much, of times, from so many things being given them for worms, without any effect. Much medicine, given to children, has a tendency to destroy their general health, and they are more or less delicate ever after.

To avoid the necessity of giving medicine unnecessarily when you are certain your children have worms give them at first Dr. Leidy's Worm Tea. It is all that is necessary.

Reference might be made to several hundred parents in Philadelphia city and county, of the efficacy of Dr. Leidy's Worm Tea. Try it and you will be convinced.

Price 12½ cents a small, and 25 cents a large package. Prepared only, and for sale, wholesale and Retail, at Dr. Leidy's Health Emporium, No. 101 North Second street, below Vine, [sign of the Golden Eagle and Serpents,] Philadelphia.

MORE PROOF!!

ANOTHER ASTONISHING PROOF!!!

TUCKERTON N J March 18, 1844.

THREE years ago in consequence of over-exertion in assisting to launch a boat, I ruptured a blood vessel in my lungs which was followed by profuse Spitting of Blood, and consequent debility so that I had to stop work. I procured the best medical treatment but the bleeding recurred very often accompanied with fever. In a short time a cough came on with great oppression, hectic fever and night sweats. Thus I went on gradually growing worse and I became completely discouraged, until about three months ago I made trial of THOMPSON'S Compound Syrup of Tar, which I used gradually for near three months, during which time I gradually improved and I now bear my testimony to its value, as the only medicine which benefitted me) and has restored me to health.

CONSUMPTION OF THE LUNGS

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs and all affections of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION

A compound Balsamic preparation of the *Prunus Virginiana* or "Wild Cherry Bark," combined with the *Extract of Tar*, prepared by a new chemical process approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicines ever discovered.

NO QUACKERY!!! NO DECEPTION.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are labouring under affliction, nor do we desire to eulogize it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful; we feel that we cannot urge its claims too strongly or say too much in its favor.

Such, indeed, are the

SURPRISING VIRTUES

Of this Balsam, that even in the advanced stages of CONSUMPTION after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stages of the disease termed "*Catarrhal Consumption*," originating from *neglected* COLDS, it has been used with undeviating success and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone.—In that form of *Consumption* so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicine we have ever possessed.

CHILDREN CRY FOR SHERMAN'S LOZENGES, and grown people say they are the pleasantest and most effective medicine in use. Enormous quantities are sold, and every body likes them. Freeman Hunt, Esq., editor of the Merchants' Magazine, says they cured his cough in a few hours. The Rev. Mr. Dunbar, of the McDougal street church, was cured of a very bad cold and cough in one day. The Rev. Mr. Anthony, of the Methodist Church, was cured of consumption by them.

SHERMAN'S WORM LOZENGES have saved the lives of thousands. Ask W. E. Evans, Esq., 76 Walker st., the Hon. Edward J. Porter, Hon. B. B. Beardsley, Dr. G. Hunter, and nearly all our physicians, what they think of Sherman's Lozenges, and they will tell you they are excellent—the only infallible medicine known.

SHERMAN'S CAMPHOR LOZENGES are real antidotes to headache, palpitation, sea sickness, lowness of spirits and despondency—or the effects of dissipation. Capt. Chadwick, of the Wellington, Mr. Ackerman, the great sign painter, Mayor Clark, and almost every body knows their value.

POOR MAN'S PLASTER—Sherman's we mean—costs 12½ cents, and is sure to cure rheumatism, lumbago, pain or weakness in the breast, side, or back; also piles,—and they cure worms when applied to the part. Ask Joe Hoxie, or any one who has used it, and would give $5 for one sooner than five cents for all other plasters.

OAKLEY'S COMPOUND DEPURATIVE SYRUP.

For the cure of Obstinate Eruptions of the Skin; Pimples or Pustules on the Face; Biles which arise from an impure habit of body; Scaly Eruptions; Pains in the Bones; Chronic Rheumatism; Tetter; Scrofula or King's Evil; White Swellings; Syphilitic Symptoms; and all disorders arising from an impure state of the blood, either by a long residence in a hot and unhealthy climate, the injudicious use of Mercury, &c.

This Medicine has frequently been found highly beneficial in Chronic Coughs, or Colds of long standing.

This Medicine has been extensively used in the United States with decided benefit in Scrofula, Mercurial diseases, and in all cases of an ulcerated character. As an alterative in the spring and fall seasons, it is unequalled. It possesses many advantages over the decoction, and is introduced as a preparation more portable, not liable to injury by long keeping, and better adapted to the use of persons travelling or residing abroad.

The proprietor begs leave to call attention to the following certificates, selected from a large num ber approving its efficacy:

READING, March 8, 1839.

This certifies that my wife Mrs. Deeds, had for nearly eleven years suffered from a scrofulous eruption resembling tetter, which ate deep holes in her face, neck and arms, the constant discharge of which destroyed her health, and frequently confined her for different periods to her bed, during which time her sufferings were very great. The best medical attendance was obtained, and all the known remedies were tried with but an alleviation of her complaint, which always returned with increased malignity.—Having lost all hopes of recovery, she had almost determined to give up the use of any other medicine; she was however, by persuasion, induced to try *Oakeley's Depurative of Sarsaparilla*, the use of five bottles of which has removed the disease, and restored her to perfect health.

THOMAS DEEM,
opposite the depot, Reading, Pa.

This is to certify that my little son, about eight years old, had suffered for a long time from extensive sores on the right knee and leg, supposed to have been white swelling, which I found impossible to heal, even by the aid of the most respectable medical advice, until I was recommended to use Mr. Oakeley's Compound Syrup of Sarsaparilla, 8 bottles of which not only healed the sores, but perfectly restored the child's health, which had suffered much in consequence of this affection.

CATHARINE BINGEMAN,
7th, above Penn street, Reading.

The above case was presented to me both before and after the use of Mr. Oakeley's Syrup of Sarsaparilla, and I have no hesitation in believing that it was the agent of his restoration.

JOHN P. HIESTER, M D

DOUGLASSVILLE, April, 19, 1843.

Mr. Oakeley:—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect until recommended by Dr. Johnson, of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate, that others who have a like affliction in the family may know where to obtain so valuable a medicine. Yours, truly. A. D. LEAF.

PROTECTION AGAINST LOSS BY FIRE.

THE CUMBERLAND VALLEY MUTUAL PROTECTION COMPANY, being incorporated by an act of the Legislature of the present session, and fully organized and in operation under the direction of the following board of Managers, viz: Thomas C. Miller, John Moore, David W. McCullough, James Weakly, William Moore, Samuel Galbraith, Thomas Paxton, A. G. Miller, Philip Spangler, Samuel Woods, Abraham Kurtz, George Brindle, Scott Doyle, call the attention of the inhabitants of Cumberland Valley to the cheapness of their rates and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years. But policies can be taken for any period from one to five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per centum, which will be $30 on the $1000, for which he will have to pay $2.50 for five years, and $1,50 for survey and policy, and no more unless loss be sustained to a greater amount than the funds on hands will cover, and then no more will be required, than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles.

DE BUCK'S Patent Cooking Stove.

THE Subscriber, having appointed Agent for the sale of D. BUCK'S PATENT COOKING STOVE, wishes to inform the public that he now has on hand and for sale, all of the different sizes suitable for Private Families, or of the most extensive Boarding Houses and Hotels. The public are assured that for convenience and economy in fuel, this Stove surpasses all others in use. The Oven, which is the full size of the stove, and twice as large as that of any other stove of the same size, is so constructed that the heat is sent in flues entirely around the oven, and in such a manner as to give it a perfect even heat at top and bottom. The great satisfaction which the use of these Stoves has produced wherever used, for two years past, and their never-failing excellence in doing all the different ways of Cooking, as well as saving of labor, and fuel in the use of them, are sufficient to recommend them to the attention of Hotel Keepers and heads of families generally. Proprietors of Hospitals, Asylums, Academys, County Poor Houses, &c. &c. will find this Stove, for their use to be far superior to any thing of the kind ever made. All persons therefore who are in want of Cooking Stoves, are respectfully requested to call and examine these, before purchasing elsewhere.

This is to certify, That we have for a year and a half past used one of D. Buck's Patent No. 6, Cooking Stoves, which we can recommend to hotel keepers for economy in fuel and labor.

The great demand for, and the unequaled satisfaction which this Stove has given, has induced the Proprietor to spare no pains in making them as much superior in quality and workmanship, as they are superior in excellence for Cooking purposes over all other stoves ever before offered in this market. He therefore takes this opportunity to inform the public, that the patterns have undergone a thorough alteration and improvement since they have come into his hands. The tops in particular have been thickened and strengthened—they are also now cast at the Foundry above named, and of the best iron, consequently, are far superior to Stoves made at Blast Furnaces, both as regards durability, strength, beauty and the shading of fire. In short, he is determined that he shall not be surpassed in any respect, by any thing that can be produced east or west, north or south.
