HERALD & EXPOSITOR

CARLISLE, PA.

Wednesday Morning September 18, 1844.

We are indebted to Hon. Willis Green, and Hon. Andrew Stewart for valuable political documents.

Arthur's Ladies Magazine.

☞We have received from the publisher the September number of this new and tastefully arranged periodical. The style and matter of this work recommends it to all readers of light literature, as a cheap and beautiful magazine. The number before us contains two beautiful engravings, and is filled with interesting contributions from the best authors, both in prose and poetry. It is published by E. Forrett, of Philadelphia, at $2 per annum, payable in advance.

Are You Assessed?

☞Whigs of Cumberland county, are you all assessed? To be certain that you are, each one of you should examine the list of voters put up in your respective election districts, by your assessors, and if your names are not there, have yourselves assessed immediately—for if you are not assessed *at least* TEN DAYS before the next General Election, or have not paid a *State* or *County* tax within two years past, you will lose your votes.

Phrenology! Animal Magnetism!

Mrs. LOOMIS, from the city of Philadelphia, has been invited by several of the most respectable citizens of our borough, to favor us with a lecture upon these two novel and interesting sciences. She has consented to do so, and likewise show experiments in Animal Magnetism on the 20th and 21st instant. We understand Mrs. Loomis is a popular and scientific lecturer and has lectured in all the principal cities in the U. States.

The Tallest Pole Yet!

The Whigs of Carlisle raised on Saturday afternoon last, the tallest pole, we believe, that is to be found in Eastern Pennsylvania. It is planted on the north-east corner of the public square, and is *two hundred and ten feet* in heighth! It is a beautiful spire of seasoned pine wood, and towers in majestic pride far above the "young hickories", around it, as does the lofty soul of Henry Clay above the grovelling demagogueism of James K. Polk! About half way up from its base is fixed a neat Log Cabin, the object of Locofoco sneers in 1840, and a few feet from the top floats in graceful waves a beautiful streamer, the meteor-flag of Henry Clay!

Its location will make it visible for many miles in every direction, and we doubt not every Whig as he looks up to see it will feel his hopes re-animated and his heart quickened with fresh impulses in the noble cause of Harry of the West!

After the raising, which was safely accomplished amid the enthusiastic shouts of the multitude who had assembled, the bell of the spirit-stirring drum and the joyous ringing of the bell, a temporary rostrum was made use of in front of the Court House, and General S. ALEXANDER loudly called upon for an address. He complied in a brief but happy and pungent speech, abounding with eloquence, sarcasm and humor, which elicited the heartiest applause. A procession was then formed, which proceeded to the Whig Head Quarters, when the assemblage dispersed. The committee under whose direction the pole was prepared and decorated, deserve thanks for their efforts, and we should not omit to mention that the difficult and perilous task of fixing the ropes to the machinery at a great heighth from the ground, was performed by Mr. DAVID HAYS, a wholehearted and active young Whig, who is entitled to the warmest thanks of the whigs for the essential service he rendered.

Whig Gathering at Harrisburg.

☞We have only room to say of the Whig Mass Meeting at Harrisburg, yesterday, that it was one of the largest gatherings and most splendid pageants of the many that have yet been held in Eastern Pennsylvania. Thousands upon thousands were in attendance, and the display of "fair women and brave men," with the numerous vehicles, elegant flags and banners, and representations of farming and mechanical operations exhibited in the procession, was magnificient in the highest degree. Cumberland county was largely represented. Full particulars will be given in our next.

Township Meetings!

It will be seen by a circular from the County Committee in another column, that a series of township meetings have been called for this county. This is done in pursuance of the recommendation of the Whig State Committee, and we hope will meet the views of our friends throughout the county.

The numerous and very large meetings that have already been held, prove conclusively that the great body of the people are fully impressed with the importance of the contest. What is wanted now is firm, united and compact *township organization*. This these meetings are intended to secure. Let there be a vigorous course of action adopted to bring each voter to the polls, and no fears need be entertained of the election of General MARKLE and our County Ticket. Resolve that it shall be done, Whigs, and our victory is certain!

Perry County.

Our friends in little Perry are preparing to wage the contest with vigor. A series of township meetings have been called, similar to those in this county, many of which we observe are to be addressed by F. Wells, Esq., Presidential Elector for this district, and by Hon. John Reed of this county. Perry has all the honors this year, and we hope will not let them be disgraced!

The Volunteer Outdone!

☞The last Volunteer makes the Locofoco Mass Meeting at assemblage of 5,000 democrats—the Harrisburg Union beats that all hollow. Its account is bended, 10,000 Democrats in Committee. Here is another case for the Volunteer's correspondent at Big Spring!

BOROUGH AND TOWNSHIP MEETINGS.

One fire more along the whole Whig line!

MARKLE AND THE COUNTY TICKET!

Agreeably to the suggestion of the Chairman of the Whig State Central Committee, the County Committee appointed at the delegate convention on the 2d inst. have appointed the following township and borough meetings for Cumberland county, to which they strongly and earnestly invite the full attendance of their whig brethren throughout the county. It is now all important that the various boroughs and townships should immediately effect the most compact and solid organization of their ranks, and this can be best accomplished in meetings of single townships.—ACTION is now the word—the second Tuesday of October is near at hand, and we can only be prepared for it by unremitting vigilence, unceasing exertion and *firm, united,* and *harmonious* ACTION! Arouse whigs! the prosperity, the happiness, the salvation of the old Keystone State depends upon your exertions in favor of the brave old patriot MARKLE, whose election is identified with all Pennsylvania's best interests.

The county committee would strongly urge upon the leading whigs of each township the necessity of exerting themselves to secure a full and general attendance at these meetings. If we would succeed we *must* exert ourselves. The cause expects *every man* to do his duty. At these meetings it is expected that *committees of vigilance,* comprising the most active and influential men will be appointed, and also the proper committee to attend at the polls on election day, and to take means to have every whig vote in the township put into the ballot box. The committee hope to be able to secure one or more gentlemen to address each of the meetings on the political topics of the day. The meetings will also afford an opportunity for an interchange of opinion and as to the best means of promoting the good cause. In townships where Clay Clubs have been already formed, the meetings may be held under their direction.

The county committee would therefore recommend meetings of the whigs by township's at the following times and places:

At New Cumberland, at the public house of Wm. Hughes, on Saturday evening, October 5th.

In East Pennsborough, at the public house of John Sourbeck, on Friday evening, October 4th.

At Oyster's Point on Tuesday evening Oct. 1st.

At Lisburn, on Saturday evening, Sept. 28th.

In Shireman town, at the usual place, on Thursday evening, September 26th.

In Mechanicsburg, at the public house of George Bitner, on Monday evening, Oct. 7th.

In Shepherdstown, at the public house of David Sheaffer, on Thursday evening, October 3d.

In Churchtown, at the public house of Jacob S. Paul, on Tuesday evening, October 1st.

In South Middleton, at the public house of M. M. Ege, on Friday evening, October 4th.

And at the public house of Philip Brickbill near the Carlisle Iron works, on Saturday evening October 5th.

In North Middleton township, at the public house of —— Lane, (formerly Sweigart's) on Saturday evening, September 28th.

In Newville, at the public house of John M. Woodburn, on Friday evening, October 4th.

In West Pennsboro', at the public house of Jacob Beltzhoover, Mount Rock, on Monday evening, September 30th.

In Stoughstown, at the public house of John Stough, on Tuesday evening, October 1st.

In Newburg, at the usual place, on Wednesday evening, October 2d.

In Leesburg, at the public house of Wm. Clark, on Wednesday evening, October 5th.

In Shippensburg, on Saturday evening, Oct. 5th

In Hogestown, on Saturday evening Oct. 5th.

To these meetings the members of the county committee respectfully but earnestly ask the attention of their brethren in the various townships. There is no time now to be lost in effecting a complete *organization* of our party in every township. In some townships we are aware active measures have already been entered into. In others the work has not yet been carried out as it ought.

WHIGS of Cumberland! Friends of the *illustrious* CLAY—of the *pure* and *eloquent* FRELINGHUYSEN—and of the *brave* and *honest* MARKLE! Our cause is onward, victorious, triumphant! From East and West, from North and South, we have, we assure you, the most cheering indications—the most convincing evidence—by the result of *recent elections*—by the public demonstration of Whig supremacy and progress, and by private correspondence, that *Liberty, Union, and* VICTORY—GLORIOUS VICTORY—will in *October* and *November* be the rewards of unceasing, untiring effort. We say this not to deceive—but to encourage—to stimulate to action—to close, systematic, scrutenizing action. The time TO DO is now *fully come.* Rouse up the sluggish—breathe courage and confidence into the timid—brush away the misgivings of the doubtful—organize the active and valiant of your forces—circulate the documents—bring out your neighbors to our meetings—rely upon *truth* and *truth only* for weapons, and then, our word for it, *truth* and steady, *systematic exertion,* will triumph over all opposition.

Meeting in Mechanicsburg!

"Another struggle—and our cause is won!
These are no times to tarry!
Then *Strike* for New Jersey's gallant son!
For MARKLE and for HARRY!"

Whigs! remember the meeting of our friends in Mechanicsburg, on Saturday next the 21st! This is the last large meeting before the State election, and ought to be large enough to remove all doubts about the strength of the cause in the lower end! It ought to be at least *twice as large* as the Locofoco meeting last Saturday. We understand that arrangements are making by the Whigs of Mechanicsburg to give their friends a hearty and hospitable welcome. A large delegation will be present from this borough and neighborhood, and the Whigs of the lower townships will be there *en masse!* Speed the cause!

A large meeting of the friends of Clay, Markle and the Tariff will be held in Warrington, York county, on Saturday the 28th instant, to which our friends in this neighborhood are earnestly invited.

Mammoth Clay Apple.

☞Our Whig friend Mr. George Spangler, of North Middleton township, left with us on Monday a mammoth Apple of the Tulpehocken species, Clay from the orchard which weighed *nineteen ounces!* The tree from which it was taken was from the Nursery of Wm. Line, Esq., Beautifully shaded.

A touch of Texas!

☞We understand there was about *four hundred* at the immense locofoco mass meeting in Mechanicsburg last Saturday, and that they had an exceedingly happy time of it! The meeting got into such high *spirits* toward the close, that nothing would satisfy the effervescence of "democracy" but a general "knock down and drag out," *a la Texas!* Such drinking, fighting, cursing and swearing as we are informed, was carried on for awhile, (all among themselves,) was "a caution," even to the party who can't support a gambler, duellist, profane swearer and sabbath-breaker for the Presidency!! Capt. Sanderson, who keeps such a strict eye over the *morals* of whig meetings, will we hope give us all the particulars!

We understand that a plain and quiet farmer who got considerably "licked," for no other cause that he knew of than "democratic enthusiasm," exclaimed after he got out of the muss, that if that was "democracy" he had got enough of it! The disgraceful proceedings of the day we doubt not opened the eyes of a good many others too.

Where they Know Him!

☞The Memphis (Tennessee) Inquirer, in alluding to the Dickinson meeting of the 20th of July last, which addressed a letter to James K. Polk, on the subject of the Tariff, and which adjourned to meet again when Mr. Polk's reply was received, says:

"We fear it will be sometime before the meeting is convened. Such letters as the one to Mr. Kane, Mr. Polk can write without hesitation; but when he has to come square up to the point, Mr. Polk very prudently takes time to deliberate. We hope if Mr. Polk has determined to be "mum" himself, that he will refer us to "his committee."

Carlisle, Sept. 10, 1844.

WHITE HALL NURSERY, CARLISLE, PA.

THE season for transplanting FRUIT, and indeed all deciduous TREES of the hardy kinds is fast approaching. The reason for this preference for fall planting, is obvious; when trees are transplanted at that season, the earth becomes during the winter, properly settled about the roots, and they are ready, to throw out fibres in the spring. The proprietor of the above establishment has, for this fall's market, the following trees, to wit:

12,000 APPLE TREES,

Comprising the choicest varieties;

1,000 CHERRY TREES,

including all the most approved kinds.

Also a very choice collection of

PEACH, PEAR, PLUM & APRICOT

Trees, as well as a large assortment of

Evergreen and Ornamental

Trees, such as Balm of Gilead Fir, Arbor Vitæ, American Juniper, Norway Fir, all the different kinds of Linden, Silver Maple, Silvery Maple, Red Flowering Maple, Yellow Flowering Maple, English Elm, White Elm, Slippery Elm, Silvery Abele, Chinese Ailanthus, Tulip tree, Black Ash, Balsam Poplar, European Mountain Ash, Horse Chesnut, White Flowering Horse Chesnut, Prickly Ash, Osage Orange, low growing Quakin Aspin, &c. All his trees are in the best state of cultivation, flourishing, and in the most healthful condition. Great care has been taken in selecting the most choice varieties of fruit from the most popular Nurseries in the Union, and such as is best adapted to our soil and climate. Identity is strictly preserved.* As each department of the Nursery is under the immediate direction and supervision of the proprietor, all may rely upon each kind being true to name. He has some very choice new varieties of

APPLE,

this fall, obtained from Prince's Nursery, equalled by none he knows of in their season.

Farmers and all others look around, among others give US a call. If our trees and establishment be not equal, and a little over, to any other west of the Susquehanna, and our prices as low as those of any other regular establishment for trees of equal quality, do not buy from us.

The proprietor further offers

3,000 APPLE TREES,

engrafted on Crab stocks, the durability of which will exceed those worked upon the usual plan, at least 100 per centum; which fact is well established by all European and accredited to by our best American writers on fruit trees. The time for transplanting is from the middle of October till the frost sets in.

Buyers will be furnished with directions for planting, as much of their success depends on the proper management in planting their trees.

☞All orders and communications, post-paid, will be strictly attended to.
