THE RESERVE OF THE PARTY OF THE The New Court House.

We are informed that the contract for the ercetion of a new Court House, in this borough, was allotted by the County Commissioners on Saturday last, to Mosses, Bryan & Wilt, of Harrisburg. These gentlemen agree to erect a builddug, according to a plan submitted by them, for the round sum of \$40,000. This is perhaps a higher figure than the people of the county generally expected. We have not yet seen the plan, was quite a spirited competition for the contract, show property holders where to apply. large number of proposals submitted. Of the judgment exhibited by the Commissioners in are not sufficiently informed to speak.

The new edifice will be located in the South-West angle of the public square, obliquely in the rear of the old building. This situation is well calling him "verdant" - well we have no doubt if rear or the one number a mis cituation as well he will remove himself from the shade of that tall and tastefully chosen, and will highly improve he will remove himself from the shade of that tall the appearance of the square. It is rather early for such a suggestion, but we hope when the new building is completed there will be found public taste anough to order the enclosure of the several divisions of the square, and to have them cultivated in such a manner as shall befit the health and beauty of our borough. It is expected the new Court House will be completed for the April of Court in 1846

We believe, from some little inquiry, however, that in one of the cases supposed to be referred to, there was, soveral years since, a failure to settle his account on the part of a borough officer, by which he became indebted to the borough in the enormous amount of about fifteen dollars! This, however, we are informed, has been long since paid. Of the other case we know nothing. If the person alluded to desires to-relieve himself of the charge he can come forward and do so. We nover defend defaulters, whether Whig or Locofeco. Indeed, we lost a good subscriber for our too strict performance of duty in this respect a few weeks since.

But what an illustration of cool impudence does the above paragraph in the Volunteer afford !-One or two Whige happen to leave unsettled accounts of a few dollars, which they afterwards pay, and straightway they are held up to the public gaze as defaulters. These pleasant Pills possess powers to open all the natural d'ains of the system—viz; the Lungs, Kidneys, Skin and Bowels—hitherto unknown in the practice of Medicine; and so complete hasbeen their triumin over all other medicines, that many have been led to suppose they contain some powerful mineral; but upon—examination by Boctors, Chilton, Randolphy Huntingdon, and others; this supposition is at once proved to be groundless. Sold in New York; at the principal Office, 170 Grenwich street, and also by MYERS & HAVER-STICK, sole Agents for Carlielle.

Smiths Sugar Coated Pills. _AN OBSINATE CASE.

Bultimore, Feb. 13th, 1845.

Dr. H. W. Andrews.

Sir 1 - The hox of Dr. Smiths
Sugar Coated improved Indian Vegetable Pills I
mirchased of you, some two months past, I found in
their application to my son (of about 15 years of
age,) the most happy effect on the system. He had been for some years, year delicate in health, and
very much subject to fexer said obills, so minehao
as to create alarm for his inturé health? And for
two or three years we had to keep, him from school
the most of the time. I am now frank to acknowledge the complete reatofation of fits health, and a
fair prospect of its perminent empoyment.
