

CARRIAGE, J.A.

Wednesday Morning, April 30, 1845.

THE SABBATH.—The regular quarterly sermon on the institution and obligation of the Christian Sabbath, was understood to be preached by the Rev. Mr. Hoffman on next Sabbath evening, at the Second Presbyterian Church.

It is understood, that the other churches of the Borough will be closed on that occasion.

RAINS.—Several delightful rains have fallen within the last week, refreshing the thirsty earth and giving a rapid spring vegetation. A violent storm with thunder and lightning also occurred on Friday afternoon last, which continued for several hours with unusual severity.

These rains have given new life to nature, and the earth is again robed in beauty. The trees are almost in their full foliage—the fields are clothed in bright verdure—the air is sweet with perfume.

The flowers appear over and over, and the voice of the bird is heard in the land. On every side, in the gorgeous garb of Spring, is displayed the glory and beneficence of Providence.

"And all, save the spirit of man, is divine."

CONNECTION.—In our notice of the plan of the new Court House last week, we stated incidentally that the building would be seventy feet in front by ninety feet in depth.

We are also desired to correct our statement that the building would be fire proof throughout.

We are informed that only those rooms in which the money receipts are deposited, will be fire proof.

Our notice was written in haste, and the errors occurred from want of sufficient information.

The contractors for digging the cellars and laying the foundations of the new structure, "broke ground" on Monday morning last.

The contractors for the superstructure, having first obtained the requisite securities, will also commence operations immediately, and before many months therefor, the unsightly mass of ruin which now points out the spot where the old building stood, will disappear and a new and beautiful edifice rise up, which shall be a credit to this rich and ancient county and a striking embellishment to our Borough.

THESE DECLARATIONS.—The following statements make things perfectly clear in relation to the defalcations charged by the Volunteer on two of the Borough officers, and fully vindicate the character of two worthy citizens from the unjust aspersions of that paper.

Were are glad that Messrs. Greaver and Doyle have so promptly and fully met the slanderous charges, which were intended to destroy their reputation both as citizens and public officers. There is no man so thoroughly scorn as your public defaulter, and right glad are we that this last attempt to fasten such a crime upon the skirts of a Whig has so ignominiously failed.

We invite the attention of the Editor of the Volunteer to these statements.

THE HEARD AND REPORT.—Mr. Best's contribution of the Volunteer has stated that one of the appointments of the new Corporation is, "to have the streets laid out and the streets to be laid out."

It is a very singular thing, that the streets of this Borough, which have been laid out and the streets to be laid out, are not yet laid out.

THE PHILADELPHIA... The Philadelphia papers of yesterday contain further intelligence from Mexico, and letters from the Mexican Minister of Foreign Affairs.

He announces in the United States Minister (Mr. Shannon) that diplomatic relations between the two countries cannot be continued, and peremptorily gives our Minister notice to "quit."

The language of Mexico is plain, distinct and most dignified. It refuses to hear Mr. Shannon upon the question of Texas, notwithstanding that gentleman used a tone in his letter which was respectful, courteous, and conciliatory.

But Mexico has to do with the act of the Congress of the United States.
