### WHITE HALL NURSERY, CARLISLE, PA.

THE stock for transplanting FRUIT, and indeed all deciduous TREES of the hardy kinds, is that approaching. The reason for this preference for fall planting, is obvious; when trees are transplanted at that season, the earth becomes during the winter, properly settled about the roots, and they are ready to throw out fibres in the spring. The proprietor of the above establishment has, for this fall's market, the following trees, to wit:

**12,000 APPLE TREES,**
Comprising the choicest varieties;
**1,000 CHERRY TREES,**
*including all the most approved kinds.*
*Also a very choice collection of*
PEACH, PEAR, PLUM, & APRICOT
Trees, as well as a large assortment of
***Evergreen and Ornamental***
Trees, such as Balm of Gilead Fir, Arbor Vitæ American Juniper, Norway Fir, all the different kinds of Linden, Sugar Maple, Silvery Maple, Red Flowering Maple, Yellow Flowering Maple, English Elm, White Elm, Slippery Elm, Silvery Abele, Chinese Ailanthus, Tulip tree, Black Ash, Balsam Poplar, European Mountain Ash, Horse Chesnut, White Flowering Horse Chesnut, Prickly Ash, Osage Orange, low growing Quakin Aspin, &c. All his trees are in the best state of cultivation, flourishing, and in the most healthful condition. Great care has been taken in selecting the most choice varieties of fruit from the most popular Nurseries in the Union, and such as is best adapted to our soil and climate. Identity is strictly preserved. As each department of the Nursery is under the immediate direction and supervision of the proprietor, all may rely upon each kind being true to name. He has some very choice new varieties of

**APPLES,**

this fall, obtained from Prince's Nursery, equalled by none he knows of in their season.

Farmers and all others look around, among others give US a call. If our trees and establishment be not equal, and a little over, to any other west of the Susquehanna, and our prices as low as those of any other regular establishment for trees of equal quality, do not buy from us.

The propeietor further offers

**3,000 APPLE TREES,**

engrafted on Crab stocks, the durability of which will exceed those worked upon the usual plan at least 100 per centum; which fact is well established by all European, and acceeded to by our best American writers on fruit trees. The time for transplanting is from the middle of October till the frost sets in.

Buyers will be furnished with directions for planting, as much of their success depends on the proper management in planting their trees.

***All orders and communications, post-paid, will be strictly attended to.

### 1000 Persons in Philadelphia alone,

can testify to the wonderful efficacy of that powerful remedy, *THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA.* Read! Read! Astonishing cure of Chronic Bronchitis!

Philadelphia, May 23, 1844.

Mr. S. THOMPSON—Dear Sir. For more than four years past I had been dreadfully afflicted with an affection of the throat, which my physician pronounced Chronic Bronchitis, caused by repeated and neglected colds. The distress suffered is indescribable. My throat was litterally raw with violent coughing, so that blood would come from it; also great oppression, pain and tightness at the chest ann fever—in short all the usual pulmonary symptoms showed themselves, showed themselves, causing entire loss of necessary repose—my throat was leached and blistered over and over again. I made trial of every known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months since I made trial of your Compound Syrup of Tar and Wood Naptha, and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely removed the disease and restored me to perfect health, and I firmly believe I should not now be living, had it not been for your invaluable medicine. ### IT CANNOT BE DENIED

*(For Truth is Mighty) that*

DR. LEIDY'S SARSAPARILLA

Is the purest, strongest, and most efficacious of any other preparation of Sarsaparilla that is made. It is warranted to be stronger than 6 bottles of MOST others—stronger than four of SOME, and stronger than three of the STONGEST prepared by any other in the United States.

Dr. Leidy's Sarsaparilla is recommended by all respectable physicians in preference to any other. All who have ever used it, have derived more benefit from one bottle than three to ten of others; and those who, after having used other's preparations, without benefit, will use Dr. Leidy's, will soon be convinced (as thousands have already been) of the foregoing assertion.

The apparatus with which Dr. Leidy's extracts used in the preparation of Sarsaparilla as prepared is the only one in the United States imported by Dr. Leidy himself from the celebrated house of Pelletier & Caventou, in Paris, at a great expense, and is capable of extracting the medical virtues of Sarsaparilla and other roots, more effectually than by any other process.

*AS SEVERAL HUNDRED CERTIFICATES OF* remarkable cures, and recommendations from clergymen and physicians have been published from time to time published in different papers, it is our thought necessary to keep the public acquainted as to where Dr. Leidy's Sarsaparilla can be obtained in this city genuine, namely, at Dr. Leidy's Health Emporium, 101 north Second street, near Vine st. (sign of the Golden Eagle and Serpent.) Fred. Brown's James Boid's and Fred. Klett's Drug

### DARBY'S COMPOUND DEPURATIV SYRUP.

For the cure of Obstinate Eruptions of the Skin; Pimples or Pustules on the Face; Biles which arise from an impure habit of body; Scaly Eruptions; Pains in the Bones; Chronic Rheumatism; Tetter; Scrofula or King's Evil; White Swellings; Syphilitic Symptoms; and all disorders arising from an impure state of the blood, either by a long residence in a hot and unhealthy climate, the injudicious use of Mercury, &c.

This Medicine has frequently been found highly beneficial in Chronic Coughs, or Colds of long standing.

This Medicine has been extensively used in the United States with decided benefit in Scrofula, Mercurial diseases, and in all cases of an ulcerated character. As an alterative in the spring and fall seasons, it is unequalled. It possesses many advantages over the decoction, and is introduced as a preparation more portable, not liable to injury by long keeping, and better adapted to the use of persons travelling or residing abroad.

The proprietor begs leave to call attention to the following certificates, selected from a large number approving its efficacy:

READING, March 3, 1839.

This certifies that my wife Mrs. Deem, had for nearly eleven years suffered from a scrofulous eruption resembling tetter which ate deep holes in her face, neck and arms, the constant discharge of which destroyed her health, and frequently confined her for different periods to her bed, during which time her sufferings were very great. The best medical attendance was obtained, and all the known remedies were tried with but an alleviation of her complaint, which always returned with increased malignity.—Having lost all hopes of recovery, she had almost determined to give up the use of any other medicine, she was however by persuasion, induced to try *Oakeley's Depurative of Sarsaparilla*, the use of five bottles of which has removed the disease, and restored her to perfect health.

THOMAS DEEM,

opposite the depot, Reading, Pa.

This is to certify that my little son, about eight years old, had suffered for a long time from extensive sores on the right knee and leg, supposed to have been white swelling, which I found impossible to heal, even by the aid of the most respectable medical advice, until I was recommended to use Mr. Oakeley's Compound Syrup of Sarsaparilla, 8 bottles of which not only healed the sores, but perfectly restored the child's health, which had suffered much in consequence of this affection.

CATHARINE BINGEMAN,

7th, above Penn street, Reading.

The above case was presented to me both before and after the use of Mr. Oakeley's Syrup of Sarsaparilla, and I have no hesitation in believing that it was the agent of his restoration.

JOHN P. HIESTER, M D

DOUGLASSVILLE, April, 19, 1843,

Mr. Oakeley:—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect until recommended by Dr. Johnson, of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurativ Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction.—I have thought it my duty, and could you this certificate, that others who have a like affliction in the family may know where to obtain so valuable a medicine.—Yours, truly, A. D. LEAF.

Their composition is of a peculiar character, composed of Vegetable Extracts that are diuretic, sudorific, expectorant and cathartic, by which combination they are adapted to most forms of disease, and may be taken at all times, by young and old, robust and feeble, with perfect safety, without interfering with habits, occupation, or regular course of living.

They will, at all times, be found serviceable as a Purgative; cleansing the stomach and bowels, as well as a purifier of the blood and animal fluids, in addition to their other qualities; because, containing Sarsaparilla, and other valuable medical extracts in their composition, and which makes them preferable to all other Pills.

*More than* 1,000 *Cereificates*

have been published at various times of their efficacy in various diseases, and where all other medicines had failed; as the public must have read many of them, further publication of them is deemed unnecessary, on account of the great expense.

*More than* 100,000 *Boxes*

have been sold in Philadelphia alone, the past years thus showing that in the place where they are manufactured, they have a reputation, greater than any other pills—which arises from the fact that Dr. Leidy is well known at home as a regular Physician, and his pills are consequently employed with greater confidence than any other; in addition to their known efficacy.

*Let it be remembered*

'tis not the quantity of pills or other medicine you can get for the same money, is the best or cheapest—but the quality. Of cheap medicines or pills, you, of course, get the most; and you are induced to take the more under the impression if a little does good, more will do more good, and you make drug shops of your stomachs, causing oftentimes serious injury to yourselves for life.

Dr. Leidy's Blood Pills are composed of more expensive ingredients, and require more nicety and labor in their preparation than any other pills—the apparatus alone for preparing the extracts contained in his pills, costing over three thousand dollars.

Price 25 cents a box.

They are prepared only, and sold wholesale and Retail, at Dr. Leidy's Health Emporium, No. 191 North Second street below Vine st. Also by

### To the Public.

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA.

For the Prevention and Cure of

***Pulmonary Consumption.***

OF all diseases incident to our climate there is none so universal and at the same time so insidious and fatal as Consumption. In this country especially Pulmonary Consumption is emphatically a scourge, and in its resistless career sweeps o'er the land as a destroying Angel, laying low with relentless hand the strongest and fairest of our race! Hitherto all efforts to arrest this dread disease have proved in vain and till that secret within our power was at best the alleviation of suffering, rendering somewhat smoother the certain progress to the tomb!

This Compound Syrup of Tar is a combination heretofore unknown, exerting a power over the disease scarcely conceivable; having a specific action on the mucous tissue and at the same time bringing the whole system under its powerful influence it completely eradicates the cause of disease be it hereditary or otherwise; and thus by striking at the root of the complaint imparts tone to debilitated organs, affords repewed vigor to the general system and thus restores the patient to permanent health.

This invaluable medicine is put up in bottles, having the following words blown in the glass—Thompson's Compound Syrup of Tar for Consumption without which none is genuine.

Price 50 cents per bottle. Six bottles for $2,50.

FOR

**CONSUMPTION OF THE LUNGS**

*Affections of the Liver, Asthma, Bronchites, or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs and all affections of the Pulmonary Organs.*

NATURE'S OWN PRESCRIPTION

A compound Balsamic preparation of the *Prunus Virginiana* or Wild Cherry Bark," combined with the *Extract of Tar*, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

NO QUACKERY!!! NO DECEPTION.

In setting forth the virtues of this truly great medicine we have no desire to deceive those who are labouring under affliction, nor do we desire to eulogize it more, than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly or say too much in its favor.

Such, indeed, are the

SURPRISING VIRTUES.

Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stages of the disease termed "*Catarrhal Consumption,*" originating from *neglected* COLDS, it has been used with undeviating success and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone.—In that form of *Consumption* so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicine we have ever possessed.

**Dr. Steelling's Pulmonary Syrup**

*Contains the most extraordinary curative properties for Coughs, Colds, Consumption, Asthma, Spitting Blood, Croops Measles, Hoarseness, Difficulty of Breathing, Pains in the Breast, Side and all Diseases of the Pulmonary Organs.*

THIS remedy has been used, and its astonishing curative qualities testified to by many of the most respectable citizens of the United States. We do not—nay cannot, claim, nor does the BRAZEN FACED QUACK, infallibility for our medicines: but having tested the medicinal qualities of the "*Pulmonary Syrup,*" in an extensive and varied medical practice for many years, with remarkable success, we unhesitatingly pronounce it one of the very best Panacea's in the world for Pulmonary Diseases. A single trial will thoroughly satisfy any one that it is not one of the common Quack Nostrums of the day—but that it is a medicine of real value, worthy to be in every family. Its unprecedented low price is another strong recommendation; while other Cough or Pulmonary Medicines are selling for $1.00 and more, STILLING'S PULMONARY SYRUP, sells for only 50 cts. per bottle.

### MORE PROOF!!

TUCKERTON N J March 18, 1843.

THREE years ago in consequence of over-exertion in assisting to launch a boat, I ruptured a blood vessel in my lungs which was followed by profuse Spitting of Blood, and consequent debility so that I had to stop work. I procured the best medical treatment but the bleeding recurred very often accompanied with fever. In a short time a cough came on with great oppression, hectic fever and night sweats. Thus I went on gradually growing worse and I became completely discouraged, until about three months ago. I made trial of THOMPSON'S Compound Syrup of Tar, which I used gradually for nearly three months, during which time I gradually improved, and I now bear my testimony to its value, as the only medicine which benefited me, and has restored me to health.

### *Worms! Worms!*

IF parents knew the value and efficacy of Dr. Leidy's Patent Vegetable Worm Tea, they never would be without it in their families, as children are subject at all times to Worms.

Dr. Leidy's Worm Tea is composed of vegetables altogether, and may be given to children of all ages. Directions accompany each paper or package.

Children suffer much, of times, from so many things being given them for worms, without any effect. Much medicine, given to children, has a tendency to destroy their general health, and they are more or less delicate ever after.

To avoid the necessity of giving medicine unnecessarily when you are certain your children have worms give them at first Dr. Leidy's Worm Tea. It is all that is necessary.

Reference might be made to several hundred parents in Philadelphia city and county, of the efficacy of Dr. Leidy's Worm Tea. Try it and you will be convinced.

Price 12½ cents a small, and 25 cents a large package. Prepared only, and for sale, wholesale and Retail, at Dr. Leidy's Health Emporium, No. 191 North Second street, below Vine, (sign of the Golden Eagle and Serpent,) Philadelphia.
