The most skeptical may satisfy themselves as to the truth of the above, by a little inquiry in Philadelphia. The genuine article is prepared only by Dr. Swayne, whose office has been removed to N. W. corner of 8th and Race streets, Philada. The Balsam and other spurious articles of Wild Cherry has been sold out and re-sold out, and the proprietors are obliged to resort to Falsehood and Stratagemes om make their own out of it. The genuine article is pur up in plain style in aguare bottles, covered with a blue wrapper, with a yellow label with the proprietor's minature attached.

AN OBSINATE CASE.

Baltimore, Feb. 15th, 1845.

Dr. H. W. Andrews,

Sir 1 - The box of Dr. Smiths Sugar Coated improved Indian Vegetable Pills I purchased of you, some two months past, I found in their application to my son (of about 15 years of age,) the most happy effect on the system. He had been for some years, very delicate in health, and very much subject to fever and chills, so much so as to oreate alarm for his future health. And for two or three years we had to keep him from school the most of the time. I am own frank to askend the most of the time. I am now frank to a knowledge the complete restoration of his health and a fair prospect of its perminent enjoyment.

In setting forth the virtues of this truly great mode in the we have no desire to deceive those who are laboulting under affliction, nor do we desire to culogize it more than it justly deserves. Yet when we look around and see the wast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly or say too much in its favor.

Such, indeed, are the SURPRISING_VIRTUES.
