TO THE TAX-PAYERS OF CUMB'D CO. the 42nd-Section of the Act of 20th April 1844—
By the provisions of that Act, if the whole aftering of State-tax is paid to the State Treasurer, by any county, fifteen days prior to the 1st Acquet, in any year, such eightly is entitled to an abatement of 5 per cent on the amount so paid—but if the tax is not paid, when due and payable under the provisions of said Act, any individual or corporation shall pay six per cent interest thereon, until paid; and the same shall be a lein on the estate on which it is charged until fully paid and satisfed.

The importance and advantage of paying the tax prior to that time will be obvious to our citizens when it is known that the result will be to place in the county treasury about fifteen hundred dollars of the amount collected for State purposes. Under present streamstances when, our citizens will be subject to an increased county ax to meet the debt incurred in the erection of a Court House, the saving annually would materially decrease the tax re-

incurred in the erection of a Court House, the saving annually would materially decrease the tax required for county purposes—but should even a few of our tax payers defer payment till after the, 19th of July, the saving contemplated by the Act, to induce promptness in payment, wilthedefeated. We meradvised by the State Treasurer that the interest due in August and February next, will be paid if the several counties of our Commonwealth afterprompt in the payment of the State tax. We therefore hope that the citizens of this county will feel proud in ranking Cun berland with those counties of our Commonwealth which evince a determination that orenfer the faith and credit of Pennation that orenfer the same of the same of

may be
truly said,
that no one ha
ever been so successful in compounding a
medicine, which has done so
to relieve the human family, to rob
disease of its terrors, and to restore the
Invalid to health and comfort, as the larenor and Proprietor of that most deservedly non-Invalid to health and comfort, as the Inventor and Proprietor of that most deservedly popular family medicine Dr. Swayne's Compound Syrup of Will Cherry, and none has been so generally patronised by the Profession and others, both in this country and in Europe, nor has there ever been so great an effort in the short space of only six or seven years, to deceive the credulous and unthinking, by -putting-up-Nostrume of verious industrials, by various individuals, affixing 'the name of wild Cherry and as much of the name of original preparation as will screen them from the lash of the law, and one of the Impostors who putsout the common paregoric of the shop and eall it the Balsam of Wild Cherey has had the impudence to caution the public against the Original preparation;—Dr. Swayne's Compound Syrup of Wild Cherry, which is doing so nut h good in the world.

27 BEWARE OF SUCH IMPOSTERS O And purchase none but the original and only genuine article as prepared by Dr. Swayne, which is the only one compounded by a regular Physician, and arose from many years' close attention to the Practice of the Profession, and which lend to this great discovery. Thousands and tens of thousands of the best testimolials of the upparalleled success of Dr. Swayne's Compound Syrup of Wild Cherry for the cure of CONSUMPTION,

Bronchitis, Asthma, Whooping Cough, &c., were declared to the world years before any other preparation of Wild Cherry came out. The most skeptical may satisfy themselves as to the truth of the above, by a little inquiry in Philadelphia. The genuine article is prepared only by Dr. Swayne, whose office has been removed to N. W. corner, of 8th and Race streets, Philade. The Balsam-aid-other spuriousarticles of Wild Cherry has been sold out and re-sold out, and the proprietors are obliged to resort to Falsehood and Stratagem to make their own out of it. The genuine article is put up in plain style in square bottles, covered with a blue wrapper, with a yellow label with the proprietor's manufacture attached.
