My throat was litterally raw with violent coughing so that blood would come from it; also great oppression, pain and tightness at the chest ann fever—in short all the usual polimonary symptoms showed themselves, causing entire loss of necessary repose—my throat was leached and blistered over and over again. I made trial of every known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months since I made trial of your Compound of six physicians, and an extention await.
