GABELL & HUGHES

South 8th street, below Market St., Philadelphia, Agents for

LOWBER'S PATENT TIN PLATED

LEAD PIPE,

The attention of the trade and consumers is solicited to a perfect article of

TIN PLATED LEAD PIPE.

manufactured by an entirely new process, for which letters patent have been received, which plates the pipes on the inside with an even coat of pure mixed tin.

The advantages secured by rendering so soft and easily oxidated a metal as lead sweet and anti-corrosive, by plating with tin—at the same time giving it additional strength and preserving the cheapness of the former metal unimpaired—are too obvious to require comment.

Great perfection having been attained in the manufacture, the subscribers are enabled to offer this superior article at the price charged for common lead pipe.

All pipe sold by us is *warranted not to burst or split*, free from flaws, scales, or other imperfections perfectly uniform in thickness, and not surpassed in quality by that of any other manufacturer.

Also, Sheet Lead,

which we can recommend as superior to any other in the market, and which we will sell as low as any other can be procured for.

Specimens of the above Lead Pipe may be seen at GEORGE HECK'S Tin Shop in *Chambersburg* or at HENRY LUTZ'S in *Harrisburg*, who are the authorized Agents for its sale.

TO COLLECTORS AND TAX PAYERS!

THE recent payment of the State Tax by the Commissioners of Cumberland county, out of the funds in the County Treasury, renders it necessary to require immediate and prompt payment of the State and county taxes to enable the Commissioners to meet the current county expenses, and the payments becoming due under the contract for the erection of the Court-house.

Under the provisions of the Act of 29th April, 1844, if the State tax of any county be not paid to the State Treasurer before the 2d Tuesday in January in each year, the deficiency is required to be paid out of any money in the County Treasury and any State tax remaining unpaid by any individual or corporation after said tax is payable by the county to the Commonwealth, shall bear an interest of SIX PER CENT., and *be a lien on the estate on which it is charged*, till fully paid and satisfied.

From the foregoing it will be seen that although the State tax has been paid to the State Treasurer, every tax payer who does not pay the Collector before the 15th of January next, must be charged six per cent interest thereon till paid, which interest every Collector must calculate and collect from each individual named in his duplicate who does not pay his tax prior to that date, and said tax, together with the interest thereon, is made a lien on the real estate of the payer.

It is therefore hoped that every Collector and tax payer will see the importance and necessity of paying the whole tax charged in the duplicates, prior to the 15th of January next, to avoid the trouble and inconvenience of calculating and collecting interest on every individual tax, which must be done if not collected before that date.
